STRIKE IS NOW OVER IN TWO OF THE SAWMILLS

Employees of J. R. Warrar & Co. and J. E. Moore & Co. Return to Work this Morning—Understood Former Agreed to Ten per cent. Increase—Men Chose Wrong Time.

Two of the sawmills affected by the strike will resume work this morning when the men employed in the mills owned by J. R. Warrar and Co., and J. E. Moore and Co. will go back to work. It is understood that these men have accepted the 10 per cent. raise which they accepted. In the other mill, the Stetson, when asked by The Standard last evening to verify this, intimated that he could run his own business without assistance. However, it is understood that Mr. Warrar met his men yesterday morning and offered them the 10 per cent. raise which they accepted. In the other mill the condition remains the same, the men holding out for a 15 per cent. raise.

P. E. Sayre when asked last evening if his mill would be among those to resume work today, stated that the men had not announced their intention to do so. Mr. Sayre said that when the men struck they had made no demands, but when the news arrived that the Stetson, Cutler and Co. had refused to meet the increase demanded they had at once stopped work and left the property. The experience of the other millowners seems to have been the same, as the millmen in every case waited for the Stetson, Cutler and Co. to take the lead.

Yesterday afternoon and last evening the strikers congregated in groups around the street corners and discussed the situation. The feeling among them was that the increase would have

VALUABLE WORK DONE BY IMMIGRATION DEPT.

Efforts of Provincial Authorities Not Confined to Dumping New Settlers in St. John and Leaving Them to Shift for Themselves—Excellent Results Follow Comprehensive System of Work—Some Instances.

Some idea of the importance of the work of the Provincial Department of Immigration may be gathered from the fact that in the four and one half months of the current year 700 new settlers have been placed in positions in the province. Included in this number are a few men from the far west who have been attracted by the hope of sharing in the progress and prosperity which is everywhere confidently expected to follow upon the progressive policies inaugurated by the local government during the past four years.

If the provincial immigration department merely desired to make a showing in regard to the number of immigrants, it could no doubt dump thousands into St. John and leave them to shift for themselves, but an admirable feature of its work is that it finds positions for everybody brought out from Great Britain, and usually immigrants who reach here in the morning are sent away before night to the place secured for them, thus saving them the cost of even a night's lodging. Countrymen wishing to migrate to this province under guarantee of a position, have to fill up forms with detailed information about themselves, their occupation, family, etc., and these forms usually accompanied by a photograph of the intending immigrant, are sent to the superintendent in St. John, who arranges to find the positions needed as soon as possible.

The department thus assumes the responsibility of finding the immigrant the native farmer efficient and desirable help. That its efforts have been attended with success is shown by the general satisfaction of the farmers as well as the immigrants. Some of the immigrants brought out last year are renting farms and sending for their families this spring. Yesterday W. H. Smith arrived with his wife, two grown sons, and smaller children. Mr. Smith came here last fall and located at Jubilee. He is well pleased with the prospects here.

BLAME IT ALL ON THE WICKED TORIES

Borden Government Unoubtedly Responsible for Visit of Nefarious "German Spies" to the Loyalist City.

Tremendous was the excitement in the city yesterday when the terrible news that the German warship was a spy of the deepest dye was hurried broadcast by the patriotic Telegraph. Had the grey deceiver not speedily departed 'tis likely she would have been fringed in by the wave of coldness in the Anglo-German relations set in motion by the horrifying revelations of the Sherlock Holmes of the Telegraph. Mingled with indignation at the audacious duplicity of the Germans, was a feeling of fury at the failure of the proper officials to safeguard the secrets of Courtenay Bay and Fort Howe.

Immediately the Telegraph was on the street, Hon. Wm. Pugsley, his "Viking-like whiskers agitating the wind, hastened to the hanging garden of Fort Howe, summoned the trusty scribes, and allowed himself to be interviewed as follows:

"The Empire is in danger, and it behooves all good citizens to forget party. If I hadn't been for the search-lights of that great and powerful organ of public opinion, which always expresses my opinion, the esteemed Telegraph, we would never have known what a dire and dreadful calamity has befallen us.
