ST JOHN. [From the Dominion Churchman.] The movement in England in favor of free and open churches—that is, in or free and open churches—that is, in opposition to pew rents and churches closed nearly all the week, is making considerable progress both in England and Scotland. These, among other arguments, are employed with success against the system of pew rents; a barbarous and unchristian system, which we rejoice to find is fast dying out not only among all sound Churchmen in this Dominion, but also in the Mother Country.

Douglasfield School Examination. To the Editor of the Miramichi Advance.

SIR:-The semi annual examination of the Douglasfield School, District No. 6, took place on Tuesday, 30th April. The three trustees were present but the number of visitors was small. The pupils were xamined in Reading, Spelling and Dictation, Grammar and Analysis, Geography, History and Arithmetic-Mental and written. A Spelling contest followed by twelve of the pupils—each one who missed a word taking his or her seat, and the Sadie Brehaut and Master James Baldwin. number was finally reduced to two-Miss These were nearly evenly matched; however, Master Baldwin came off victor.

Miss Nellie Burns has been teaching in nanner in which the pupils have progress ed, and the general satisfaction, I think the settlement has been fortunate in procuring the services of so efficient a Anon.
