Pratt and Lavan Get \$5,400.

St. Louis, April 9—Derrill Pratt and John Lavan, former members of the St. Louis Americans, who compromised their \$50,000 damage suits against Phil Ball, president of the St. Louis club, received \$5,400 in settlement, according to information obtained here today.

Ball today said that the settlement did not cost him a cent, and sporting men concluded from this statement that the American League had footed the bill.

BILLIARDS Why Hoppe Wants Side Bet.

The reason Willie Hoppe demands a \$2,500 side bet to play Walker Cochran in defense of his 18.2 balk-line title is because he believes a championship match will cost him that much in money and time lost in exhibitions.

Hoppe, under the management of R. B. Benjamin, an Englishman, has done well this year in exhibitions. He and Charlie Peterson, the world champion fancy billiardist, have toured from coast to coast and peeled off thousands of dollars.

In explaining Hoppe's reason for demanding a side bet, which Cochran's followers say is unreasonable, Manager Benjamin says:

'Willie is making something like \$50,000 a year regularly, and his tours cover a period of eight months. He would have to cancel some of his engagements if he were to play in that New York match, and what would he get? Probably a silver cup, and no more. He would draw the crowds, but there would be no profit. It is a matter of business, and if any aspirant wishes to play for the title let him put up a substantial side bet of not less than \$2,500 and the match will be put on. Hoppe is not afraid to risk his title, but he must have something to play for. Can you imagine Jess Willard boxing Fred Fulton for a loving cup?'

WHO IS BOLD ENOUGH TO ANSWER THIS QUESTION? If you were a beautiful young woman and your first husband had been a dashing army officer who had died a hero; and your second husband was an old man of title and wealth, but stupid and conceited, whom you had married in a moment of weakness; and you found your love for your dead husband growing stronger and stronger, until you could not bear the presence of your second husband; and, to complicate matters, if your first husband's best friend fell in love with you,—what would you do?
