FARM LOANS for SOLDIERS

Agricultural Training For Soldier Settlers

A SOLDIER is entitled to the benefits of the Soldier Settlement Act if he can satisfy the Agricultural Qualification Committee in his district that—

- He has performed the required military service;
- He is sincere in his intention to make farming his permanent occupation;
- He is physically capable and is fitted in general to make a success of the farming business.

If he is otherwise qualified, but has not had sufficient practical agricultural experience, the Committee may recommend that he be given agricultural training. A generous scale of allowances for soldiers in training has been adopted.

Training Centres For Soldier Settlers

The applicant who is recommended for instruction in agriculture may first be sent to a Training Centre, specially operated for the purpose, where he will learn, by practical experience, how to handle and feed horses and other live stock; milking; the operation of farm machinery, ploughing, etc.; general farm building work; farm blacksmithing; the different kinds of soil and rotation of crops; the selection and judging of live stock and the marketing of farm products. Short lectures on the business management of a farm will be given.

With A Selected Farmer

After the course at the Training Centre, the length of which depends on the progress of the individual but

will not exceed three months, the man is placed with a carefully selected farmer in the district in which he intends to settle, to complete his training. During this period (not exceeding one year), the soldier is visited from time to time by representatives of the Soldier Settlement Board, who check his progress and recommend when he is considered qualified to take up a farm of his own.

It will be evident that by this system of preliminary training the soldier settler will gain a thorough practical knowledge of farming without expense; will learn to appreciate the responsibility involved in the venture, and at the same time gain a clear conception of just what farm life means.

On His Own Farm

When a settler is deemed qualified by the Agricultural Qualification Committee, the Board will assist him to become established on a farm of his own, and will, through its Agricultural Advisers, continue to co-operate with him in his work, thereby ensuring his success and consequent ability to discharge his obligations and become permanently established.

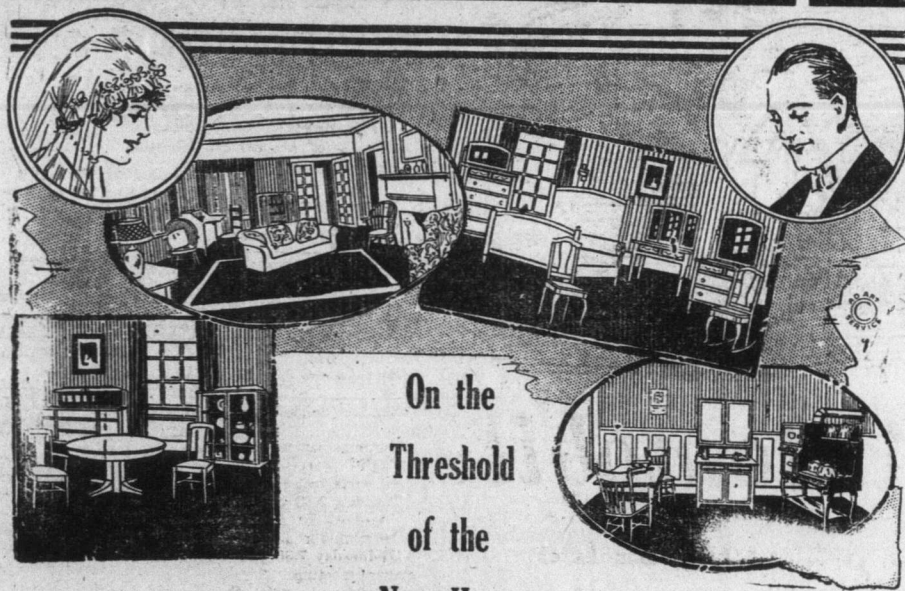

Fair To Both

The procedure outlined not only gives the soldier an opportunity of first becoming familiar with his environment and of acquiring the experience requisite to success, but ensures adding to the nation's fundamental industry only competent and satisfied producers.

Detailed information regarding the provisions of the Soldier Settlement Act and further particulars regarding agricultural training may be obtained from the Provincial Superintendent, 32 Adelaide Street East, Toronto, Ont.

On the
Threshold
of the
New Home

One of the First Questions

That has to be settled by the bride and groom is the furnishing of the New Home. June, that ideal romantic month when Mother Nature decks herself in her finest array, finds an echo in this store, and both bride and groom will find it a pleasure to choose the furnishings for their new home here.

Whether you spend a large or small amount of money you can spend it to advantage here. We have everything that is beautiful in the larger pieces, either full suites or single pieces—Bedroom, Parlor and Dining Room Suites. Also all sorts of minor furnishings at attractive prices, including everything for the Kitchen, not omitting Kitchen Cabinets and Refrigerators.

For Wedding Gifts

Friends of the bridal couple will find this an ideal store to select their wedding presents. There is no other gift as welcome as a piece or a set of fine furniture. A combination of charm and utility, and everlasting.

JOHN C. HETHERINGTON LIVES LIFE IN COURAGES ACT IN MAIN

HINGHAM, Maine, May 29.—While attempting to rescue his three-year-old niece, Beatrice Hetherington, late yesterday afternoon, John C. Hetherington, of Guelph, Ont., recently discharged from the Canadian military service, was drowned in the Canaan stream in this town.

The little girl, with a five-year-old companion, Bertha Hall, were playing near the stream and the Hetherington girl fell over the bank, her playmate immediately calling for help. The child's mother heard the cries and with her brother-in-law ran to the stream. Hetherington, with hesitation, jumped into the stream, but being unable to swim, quickly sank. The child was floating on the water near the shore and the mother, securing a pole with a hook in the end of it, caught hold of the child's dress, carefully pulling her ashore. Lying on the child on the ground Mrs. Hetherington then returned to assist her brother-in-law, but he did not come to the surface. The body being taken from the water about three quarters of an hour later. Hetherington, who was employed by the Canadian Pacific Railway at Guelph and Guelph Junction before entering his country's service, was making his first visit to his brother's new home in the States since the latter's arrival here with his family from Guelph three years ago.

An inquest held this afternoon resulted in a verdict of death due to accidental drowning. Aside from his local relatives, Mr. Hetherington is survived by two sisters, Beatrice Hetherington, of Windsor, Ont., and Mrs. James R. Kildaire, of Galt, Ont. The little girl is recovering.

For the second time in two weeks Harry Grosques, Sydney, attempted suicide by cutting his throat.

C. P. Knight was appointed mechanical superintendent of the L.C.R. shops at Moncton.

A violent explosion caused by the dumping of slag into Muggan's Creek shook the whole of Sydney.

Nowaday's It's Salada at Breakfast, Dinner, Supper, at special 5 o'clocks and every other time and place where a cup of tea "In Perfection" is appreciated.

Black, Green or Mixed - - Sealed Packets only.

Economy

The difference in cost between an ordinary baking powder and the pure, strong, double-acting

EGG-O Baking Powder

is trivial. It amounts to only a fraction of a cent on each cake you bake. Against this you risk your high-priced flour, butter, sugar, eggs and milk, and your reputation as a cook.

Spoiled bakings not only cost you money, but they waste food. With the heavy Government Standard flours in use to-day, the selection of a strong baking powder is absolutely necessary.

The double-acting strength of Egg-O is needed to make a baking of a light cake from a heavy flour. Try a can and watch your bakings improve. You can use sweet milk, sour milk, buttermilk or water with Egg-O—a different and better baking powder.

Two Great Inventions Exclusive to

The Brunswick
ALL PHONOGRAPHS IN ONE

MADE IN CANADA

It Had to Come!

The Brunswick just had to be. In every industry the law of evolution applies, and sooner or later perfection is attained. Just as we have seen the automobile perfected, in the last fifteen years, so those in the phonograph industry confidently watched for the "Final Phonograph."

And it has come. The "Final Phonograph" is the Brunswick—the instrument which plays all records CORRECTLY. The Brunswick unlocks for you the whole world of recorded music.

In addition to having all the good features of every other good phonograph, the Brunswick alone has these two supreme inventions:

- The "Tone"—an improved tone arm and reproducer which provides by a mere twist of the wrist, the exact VERITAS, the proper DIAPHRAGM, and CORRECT NEEDLE for every make of record.
- The all wood oval tone amplifier—built like a violin. This tone chamber, oval-shaped, made from choice woods, and absolutely free from any kind of metal, eliminates all harsh metallic notes.

The Brunswick plays better, looks better, costs no more and gives you unlimited choice of records.

Let Your Ears Be the Judge

Hear it play your favorite record—any make.
