Seven freshmen who lack experience and only one quarterback who played third string last year highlight the apparent gridiron problems.

The Bombers seem doomed to field a team thin in talent, ranks, and experience, and one which is not expected to better their dismal showing of last year.

shortcomings, aided by an enthusiastic student body. **THE FROSH**

As President of the Sophomore Class, I would like to welcome all the new students to U.N.B.

As for any inconvenience you may be caused during Freshman Week, you will later look back upon it with much pleasure as an essential part of your educa-tion. The object of your orientation program is to acquaint you with campus institutions and personalities as quickly as possible. The means chosen to do this may seem unnecessarily abrupt, but are the best and only method for the task, as you will no doubt realize later.

We do not object to a small show of spirit among the new students, rather encouraging it. In fact, several Soph Presidents before me have very nearly been mobbed. Any such signs of a rebellious spirit among disobedient Frosh will be severely dealt with. Remember, on Judgment Day your name may be called.
