READY TO FIGHT FOR THEIR RIGHTS

British Women Suspect
Hoaxing by Men
Lawmakers.

London, Aug. 30.—That women have been deliberately hoaxed by men lawmakers is the deepening suspicion of feminist leaders in England. So strong is the feeling that a deputation representing the principal organizations of women throughout the country is to wait upon the Home Secretary to urge amendment of the Sex Disqualification Removal Act.

In the opening sentence of the act it is laid down that a person shall not be disqualified by sex or marriage from the exercise of any public function. It is now clear, say the feminists, that when ever it is challenged the act fails to secure sex equality. Its chief effect has been to enable women to sit on juries which, rightly or wrongly, is regarded by most English people as a penalty rather than a privilege of equal citizenship. Further, women have been admitted as lawyers, but this is because the legal societies have accepted the spirit of the act and have not chosen to challenge its letter. Apart from these points the act, according to its women critics, has signally failed in some vital particulars.

The act does not give women equality of opportunity in the Civil Service, and it does not safeguard the position of women public servants, as exemplified in the differentiation between men and women police when the plea of economy being necessary, most of the latter were dismissed. It does not secure women public servants from dismissal on account of marriage. It does not secure admission for women to the universities on equal terms with men, and it does not permit women, otherwise qualified, to sit in the House of Lords.

HER BABY SUFFERED WITH SUMMER COMPLAINT

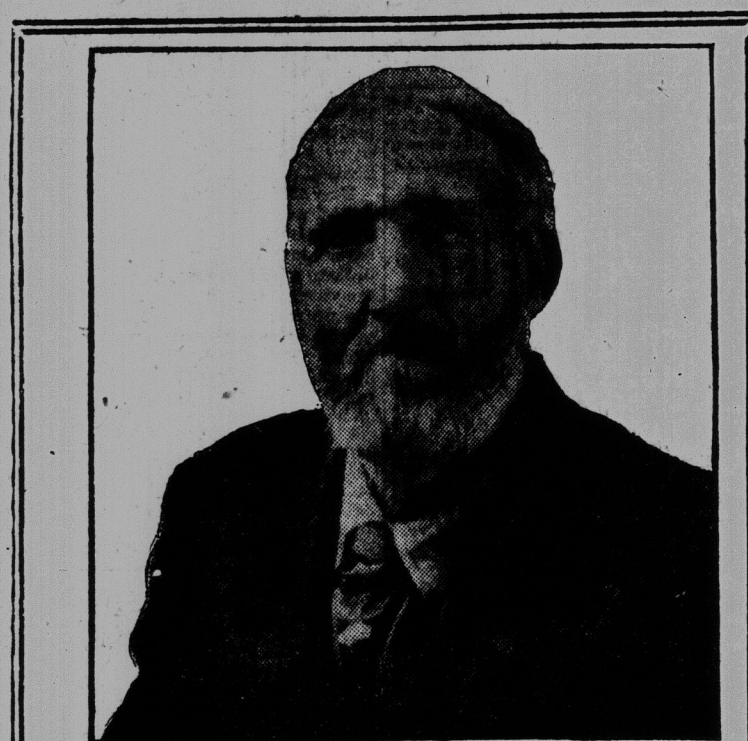

A fact mothers must face is that summer complaint with the prostration, often verging on collapse, which sometimes accompanies this disease, makes it one of the most serious and dangerous to contend with during the hot months.

Thousands of infants die annually whose lives could have no doubt been saved by the timely use of Dr. Fowler's Extract of Wild Strawberry, and it has been the experience of thousands of mothers during the past 78 years this valuable preparation has been on the market, that it is the safest and most effective remedy for use in all cases of looseness of the bowels.

Mrs. S. Lafontaine, Great Desert, Ont., writes:—"My baby, when a year old, was suffering with summer complaint. Two doctors attended him, but nothing would stop the vomiting and diarrhoea. A friend told me to try Dr. Fowler's Extract of Wild Strawberry and after the second dose the baby was better and I can say it saved my baby's life."

"I wouldn't be without a bottle of 'Dr. Fowler's' in the house for untold good."

Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

MR. CHARLES KEDDY HIS GREATEST FIND

Noted Prospector Crowns Interesting and Useful Career
With Discovery of Drecto.

Mr. Charles Keddy of Lake Ramsay, New Ross, Nova Scotia, great grandson of the founders of the city of Halifax and whose parents and grand-parents bore almost equally distinguished parts in the early development of the city, is himself famous all over Canada as a successful prospector and mineralogist.

He located the first tin ore in the solid in Canada and discovered radioactive ore in the solid but it is doubtful if any of these successes brought him greater personal satisfaction than his timely discovery of Drecto and a health builder.

Mr. Keddy, at 73 years of age found that years of hardship and exposure had told on even his robust constitution. "Today, thanks to Drecto, Mr. Keddy is again active and strong and straight as a flagstaff. He feels fit enough to break again the trails of his vigorous youth. Here is Mr. Keddy's statement:

"For a long time I suffered from rheumatism so bad that I could not work. My back ached terribly and I was almost bent double. I had pains in my knees and feet and every time I moved, my joints cracked. Some time ago I had an operation for an ulcer just below my knee and was in the hospital for two months. After that my troubles seemed to start. My stomach and kidneys were in bad shape and my bowels were irregular.

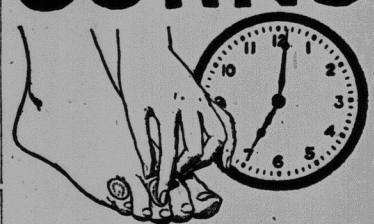

"Thank goodness, I have found Drecto. It has relieved my stomach and kidney trouble; I have no more rheumatism and walk perfectly straight. My bowels are regular and in fact I am a new man and feel extra fine for my 73 years. I cannot praise Drecto too highly. The results I obtained surprised me and I gladly recommend it to anyone. I feel much stronger in every way and have gained five pounds in weight."

Mr. Keddy's picture published here, shows him as a hale and hearty man. It will be welcome news to his many friends in mining circles to know of the benefits his latest discovery has given him.

Drecto is made from herbs, roots, bark and leaves that tone and regulate the entire system. It contains no mercury, potash or habit forming drugs.

Drecto is being specially introduced in St. John by Ross Drug Co., 100 King street; Moore's Drug Store, 105 Prince Edward street; F. W. Munro, 357 Main street, and in West St. John by Watson R. Dunlop. It is also sold in Fairville by T. H. Wilson, and by a good druggist everywhere.

CORNS

Stop their pain in one minute!

For quick lasting relief from corns, Dr. Scholl's Zino-pads stop the pain in one minute by removing the cause of irritation and pressure.

Zino-pads are thin, safe, antiseptic, healing, waterproof and cannot produce infection or any bad after-effects. Three sizes—for corns, callouses and bunions. Cost but a trifle. Get a box today at your druggist's or shoe dealer's.

Dr Scholl's Zino-pads

Put one on - the pain is gone

Disposal on account of marriage. It does not secure admission for women to the universities on equal terms with men, and it does not permit women, otherwise qualified, to sit in the House of Lords.

RICH NECKLACE LOST; SEARCH N. Y. STREET SWEEPINGS

New York, Aug. 30.—A necklace containing 101 pearls, valued at \$50,000 and owned by Mrs. Benedict Erstein, living at the Gotham Hotel, Fifth avenue and Fifty-fifth street, disappeared three weeks ago and has not been found. Search by inspectors of the street cleaning department through the city's sweepings have failed to bring the necklace to light. A reward of \$5,000 was offered for its return.

Neither the police nor Mr. Erstein, a silk dealer, would advance a theory as to when or how the pearls disappeared.

The pearls were of the finest quality and graduation, the largest weighing 12.4 grains. It was fastened with a marquise diamond clasp.

PALESTINE OAKS TO RIVAL "CEDARS OF LEBANON"

Will the "oaks of Palestine" come to be a term in common usage like the "cedars of Lebanon," of Biblical fame? Large numbers of trees are being planted throughout Palestine today by the Jewish National Fund. In 1918 there were 80,000 trees in the country, and now there are 787,000. About 80,000 of these are fruit-bearing; the rest are forest trees.

Some time ago a fund was started to establish a forest in memory of Theodor Herzl, founder of the Zionist movement, who predicted the creation of a new Jewish state. Instead of one forest, ten have been planted in his memory. Besides the new trees set out by the fund, an old forest at Nahal, fast dying out, has been cared for, and about 11,000 oaks have been restored to a healthy condition.

SCIENCE LINES IN GUARDING BANKS

Directors Recognize That
Safe Robber is Past
Master.

Chicago, Aug. 30.—The bank robber of today is a post graduate of the university of crookedness and his methods of cracking safes are improving just as other inventions or theories are being improved upon in the evolution of things.

This fact, according to the Illinois Bankers Association, has led to protective measures by banks that are based on the very latest and most scientific lines. The bankers, according to the association, have long since ceased to believe that any safe is impregnable to the fingers, acetylene torches or "soup" of the modern bank robber.

Accordingly the bankers, now are concerned with building safes that will give the robber the most trouble to open. When new vaults are constructed, they are built from the standpoint of how long it would take an expert safe cracker to enter them, rather than from a viewpoint of being absolutely impregnable.

What the bankers call "tin door safes" are safes with doors of one-half inch steel. Statistics show that these can be opened with an acetylene torch

BULLDOG SOLE LEATHER

Insist upon it for repairs
Demand it on your new shoes
Toughest Leather Ever Tanned

in 30 minutes. Therefore the association wants round or screw doors 31-2 inches in thickness.

In addition to keeping in touch with the construction of safes, the association has divided the state into ten districts, with an inspection department operating in each district. At regular intervals each bank is inspected with a view to improving its protective features.

PRESBYTERIAN ASSOCIATION.

A meeting of the executive of the New Brunswick Presbyterian Church Association was held last night in the lecture hall of Knox church with the president, Colonel Murray MacLaren, C. M. G., in the chair. Addresses were given by Rev. W. F. McConnell, of Knox church, Leamington, Ont., Dominion field secretary of the association, and Rev. F. J. McIntosh, of New Glasgow, provincial secretary. Mr. McConnell gave an encouraging report of the work of the association in other parts of Canada. He is an eloquent speaker and greatly inspired the St.

"SALADA"

WILL APPRECIATE YOUR VISIT—
to their tea room at the Exhibition. We will serve "Delicious Salada" to our guests, amidst delightful surroundings.

John members. A very gratifying report of the work of Miss Kate Campbell in organizing Women's Leagues on the North Shore was received with much appreciation. Mr. McConnell and Mr. McIntosh will be joined today by Rev. Robert Johnston, of New Glasgow, Maritime president of the association, and the three will proceed to Fredericton, where they will address a meeting in the Fraser Memorial Hall.

She—Do you remember when you were first struck by my beauty? He—I think so. Wasn't it at the masked ball?

\$5 NOW

Serves as First Payment on a

Ford

Car, Truck or Fordson Tractor

To those who feel that they cannot afford to make the first down payment on a Ford car, truck or tractor, the Ford Motor Company of Canada, Limited, has inaugurated a

WEEKLY PURCHASE PLAN

Your local Ford dealer has been authorized by us to accept \$5.00 down towards the payment of any Ford Model you may select. The balance can be then arranged in small weekly payments until such weekly payments, with the interest accumulated, amounts to approximately one-third the price of the model you order. The car,

truck or tractor will be then delivered to you and the balance outstanding paid in twelve equal monthly payments or forty-eight equal weekly instalments.

Enrollment cards are now in the hands of Ford dealers. Ask your Ford dealer for further particulars regarding the
