

# FOR AND ABOUT WOMEN

## Let's Talk It Over

What a Toronto member of the local Council of Women said when interviewed regarding their stand in voting for no dealing with women of Germany, according to the Toronto Telegram: "We feel more certain than ever that we should stand by our position in the local council. That Hamilton resolution will not affect our decision. We prefer to stand with our French sisters in regard to co-operating with the Germans now. Furthermore, we do not care to wait any longer for action. We do not believe we should wait for governments to form a league of nations. National councils of the women of the allies will suit us."

### ARE WE GRATEFUL?

It was suggested during the war that in addition to each prayer said by every British child night and morning, this one sentence should be added, "Thank God for the British Navy." Surely few days should pass in a seaport town like St. John with this lesson being impressed upon the children by their parents as well as by their teachers and the sight of a sailor should be the text for a simple talk upon what the fleet has saved us from. Line upon line, precept upon precept used to be a method of teaching that was perhaps over-emphasized, but the gratitude of the nation to those sailors whose watchword is duty, who will accept no personal thanks but who kept the seas free and decided us from invasion cannot be too strongly felt by this generation. Thanks to the merchant marine should be included for the great service rendered and the dangers faced for us.

## A SLUGGISH LIVER

CAUSED SEVERE HEADACHES

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons. Healthy bile in sufficient quantity is Nature's provision to secure regular action of the bowels, and when the liver is sluggish it is not working properly, and does not manufacture enough bile to thoroughly act on the bowels and carry off the waste products from the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in, followed by sick and bilious headaches, coated tongue, bad breath, heartburn, water brash, bad taste in the mouth in the morning, jaundice, floating specks before the eyes, etc.

Miss Dian Clark, Myer's Creek, Ont., writes: "I take pleasure in writing you concerning the good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but I got better after I had used a couple of vials of your pills."

Milburn's Laxa-Liver Pills gently unlock the secretion, clear away all waste and effete matter by acting directly on the liver, and make the bile pass through the bowels instead of allowing it to get into the blood.

Milburn's Laxa-Liver Pills are also a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel the lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach, or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

## AN ADJOURNMENT FOR TWO WEEKS

Hearing in the suit of the province against Hon. J. K. Fleming and W. B. Tennant was heard Saturday morning. Argument of the matter of law which the counsel for the defence claim should be adjudicated upon before the case comes to trial was heard.

Hon. J. B. M. Baxter, K. C., and M. G. Teed, K. C., representing the defendants, contended that no statute could be construed as having a retroactive effect, unless the language used clearly showed such intention, and further that in the Fleming case the allegations in the statement of claim alleged an agency, but did not allege any principal, and it was contended that as Fleming had no right to control for the province, he could not enter into any negotiations with Mr. Tennant in that respect, as the matter was in the hands of the Lieutenant-Governor-in-Council.

Hon. W. F. Jones, K. C., and Peter J. Hughes argued contra, and His Honor reserved his decision as to whether or not argument should be heard on these matters of law until the next hearing. Further applications in the Tennant case were also stood over. Adjournment was made for two weeks.
