By the discovered process of making "Fruit-a-tives," the bitter material in fruit juice is made to grow or increase and thus a stronger fruit extract is mixed with valuable tonics and antiseptics and made into tablets. The occasion was the opening of the patriotic fund campaign in St. John county, and a splendid mass meeting roundly applauded the speakers of the evening in a spontaneous and magnificent testimony of readiness to meet in full every demand on the community to aid in the great work of doing justice to the cause of empire, honor and welfare.

Councillor John O'Brien has been chosen chairman of the fund committee, Walter Ross treasurer, and S. M. Wetmore secretary.
