DOMINION PARLIAMENT.

The Debate on the Address Commenced Yesterday Afternoon.

Sir Charles Tupper Speaks at Some Length and the Premier Replies.

The Sussex Camp—Col. Tucker's Mistake—Foster Has a Collision While Bicycling.

Ottawa, Aug. 24.—The galleries were crowded this afternoon when the house opened, the attraction being the debate on the address.

The preliminary proceedings were of more than ordinary interest. Replying to Mr. Cameron, Hon. Mr. Davies said the government had no exact knowledge that the captain of the Bayfield and Petrel had worked for the conservative party in the recent elections.

Replying to Mr. Cameron, the premier said the government did not intend to touch the franchise act this session unless the session was unduly prolonged.

Replying to Mr. Langelier, Sir Richard Cartwright said no tenders for the St. Lawrence railway service had been received that complied with the conditions and that the subject was yet receiving the government's consideration.

Replying to Mr. Kaulbach, Hon. Mr. Davies said the government did not intend this session to do anything to encourage the fishery industry by bounty or otherwise.

To the same member Hon. Mr. Fielding replied that it was not the government's intention to place Indian corn on the free list or to admit cornmeal free, or to touch the tariff at all this session.

Sir Charles Tupper tried to extract an exact answer from the premier whether he intended to place Indian corn on the free list or to admit cornmeal free, or to touch the tariff at all this session.

Mr. McInnes of British Columbia, who moved the address, proved himself a boy orator of the Bryan type. Departing from the usage of parliament he delivered a fiery harangue of the wild western type. He accused the late government of dragging the country to the very verge of civil war over the Manitoba school question and eulogized the present cabinet as the ablest and purest ever brought together in Canada. The galleries heartily enjoyed the young man's exhibition of intense partisanship and his florid praise of British Columbia's natural beauties.

Mr. Levesque of Gaspé seconded the address, speaking in French. He possesses a fine presence and has all the graces of a practical speaker. His speech was well received and drew forth hearty applause from the liberal benches.

Mr. Lemieux concluded his speech in English, with which language he seemed to be as much at home as French.

Sir Charles Tupper rose at 4:45 and had the floor when the house took recess at six o'clock. He was in fine voice and held the close attention of the members. After the usual compliments to the mover and seconder of the address, Sir Charles went on to the political history of the country since 1878 to show that the electorate had steadfastly upheld the national policy and that had protection versus free trade been the issue at the late election, Mr. Laurier would have remained in the cold shades of opposition. He quoted Mr. Laurier's utterances on the Manitoba school question during the late campaign with great effect, exposing the duplicity of the "free-trade leader."

Mr. Tupper was talking one way in Ontario and another way in Quebec. "Cheer after cheer greeted Sir Charles as he indignantly tones he repudiated Mr. Laurier's charge that he had appealed to race and religious prejudices during the June contest, and pointed to the record of forty years of public life as a standing rebuttal of such a base slander."

Resuming after recess Sir Charles frankly admitted that he had little to say of importance to the Manitoba school question than experience had since warranted, and then keenly criticised the government's illegal action in securing the issue of the government's general warrants for search of the mails.

general, Mr. Laurier spoke at some length in general terms on the Manitoba school question, but threw no more light on this question than he did on tariff reform.

Hon. Mr. Laurier concluded at 10:16, when Hon. Mr. Foster moved the adjournment of the debate.

Before the house rose Sir Charles Tupper and Hon. Mr. Laurier paid tributes to the memory of Senator McPherson, the latter also referring to the sudden death of Mr. Clarke, M. P. for North Grey.

NOTES. Hon. R. J. Ritchie and his son are among the visitors to the common gallery this afternoon.

The Eighth Hussars are to go into camp at Sussex September 29th. The 15th Field Battery, C. A., the Brighton Engineers and T. A. Battalion will drill at local headquarters at dates to be fixed.

Col. Tucker, who is not posted on house rules, thought he could walk to the house while a debate was going on with his hat upon his head. A roar of "Order, order," from a hundred throats called him down. The colonel, however, was equal to the occasion and took his medicine like a man.

Hon. Mr. Foster, while bicycling up to the house today ran over a dog with disastrous results to the canine. Mr. Foster was not hurt by the collision, but the trousers he had on are of no further use to him.

A conservative caucus has been called for Thursday morning at eleven o'clock.

YORK CO. A Law and Order League Organized at McAdam.

McAdam Junction, Aug. 24.—Frank Nelson has completed his new dwelling house. It stands near the St. Stephen track and close to the residence lately erected for Dell Robinson. The work was done by Mr. Perkins of Vancouber and the building cost about \$600. Jeremiah Sullivan is going to erect a new dwelling 29 ft. by 24 ft., with an ell 12 ft. by 14 ft. Work will be begun very soon.

Last Sunday evening the junior league of McAdam held an ice cream social, which was much enjoyed by the little ones. This league includes a large number of children in its membership, who take a pledge against using intoxicants, tobacco and profane language. Mrs. W. H. Seeger is president and Mrs. J. W. Hoyt is treasurer of the new society.

A home protective association or a law and order league was organized in Vancouber last week for the purpose of enforcing the temperance laws. Six persons, a president, secretary and chairman and an executive committee of three were appointed to act in the matter. Measures are also threatened against gambling and other illegal practices carried on there.

Rev. Mr. Merlam, through whose efforts this agitation was worked up, will leave Vancouber in September for another station.

CARLETON CO. Epidemic of Typhoid Fever—Improvements at Hartland.

Hartland, Aug. 22.—Yesterday morning Mrs. Stueler Campbell, wife of the well known millman of that name, died after a short illness. Mr. Campbell has been remarkably unfortunate with his family, having lost two wives, and out of a large family of children only one survives.

An epidemic of typhoid fever has made its appearance. John Gillin, a young man of this village, is stricken; and a young lady from Waterville, who has been stopping with Mrs. C. Campbell, is dying.

W. Y. Ross has a fine large building near completion. When finished the upper stories will be utilized as a hotel, having been rented to C. E. Leskey. Wm. McAdam is fitting up his blacksmith shop. Mr. McAdam has rented the Mathison shop and therein carries on a smith business. Elissa Shaw has rented John Murdoch's smithy. The Misses Thornton, milliners, will soon move into the new building and L. J. Dickson, a barber, will take the premises vacated by the Misses Thornton. Mr. Hurst, foreman in the woodworking factory, has begun the erection of a new house.

Harvesting is getting well along. Several farmers have got through.
