THE NOVA SCOTIA HEALTH CARAVAN

(Halifax Chronicle).
The necessity for conserving human life as a national asset is being borne in upon every nation. And not only the conservation but the development of human resources is beginning to concern the whole people seriously. Public conditions are being adapted to this end. We are realizing that every child born to a country is a financial asset or a financial liability, and that it rests largely with the community which it becomes.
The unity of a whole nation is beginning to be understood in a better sense than ever before. No nation can rise higher as a nation than its people rise as a people and as individuals. Where there are thousands of individuals handicapped in the race of life by physical defects, many of them remediable, and all of them available if ignorance of causes can be done away with, there will be found a nation that cannot rise to its full stature of national manhood and intelligence. Such conditions must be changed.
Nova Scotia is seeing one of the fruits of that new determination to change conditions. In the sending out of the health caravans which will carry doctors, nurses and supplies both medical, surgical and dental into sections remote from much accessories to public health. Many a child grows up in ignorance or suffers from the unjust accusation of stupidity, delinquency or even feeble mindedness, when he is simply nearly blind, nearly deaf or suffering from adenoids and enlarged tonsils. The "caravans" will provide for examination, free advice, free treatment for children or adults suffering from these and other physical defects, and ailments which prevent them becoming wholly efficient members of the body politic. A new gospel of health will be preached to the people in all parts of the province, and moving picture films will be silent, effective preachers to support and sustain, and in many cases to make possible, the work of physicians and nurses.
The Red Cross Society, feeling that its work was by no means ended at the close of the war, is financing and conducting this truly wonderful adventure in the interests of public health, and many physicians and surgeons have given of their time and skill freely, that the good work may be successfully inaugurated. Such "caravans" as have left Halifax this week for all points east, rest, south and north in this province.

METAL TRADES COUNCIL

The formation of a metal trades council was favored at a meeting of the St. John Trades and Labor Council, and it was voted to call a meeting of organizations connected with the metal trades. President Campbell was in the chair. A communication was received from Mayor Schofield asking the council's opinion as to the free employment service of the Dominion government. The council endorsed the service. The members of the executive committee on the one-man car reported that in their opinion the car

EDUCATIONAL

IT PAYS

We have calls for office help every day that we cannot fill. At the present rate, we shall require at least one hundred young ladies during the next six months to supply the demand. It pays to attend the school whose graduates are in demand. Enroll now.

DAY OR EVENING.

Modern Business College Limited

The School for Superior Training.
St. John, N. B.

MORE THAN WERE FIRST EXPECTED TO BE IN CAMP

Applications Reaching Boy Scout Headquarters

Trinity Boys at Long Island

—Prescott McLean Wins First Artist Badge in This District — Dr. Robertson's Plans.

Applications are being received in rapid succession by headquarters for the Provincial camp on the Bellisle. It now appears likely, that a much larger number than was at first expected will be in camp after August 5. Owing to the absence of scoutmasters some boys have not as yet received the application forms and circulars. Any of these boys may secure them from headquarters either by mail or in person. It is the desire of the provincial officers that every scout in the province should have an opportunity to attend a camp this summer, and this opportunity is offered by the provincial camp. Any number may come from any troop and if there are sufficient they will camp as a troop, but if there are not enough for this they will be camped with another group. Final details are being attended to at present such as securing boats and all plans are maturing in excellent style.

Trinity troop is at present in camp on their favorite spot on Long Island in the Kennebecasis, and the Scouts are having a splendid time under the guidance of Rev. Mr. Loweth and Mr. Campbell. Even the damp weather of the last week failed in its attempt to lessen their enjoyment of the open, and it will be a healthy and strong group of scouts to return to the city on next Monday. Water sports, scouting games, and general athletics occupy the larger part of the time, although considerable stress has been placed on badge hunting. Some of the scouts have constructed excellent huts in connection with their Pioneer Badge and intend to sleep in them hereafter. Among those in camp are, Troop Leader Walsh; Patrol Leaders Johnston, Walsh, Scott, Peck (Hillsborough troop); Scouts, Whelpley, Skinner, Krant, Bishop, Brown, Cameron, McMurdo, Pritchard, Ring, V. Walsh, and Worth.

St. Jude's are again breaking into the lead. This time Prescott McLean has secured the first Artist Badge awarded in the district. The Artist Badge is one of the requirements:

1. Draw a cylindrical object and a rectangular object grouped together a little below the eye, and show light and shade.

2. Make and present a free-hand pencil or pen drawing of a bird or animal showing its values distribution of color, or draw in any medium a flower spray, or leaf-spray, or a camp scene.

3. Make a drawing of some example of historical ornament.

4. Make an original decorative arrangement in color, using any motif or state what use intended.

5. State the essentials of the reproduction process of etching, half-tone, engraving, and lithography.

Alternatives are allowed in architecture or sculpture. St. Jude's troop are now in a good position to issue a troop paper with Prescott to decorate it for them, as well as some others who are preparing for this badge.

The chief commissioner, Dr. Jas. W. Robertson hopes to be in this province next month and will probably inspect the provincial camp. Dr. Robertson was possibly the greatest scout force

THE BOY SCOUT.

that Canada had during the war and his decision to devote half of his time to scouting, now that his other duties are completed, is very much appreciated. It is a splendid tribute to the scout movement when such a man takes a very active interest in its welfare and progress.

Headquarters has at last been able to secure the book, Scout Tests and How to Pass Them. There has been such a demand for this book that it was completely out of print for a period and is now published again, revised and enlarged, dealing in detail with the requirements for each badge. A sample "pup" tent will also be an attraction at that office soon.

A delegation from Dominion Lodge No. 445, I. O. G. T., last evening called on J. Howe, 40 Main street, where a pleasant evening was spent in games and music. Refreshments were served by the ladies of the surprise party and just before the close, Mr. Howe was presented with a silver pin server.

Miss Alma Law, of the General Public Hospital, has been appointed operating room nurse at the Moncton hospital. Miss Law will go to Moncton August 1.

EDUCATIONAL

ACADIA UNIVERSITY

WOLFVILLE..... Nova Scotia.

Departments—
