## ADVENTURES OF THE TWINS

By Olive Roberts Burton

### A TRIP TO ENGLAND.

And the Twins beheld a lovely little fairy. The next night when Johnny Jump Up, the garden fairy, awakened the Twins and the three of them had climbed down the rose vine into the magic garden, the little fairy skipped over to a patch of yellow flowers and stopped.

"Do you know what these are?" he asked.

"Sort of," said Nancy. "I've seen something like them before."

"These are English primroses," said Johnny Jump Up. "In America primroses are pink and purple, but in England they are yellow, and come out early in the spring."

"Why don't you let them see for themselves?" said a silvery voice.

## Guard Your Mouth

Let WRIGLEY'S be the guardian of your mouth and throat.

It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay.

It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach.

It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia.

Read from a widely known medical work:

"Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsia. Good chewing gum is excellent for bad digestion."

Four brands—different flavors—all made from best ingredients obtainable.

Sealed in its purity package—fresh, clean and full flavored.

So we say, after every meal

## VOCATIONAL SCHOOL COMMITTEE NAMED

A vocational committee of seven for the city of St. John was appointed at a special meeting of the Board of School Trustees yesterday afternoon. The Trades and Labor Council having asked the appointment of George P. Hennessy as the representative of employees, this appointment was agreed to. Alexander Wilson was appointed to represent employers. Others named were Mrs. E. B. Taylor, representing home making, and Hon. H. A. McKeown, Thomas Nagle, G. H. Green and A. A. McIntyre representing the School Board.

Mr. Justice McKeown, chairman of the School Board, presided. Others present were: Trustees, Mrs. E. B. Taylor, G. H. Green, A. A. McIntyre, Mrs. D. P. Chisholm, E. R. W. Ingraham, H. A. Porter and S. W. Palmer. S. A. Worrell, acting city superintendent of education, and A. Gordon Leavitt, secretary.

Judge McKeown, in reply to Mr. Palmer, said although the approval of the Provincial Vocational Board and Board of Education had been secured, and the people had voiced their sentiments in a plebiscite, the formal consent of the City Council and Provincial Government had not been given. The vocational committee's first task would be to approach these two bodies. The plebiscite figures were 2812 in favor and 2292 against. There was to be a Government grant given for all work on the building completed before July 1, 1925, but the Government grant for teachers' salaries was not limited as to time. The Board of School Trustees must approve the vocational education budget, but all administration would be in the hands of the vocational committee.

## JUNIOR PUPILS GIVE RECITAL

The junior piano pupils of Miss Muriel McIntyre gave a successful recital yesterday afternoon in the Orange hall, Germain street. The technique of all was excellent and the expression remarkable in many of the young players, all of whom were under 13 years of age. The beginners, who made up the first of the three groups had never played in public before and most of them were not more than seven or eight years of age. They played with confidence, because they knew their work.

The attention of the audience, which filled the room, was not one of mere courtesy but of real interest in a good performance. Those taking part numbered thirty and were as follows:

Class II.—Jennette Powers, Charlotte Fisher, Georgina Earle, Jean Harrison, Bert Dean, Rupert Haley, Marjorie McPhail, Mary Hart and Jean Linton.

Class III.—Grace Fairweather, Marion McLean, Purdy Gregg, Phyllis Olmstead, Kenneth Fisher, Angeline Gregory and Jean Stanton.

CARS DAMAGED.

A car, No. 3112, owned by B. Purdy and another car No. 18661 owned by Peter Dolan, collided head on at the corner of Waterloo street and Hay-

market Square at 9:50 last night. The Purdy car was proceeding down the hill and the Dolan car was making for the hill. The Purdy car was badly damaged and had to be towed away, while the Dolan car, although damaged, proceeded on its own power.

## Some Families Are Never Ill

Fortunate are the children whose parents fully realize the seriousness of constipation. Hospital records prove that 75 per cent of all disease originates in bowel obstruction, or constipation. Young children cry because of it; school children are hampered in their studies; grown people are made 25 per cent less efficient; elderly people's blood pressure increases 25 per cent. Clara M. Smith, Big Valley, Alberta, recommends Dr. Caldwell's Laxative Syrup Pepsin for all, and especially for children and old folk; Mrs. James Dail, Mary Hill, Hazel Valls and Audrey Folkins.
