A lady who is spoken of as the greatest interpreter of Scottish song ever heard in New Brunswick, in Miss Lena Duthie, who has recently given a series of concerts on the North Shore. Miss Duthie has a carefully trained soprano voice, and has won great praise for her sympathetic rendering of various well known songs. One concert was given at Stanley under the patronage of Camp McFarlane, S. D. S., of that place. Miss Duthie was assisted by Piper W. H. Ross, of St. John, who sang with her in several duets, gave selections on the pipes, and danced the Highland fling. The same concert was given with equal success, at Campbellton a few evenings later.

**WESTFIELD RACES**  
Course Changed for the Motor Boats—  
Another Effort to Find the Lalla Rookh

The motor boat race at Westfield, which was to have been held on Wednesday evening, has been postponed until Thursday evening. This is owing to the fact that on Wednesday a general effort will be made by all the residents of the district to locate the sunken Warwick yacht. The river will be dragged for as great a distance as it is possible to cover.

For the motor boat race, which is the second in the Toronto Junction cup series, the course has been changed. Instead of going over the whole salmon boat course, the lower half, from Westfield wharf to the Ononette buoy, will be used, and the competing boats will go around this twice. The change has been found necessary because of the shortness of the evenings, for in the dark the boats find difficulty in locating the buoy and cannot be well watched by the judges. There are currents in the upper Reach which are hard to judge in the dark.

The next salmon boat race will be held on Saturday, and the final on August 17th. These are to decide second and third places in the Dunn-Rothwell cup series, for prizes offered by J. A. Likely and by the Outing Association. The entries will be the same as in previous races.

**TOOK THE CLOTHES WHEN THE BOYS WERE SWIMMING**

There is a great deal of indignation among some of the residents of Duck Cove district over the action of one of the principal property holders of that place. The story is that a week ago last Sunday two little boys who live by the shore came down to point below McLaren's Beach and went in swimming. They were within sight of some of the summer cottages, but were a long distance away from them and in fact were only noticed by a few of the residents. The property owner in question is said to have gone over to where the boys were swimming and to have taken their clothes. They remained in the water until they were pretty tired and then found their way to some of the cottages where ladies gave them wraps to wear home. It is stated that the boys were doing no harm and that their presence was not objected to by other people. There were only ten or twelve years of age and had a perfect right to swim at that shore.

### ANOTHER DROWNING ON THE WASHADEMOAK LAKE

#### Eighteen Year Old Son of Daniel Starkey Met Death by Capsizing of an Overloaded Canoe—Second Drowning in Two Days

The eighteen year old son of Daniel Starkey, of Cady's, on the Washademoak, was drowned yesterday afternoon.

Accompanied by two other boys he got in a canoe and went to Starkey's mill for some lumber. They loaded the boat too heavily and on the return trip it capsized. The other two boys clambered to the bottom of the overturned canoe. Starkey was unable to swim to the canoe and sank before assistance arrived. The two boys clinging to the canoe shouted for help and a boat was sent out from shore. The survivors were brought in safely.

Grappling irons were procured and the bodies were soon recovered. The coroner, after viewing the body, decided that an inquest would be unnecessary.

The whole community was shocked at the sad occurrence. This is the second drowning accident in this vicinity in two days, the other victim being George Smith, who was drowned in the afternoon. Rev. Mr. Currie will preach the funeral service. In the morning he officiated at a similar service over the body of the other unfortunate young man, George Smith.

### FURS,--Season '07-'08

Preliminary Exhibit of Latest Models

**SEEMS A BIT PREVIOUS** to talk of furs for next winter, but it really is not. Furs being goods of limited quantity (not like garments that can be made up quickly to meet any demand), do not continue so very long as whole, complete and comprehensive stocks once the season of actual need arrives. The sale of a few dozen pieces of this neckwrap, or that muff soon robs the largest dealer of his boasted "unbroken lines," and some of the choicest items are snapped up as early as this date, when the chill and bluster of the Frost King are considered afar off. So today we are showing our first consignment of Stylish Furs for fall and winter—distinguished, uncommon, aristocratic apparel. Wide diversity of skins and some charming innovations in modelling.

Space limitations prevent a further mention, but ladies—or gentlemen—who have it in mind to invest when the proper season arrives, will find it particularly advantageous to effect their purchases now. Gift furs for early-autumn brides, or for that matter as Christmas remembrances, might well be selected now when the very cream of the new goods are opening.
