

ENEMY SPY WORK WAS DETECTED

Asst. Chief of Protective League Tells Interesting Story.

Philadelphia, Jan. 10.—An interesting story of enemy spy work is told by Frank H. Gaskill, assistant chief of the Protective League, which rendered service during the war.

The organization, Mr. Gaskill relates, was responsible for the internment of a man caught spying out dangerous messages with a triphammer he was operating in a big industrial plant on the Delaware River. The messages were first detected by a telegraph operator in Palmyra, N. J. He caught the hammer spelling out:

"Troop ship moving tomorrow morning."

The telegrapher notified the government authorities who caught the triphammer operator signalling:

"Bald on fishing fleet complete surprise."

This was several hours before the news despatches brought word of the sinking of a fishing fleet by German submarines off New England. The triphammer expert was found to be a former telegraph operator. Mr. Gaskill said the mystery of where the operator got his news or to whom he was signalling was never solved.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. He is advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid, which is absorbed into the blood. It is the function of the kidneys to filter the uric acid from the blood and cast it out in the urine. When the kidneys are weak, the uric acid remains in the blood, and the result is rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. It is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effective lithia-water, drink which helps overcome uric acid and is beneficial to your kidneys as well.
