LOCAL NEWS

LIFE MEMBERSHIP.
The Ladies' Aid of Zion Methodist church, at a meeting in the schoolroom of the church on Tuesday evening, sent a certificate of life membership to Mrs. Charles T. Jones, as a token of good will and appreciation of the services rendered by her.

ENGAGEMENT.
Mr. and Mrs. L. H. Roberts, of this city, announce the engagement of their youngest daughter, Marian Eugenia, to Arthur George Walsingham Young, only son of Mr. and Mrs. A. G. Young, of Chatham, Eng., wedding to take place in England in the near future.

W. LUDLOW BELVEA.
The death of W. Ludlow Belvea, a well known resident of Brown's Flats, occurred at his home this morning, of heart failure. He leaves to mourn his wife, one daughter, three sons and seven grandchildren. The daughter is Mrs. John Locke, of Montreal. The sons are Mark, of Gagetown, Walter, of Edmundston, and Thane, at home. Many friends will be sorry to learn of his death.

WAS BORN HERE.
Word has been received in Fredericton of the death in Brooklyn of Mrs. Matilda Munro, widow of John Munro, of that city. She was a daughter of the late George and Catherine Walker, of the old Westmorland road, and was born in St. John. She is survived by two sisters, Mrs. Elizabeth Mitchell, of Dalhousie, and Mrs. Marie Kelly, of Seattle, Wash., and one brother, Joshua Walker, of Grand Falls.

TO BE NURSE.
Members of Mrs. MacLean's Sunday school class met at the depot on Monday evening to bid farewell to one of their number, Miss Margaret Giddals, who left for New York where she will enter a hospital for a three year training course. Before the departure of the train they presented to her an address and parting gift which she appreciated very much. Although her friends regret having her leave the city, all join in wishing her success in her new undertaking.

FINE PIECE OF WORK.
An excellent piece of cabinet work turned out of the men in the Memorial Shop is now in the mayor's office. It is a large case of oak and glass, built to cover the big Ross memorial trophy, which was won last year by Harry Gigg. The cabinet opens from the back and has an extension on which the trophy, mounted on an oak base with rollers attached, can be pulled out when removal is necessary, thus obviating the danger of damaging the case when the heavy cap is lifted from it. The mayor is justifiably proud of the workmanship exhibited in the building of the cabinet.

WORK FOR MORE.
The public works department this afternoon added a few more men to the crew engaged in filling the gulley under the Newman brook bridge. About fifteen men are now on the job, spreading the shales and other refuse there over the concrete culvert, preparatory to the dumping of rock from the Shamrock grounds quarry. A few men are also engaged setting up drill in the rock cut on Lancaster street extension. Application was made at the mayor's office this morning for six men to go into the woods to cut lumber. The mayor said and room for five or six more at the Musquash wood cutting camp.

MENTORS' ASSOCIATION.
A fresh impetus was given to the work of the Mentors' Association last evening, when under the able leadership of Mr. Gregg, boys' work secretary, a course of instruction in Trail Ranger and Axis work was commenced. The good-sized audience of men deeply interested in boys and the boy problem was present, and, after enjoying an appetizing supper served by members of the Young Ladies' League, listened with keen interest to Mr. Gregg. The chair was occupied by A. H. Davies. It was with regret that the association heard a letter read from Mr. Davies tendering his resignation. As he will leave for Toronto today to take a course of missionary training at Wycliffe College, there was no alternative but to accept the resignation. While sorry to lose their able chairman, the Mentors' Association feel a thrill of pride at the decision taken by this young man.

LAST CAR CLUB.
The weekly meeting of the Last Car Club was held last evening at the home of Mr. and Mrs. Nickerson, 3171 street. In spite of the fact that the thermometer hovered around the zero mark, every member of the club was present, and all spent a most enjoyable evening. A whisky drive was held and the play at times was well received. The prizes were won by Mrs. Peatmann and Mr. Sibley. Dainty refreshments were served by the hostess after the games had been won and lost, after which an old-fashioned English sing song was participated in and enjoyed by all. A hearty vote of thanks was tendered to Mr. and Mrs. Nickerson for their hospitality. Auld Lang Syne was sung, and with many heartfelt wishes all round for a bright and prosperous new year the members departed to catch the last car.

COZZOLINO-ALLINGHAM.
A pretty wedding was solemnized in St. Peter's church at six o'clock this morning when Rev. Denis Coll, C.S.S.R. united in marriage Miss Mary Regina, youngest daughter of Mrs. Mary Allingham of this city, and James Thomas Cozzolino of Sydney, N. S. The bride, who was given away by her cousin, Louis A. Phillips, was becomingly attired in oriental blue chiffon velvet trimmed with silver lace, with hat to match, trimmed with ostrich, and a seal coat with heavier trimmings, and carrying a bridal bouquet of Ophelia roses. She was attended by her sister, Miss Alice Allingham, who wore a pretty dress of navy blue satin, embroidered and hat to match, trimmed with ostrich, and carried a bouquet of carnations. Arthur H. Phillips was groomsmen. Immediately after the ceremony Mr. and Mrs. Cozzolino left for Sydney to be present at the marriage of Miss Regina Cozzolino. They were the recipients of many beautiful gifts including a handsome silver service from the manager and staff of the Bank of Nova Scotia where the bride was formerly employed.

LOCATING BIG TRACK ON LAKE

Engineers on Job for Skating Championships.

Eight Lap Track 45 Feet Wide, Then a Ten Foot Space, All Encircled by a Good Stout Fence—Keen Interest in the Meet.

Today the great oval upon which the Canadian outdoor skating championships will be contested on Lily Lake on January 18 and 19 is being definitely located and measured off by engineers. To meet the requirements of the championships, it will be an eight-lap track, once around for the 220-yard dash, twice for the 440, four times for the half mile, and so on. The skating track itself will be forty-five feet wide, which will give ample opportunity for the men to speed and swing at their will. Ten feet from the outer rim of the track will be erected a strong fence, inside of which no spectators will be allowed. This will ensure absolute freedom of the contestants from possible interference by excited spectators in the event of close finishes. To make assurance doubly sure the ten-foot space will be constantly patrolled by police and officials. It will also be learned with interest that the Y. M. C. I. physical committee, in the general interest of skaters and spectators alike, have determined that at this meet none other than officials shall have place inside the enclosure.

The Officials.
The physical committee has made up its list of officials, and they will be ready for announcement in a few days, being withheld only until replies of acceptance have been received from those invited to act. They will be found a highly competent body of men, who ought to handle the sports in a masterly manner. Many other matters of detail which are disposed of from night to night as the committee meets will also soon be given out. The outstanding idea in the mind of the committee is to conduct this meet in such a manner as will add new to St. John's reputation as a great sporting centre, and all things are being made to mesh up to that ambition.

The meet will be on two weeks from today, and the entries will be closed with W. E. Sterling, physical instructor of the Y. M. C. I., on Wednesday of next week. Already, as known, some of the big ones outside have entered, and other names are coming from day to day. Elimination races are to be held in Chicago within a few days, and the winners will determine the best men to send to St. John to contest here. The committee are anxious to see the local entries as soon as possible, and are daily on the lookout for contestants from maritime provinces points. Local men on entrance will be given a special consideration. The sporting offer of free use of his ice on the Carleton open-air rink for practice work. All those connected with the handling of these big sports, are keen in their enthusiasm over the expected size of the meet, and are leaving nothing undone to have everything well prepared for the coming of the skaters and for the accommodation of the spectators. When it is announced that Mr. Tebo is himself superintending the making of the ice on the great oval upon which the championships will be won and lost it will be viewed that a very important feature is in most competent hands. The races are arousing great interest, and it is hoped, with expectation that very great crowds will be at Lily Lake on the two days of the meet, January 18 and 19.

SIR JAS. M. BARRIE HAS A COUSIN HERE

D. B. Doig Named After the Author's Father—Reminiscences of "Thurms."

To one family in St. John the news that Sir James M. Barrie had been awarded the Order of Merit for services to literature was of more than ordinary interest. David B. Doig was named after Sir James Barrie's father, and is the author's cousin. He was born in Kenton, better known now as "Thurms," and came from there about 1878, when Sir James was yet a boy, sharing with his mother, Margaret Ogilvy Barrie, the dreams of literary success later to be achieved by him. Mr. Doig was himself a great favorite with Margaret Ogilvy, whom her son has immortalized in one of his books and who appears in some sense in all of them. Mr. Doig has a portrait of her, and pictures of the Barrie home, the Auld Licht Kirk and "a window in Thurms." He revisited his native place in 1899 and was asked to call upon his cousin, the author, who plied him with questions during a short interview. Mr. Doig describes Sir James as a most reserved man, immersed in his work, never caring to speak in public, and refusing resolutely to visit a photographer. A request once from Mr. Doig for a photograph brought only a letter, which was not at all easy to decipher.

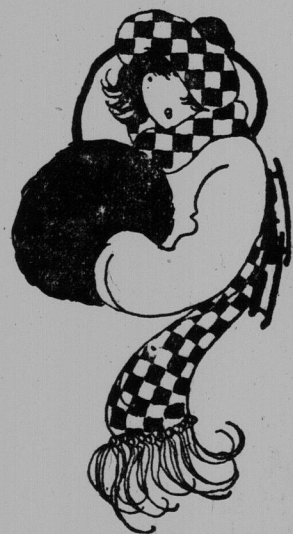

Sir James is now about sixty-four years of age. He has a brother, Alexander, who is an inspector of schools in Scotland. One reads with rare delight Sir James' story of Margaret Ogilvy and their life in the little town, his own literary ambitions, his break into newspaper work, and his discovery that the material for stories of universal interest were found in the quaint Scottish town of his birth. He tells us that his mother used to hide the first newspapers containing his "Thurms" delineations, lest the neighbors read them and be horrified thereat. Mr. Doig was well acquainted with some of the local characters described, and can tell rare anecdotes regarding them.

HYDRO MEETING.
Arrangements have been made for a further conference on hydro matters to be held in the mayor's office on Friday morning. Besides the mayor and commissioners, the meeting will be attended by Premier Foster and members of the New Brunswick Electric Power Commission, and R. A. Ross, consulting engineer for the city.
