With further reference to your letter of the 26th January last regarding the storage warehouse at Regina belonging to this Department, I beg to inform you that the Northwest Government has been informed that this Department would be willing to hand over the warehouse to them on condition that they will agree to carry out the intention of the Department to remove it from its present site.

As soon, therefore, as the Department is advised of its removal from the land under lease from your Company, the Department will be willing to surrender the lease as desired.

Yours truly,
