Ottawa, September 18, 1911.

Sir,

I have to acknowledge the receipt of your letter of the 13th instant, and in reply I beg to say that you may purchase sufficient coal of the size most suitable for the stove that you get for the use of the Rama School.

In regard to the stove it is considered that a Quebec Heater will be the most suitable. These stoves are used in many of our schools and public buildings and give satisfaction. These can be procured for about half the sum quoted by you. You will be good enough to obtain one of this kind.

Your obedient servant,

Asst. Deputy and Secretary.

M. MacKenzie, Esq.,
