

A McCOLL, Vittoria : I was troubled with liver complaint and constipation so that I had to take quantities of pills with only temporary benefit. I used two bottles of PARKE'S LIVER CURE, and am now quite regular and feel in good health. I have not felt so well in years.

JOHN GILBERT, 105 Rebecca St., says : I had liver trouble and pains in the back and legs, and generally out of order. Before I had taken half a bottle I felt quite well. I find it a very valuable medicine.

WM. MCCREADY, 117 Macaulay St. East, says : This is to certify that I have used PARKE'S LIVER CURE for indigestion, and one bottle cured me of the trouble. I will never be without it in the house.

THOS. E. SMITH, Mt. Albion, says : I have been sick ever since harvest until I got a bottle of PARKE'S LIVER CURE. For two months at least I didn't sleep in bed. I was doctored for heart disease, and again for bronchitis, but received no benefit. One half the bottle has made me feel quite well. In fact, after taking a few doses it gave me such relief that I have been able to sleep in bed ever since.

WM. WHITWELL, Binbrook, says : I had indigestion very bad, with pains in the stomach, both before and after meals. I suffered for over three months, trying different kinds of medicines, and found them of no benefit. At night I couldn't rest or sleep half the time I should. After taking one small bottle of PARKE'S LIVER CURE I am now quite well, and can eat anything I fancy without distressing me, and I sleep like a top.

H. C. LAND, Bronte, says : Indigestion and bad stomach has made my life miserable or the past four years. I was so bad that I often had to get off the binder and lie across the sheaves for an hour at a time. I took nearly two bottles of PARKE'S LIVER CURE and now feel well and able to eat my meals regularly, and feel like working and living. For months at a time I couldn't eat a meal with any satisfaction, and now I can eat a meal and relish it.

This last summer I suffered terribly with indigestion and pain in the back. I couldn't describe what I suffered from the pain. I was afraid to go out in the buggy for a drive. I couldn't sleep at night, and was in misery all the time. I often thought that I couldn't live with the pain. I took half a bottle of PARKE'S LIVER CURE, and have not had any return of the pains yet. I am very thankful, and I recommend it whenever I can.

MRS. JOHN NELLIGAN, Millgrove.

MRS. W. McDERMID, Ancaster, says : Last spring I used one bottle of PARKE'S LIVER CURE for a run-down state of the system and a weak back. As a result I have felt much better this summer than I have for years. I can recommend it very highly.

DYSPEPSIA FOR FIFTEEN YEARS.

I was troubled with dyspepsia for fifteen years, and have tried almost every known remedy and have found nothing to equal PARKE'S LIVER CURE. I feel almost as well as ever, and can eat almost every thing.

Appleby, Feb. 18th, 1896.

MOSES ATKINSON.

NOT SAFE TO BE WITHOUT IT.

After trying a number of other remedies, about one year ago I got a bottle of PARKE'S LIVER CURE, which proved its value. I have ever since kept it in the house. My wife thinks that she would not be safe without it. When my stomach is all out of order I take a dose of it. I have recommended it to others, and they have found it just as I did.

Winona, Oct. 10th, 1896.
