

REPORT.

The past year has been much like previous ones, as regards work for young men. The Association's influence has been for good among its members, and young men generally. The reports of Committees do not show any falling off in interest among those who have had charge of its affairs.

We have however met with a most serious loss in the removal of our dear brother and ardent fellow worker James B. Morrow. None knew him better than your President and we can only say at present his loss seems irreparable. His love for our Association was intense, and he had a warm affection for every member of it, and if any of them suffered, he suffered. We will miss him for years to come, but we can by following his example as a Christian man, and living his devoted life, join him in a more blessed Association which shall stand forever.

MISSION AND DEVOTIONS.

Advantage was taken of the arrival in this city of the deputation sent by the International Executive to the Maritime Provinces, and two or three addresses were delivered by them, which were listened to with profit. The Committee feel under obligation to the delegates—brethren Hall and Cree, for their visit.

The Gospel Meeting:—The same plan as adopted last year was pursued this, viz:—of holding Sunday afternoon services in the large Hall during the winter months, and in the Class-room during the summer, both of which were attended with the usual results.

The annual Week of Prayer was observed as heretofore, but a change was made in the mode of conducting the same—the meetings being placed in the hands of the chairman, without the additional aid of ministers to address. It being considered more in harmony with the object sought, thereby calling out more prayer on the part of the members, additional opportunity for doing so being thus afforded.
