May Be Refused  
Amateur Cards

Half Dozen Hockey Players  
Who Joined Boston Team  
Are in Serious Trouble.

Montreal, Nov. 9.—Some half dozen Canadian amateur hockey players coming from Quebec and Ontario to New Brunswick, who have joined a Boston team called the Westminsters, will likely be refused their amateur cards and so will be unable to play there, is the announcement of W. R. Granger, president of the Canadian hockey association made here today. The Canadian body is affiliated with the United States Hockey Association and rulings here are effective on the other side of the border.

Three players from Hamilton, Ont., Tigers are stated to be booked for the Westminsters. They are Mac Smith, the crack defense man; Car Cooper, the forward; and Earl Rheame, the goal guardian. From the Port Colborne, Ont., team the Westminsters have secured Norman Shaw, a defense man, Moore, a goal tender from Toronto, is also said to be slated for the Westminsters.

From the Maritime Provinces there are stated to be Sherry and Whitford, stars of the Chatham, N. B., team last year. Phil Radolph who played defense for the Halifax Wanderers, is also said to be a candidate for the Westminsters' team.

Y. M. C. I. Senior  
Girls' League

The Y. M. C. I. Senior Girls Basketball League was opened last night when two interesting games were staged in the Y. M. C. I. gym. In the first match, Miss M. Floyd's team defeated Miss L. Flood's by a score of 20 to 0. In the second game, Miss H. Cowan's team won from Miss A. Cowan's by a score of 23 to 0. The games were refereed by W. E. Sterling.

Although the Y. M. C. I. Girls will not compete with outside teams this winter the schedule for an interesting inter-mural league has been prepared. Eight teams will feature in this league with two games scheduled for each Wednesday night. A trophy has been set up for competition and a good season of keenly contested matches is looked forward to.

Rugby Tourists  
Come To Canada

Vancouver, B. C., Nov. 7.—The Australian rugby team, now playing in the Northern Union series in England, will play a series of matches in Canada on its way home next spring. Dai Thomas, former Welsh international star, now resident in British Columbia, has been asked to arrange and manage the tour. He expects to stage a game each in Montreal, Winnipeg, Vancouver, Victoria, Seattle and possibly in Regina. The visitors will be opposed to local teams where the existence of professional players makes this possible. Elsewhere exhibition matches will be played, the Australians having enough men to make up two teams. It is understood that the Australians will leave England early in March.

MATHEWSON IS  
VERY GRATEFUL

Frederick C. Lieb, President of the Baseball Writers' Association of America, who acted as Chairman of the committee having in charge the Mathewson testimonial, has received from the one-time star pitcher a letter of appreciation in response to Lieb's not forwarding a \$50,000 cheque, the first installment of the proceeds of the testimonial.

"I have received your letter of Oct. 24. The size of the \$50,000 cheque that you enclosed ought to tighten away from me all the 'B. B.' bugs," said "Matty," and went on to tell how much he thought of the thoughtfulness of his one-time associates on the diamond.

PETER MANNING IS  
WONDERFUL TROTTER

Peter Manning, the great five-year-old gelding, has trotted the fastest mile ever recorded against time when he stopped the watch at the Lexington track in 1:57. This clip is a quarter off Uhlman's record made on the same track in 1912.

In 1912 the followers of the track were awestricken and couldn't conceive a horse travelling the oval faster than Uhlman. Then up came Peter Manning and equalled the trot of 1:58. And in his next try he shattered the mark. Will he be able to better his own time?

SPORTING NEWS GLEANED  
FROM THE BRITISH ISLES

London, Nov. 8.—Tottenham Hotspur, the cupholders of last year, received a shock on Saturday when playing Aston Villa. Before five minutes the latter team had registered a goal against their opponents.

The "Spurs" soon altered their tactics and won by three goals to one. It may be interesting to know that these two teams have contested one with another 19 times in cup and league battles and the "Spurs" have won four times to the Villa's 11.

Another record was broken this week; that of Plymouth Argyle, who had so far scored in every game but on Saturday were defeated by Luton Town 1-0. The game showed that the dash and spirit displayed by Gillingham and they won by 5-0.

A great surprise came to the 35,000 spectators at the match between Cardiff City and Middlesbrough. The former, who had so far not won a game, beat the latter who had not lost by 3-1. The game showed that Cardiff's losses were due more to bad luck than to poor football. Chelsea seems very weak this season, having scored only four goals in seven games.

## It's Goals They Want.

A correspondent points out that last season, with the exception of five clubs (two of whom have since been relegated to the second division) Chelsea scored fewer goals than any other first league team. In 12 games, in 1920-1921 they failed to score a single goal; in 20 matches one goal per game was scored; but then came 26 goals in 10 matches, bringing the full complement of goals for the season to 48.

## The Case of Andrew Wilson.

It would be interesting to know how many thousands of words have been written concerning the dismissal from the field of Andrew Wilson, in the Middlesbrough and "Spurs" match. Many critics have described Referee Howcroft's action as drastic, and state that a caution would have met the case. If, as alleged, Wilson kicked an opponent, his offense came under the heading of violent conduct, the penalty for which is dismissal from the field. Therefore, Mr. Howcroft would have been guilty of a dereliction of duty had he taken any other course. Whether Wilson's case is really bad is for the F. A. to decide after hearing the player's explanation.

## Half a Century of Cricket Bats.

England's oldest cricket bat maker has just died after serving "Kling Willow" for over 50 years. Mr. Frank Killick, although he was 79 years of age, was making bats for famous people to the hat in his tiny premises near the oval.

When he started this small home industry, cricket was just getting out of the "top-hat" stage, and he kept many serious roles of the game.

Nearly all the leading players required specimens of Killick's work. It was largely through his persuasion that "Bobby" Abel took to the game. The late Prince Christian Victor, as long ago as 1887, told Killick that he could always use his (the Prince's) bat as a reference.

Conner, the giant of the Australian XI in 1884, made his greatest hit in England with a Killick bat, and L. G. George Hackenschmidt.

"Barnyard Golf"  
Is Very Popular

One day last week South St. Marie, Ont., forgot business and turned its attention to "Barnyard Golf," a game of the shoes, played on a schedule of three entries. Merchants and Professionals men closed their doors and unearthen horse footwear, congregating at a provincial Queen street lot, and spending the afternoon in the old-fashioned sport. Wm. Moody and George Birchfield of the Steel plant winning. The tournament was promoted by the Saint Star, which has endeavored for the past month to create enthusiasm in the ancient sport. It now promises to be an annual event at least, and a cup will be presented for competition. It is believed that "Barnyard Golf" will be the popular game in the future.

## Parkin's Successor at Rochdale.

The announcement that Mortie, the fast bowler, had terminated his engagement with the Lancashire league club, Todmorden caused a mild sensation in Kent county circles. The fact that the boy county was short of a first-class bowler had no doubt reached even as far as Todmorden, and perhaps— But no, fastest advice as to the effect that Mortie, whose contract with his club was signed by Rochdale.

## Cricket Dismissal.

Mr. Warwick Armstrong, captain of the Australian cricket team, dismissals having given an official interview on the Australian tour for publication.

The statement attributed to Mr. Armstrong was that Australia won the Test because the English professionals were too much inclined to play for themselves rather than for the side.

## French Boxer Suspended.

As a result of their injury into the match between Balaizac and Battling Siki, a Senegalese boxer, the French commission had disqualified Balaizac for "unjustified abandonment," deprived him of his titles as French and European middleweight champion, and suspended him for three months.

A new competition for the French championship will be decided in the near future, and when his period of suspension has expired Balaizac is to have priority with regard to a match with the new title holder.

## Crique's Quick Win.

In a contest for the featherweight boxing championship of France, Eugene Crique, holder, defeated Gracel a few seconds after the start of the fight.

## A Film Athlete.

A somewhat versatile athlete is M. P. Adams, who quite recently faced death with the Northwest Expedition of Australia, and is now in London telling the story of his travels in front of "Australia's War Northwest" at the Philharmonic hall, W. Mr. Adams, like the late Louis de Rougemont, had ridden on a turtle, but his forte is running. He has won trophies for distances from 75 yards up to 30 miles. Some of his training was done at the side of a railway track, with local trains for his pacemakers. The many Australians who competed in Olympic games have passed through Mr. Adams' hands, and when in New Zealand he wrestled with George Hackenschmidt.

St. Paul Yacht Club  
To Race In Montreal

Montreal, Nov. 7.—Acceptance of the challenge issued by the Royal St. Lawrence Yacht Club for a series of races with two yachts of the White Bear Yacht Club of St. Paul, for the Royal St. Lawrence Challenger Cup, was read in a letter from officials of the American organization at the closing dinner of the season held by members of the Montreal club last week.

Two yachts from each club will compete here next August for the trophy which was won last summer by the challenging yacht from the White Bear Club.

The features of the prize presentations, which were made at the dinner, was the acceptance of the Ordway cup, donated by Commodore L. P. Ordway, of the White Bear Club, for the free-for-all race held following the International Regatta on Lake Saint Louis here last July, by the skipper of the Red Patch on behalf of the crew of the yacht, they having won the cup aboard the American "sloop" Freestooter, which they called to victory in the race.

## ST. ANDREWS CURLING CLUB

The annual meeting of the St. Andrews Curling Club was held Tuesday evening, at the club headquarters, Charlotte street. There was a large attendance of the members, and the reports by the club officers were very satisfactory. The club selected their seven curlers John White, honorary president, and H. H. Harvey president. The other officers are: C. P. Sanford, vice-president; C. H. Ferguson, secretary-treasurer, and F. W. Coombe, D. W. Leddham, W. K. Haley W. A. Lockhart, D. W. Fiddington and W. D. Tennant, directors.

Hanover, N. H., Nov. 7.—With the announcement here today that Jeff Tesreau, variety baseball coach; Earl J. Thomson, world's champion brier, and M. P. Merritt, former baseball captain, have been engaged to drill freshmen in their respective sports, prospects for first year athletes were bolstered up greatly.

Tesreau will take charge of fall baseball, while Merritt this fall will devote his attention to freshmen compulsory football and take charge of baseball in the spring, when Tesreau is busy with the variety diamond team.

J. K. L. Ross To Sell  
Three Fine Horses

J. K. L. Ross of Montreal, has decided to offer, at public auction, his 3-year-olds, Sun Turret and Harmonique, and the veteran sprinter, Marco Cop, a fleet son of Uncle and Xero. These horses, accordingly, will be added to the sale on November 10th, in the paddock of the Pimlico Course, that will be conducted by the Thoroughbred Sales Company, of which Charles F. Hill is general manager.

It would seem that Acadia does not attach much importance to Mount Allison's protest, and moreover is quite confident that it will defeat the Garnet and Gold at Sackville today, as they have made the proposal to U. N. B. that the two teams play off in Moncton on Saturday, Nov. 12.

## VETERAN JOCKEY DEAD.

Harry Lewis, ex-jockey, who claimed to have won three Queen's Plates for Joseph Seagram, of Toronto, and to have ridden in the Derby of 1890 for Lord Roseberry, died at Port Arthur, Ont., last week, aged 56 years. Lewis was born in Glasgow, and had followed horse racing since a youngster.

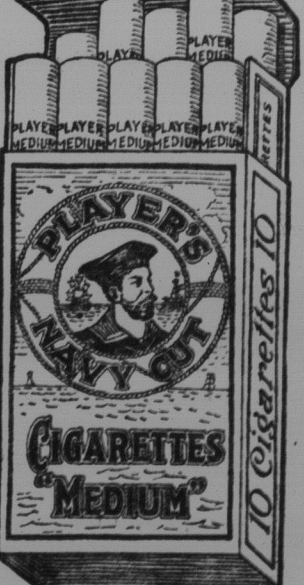

Increased Hitting  
Not Due To Ball

New York, Nov. 7.—"When I came here last summer to work at the Polo Grounds," said Amos Rusie the other day in that drawl of his, "and looked at the games for a few days the hard hitting had me guessing. I put it down to the lively ball I'd been hearing so much about.

"But now that the season's over," continued the one time king of pitchers, "I'm not so sure it was the ball. I'm pretty sure it wasn't. I'm not saying what I think it was, but I've seen a lot of pitching since then. I hadn't seen when I came here. Beyond that I'm not saying anything.

"I'm not saying anything beyond the fact that the pitching in the world series and how hard it was to make base hits convinced me that the ball didn't have anything to do with the hard hitting of the regular season.

"From the work done in the world series it looks to me as if the practice of giving a pitcher three days' rest between games isn't necessary. A pitcher ought to be able to go in two weeks, and if he's strong he ought to be able to work 48 or 50 games a season."
