Treated by Three Doctors for a Severe Attack of Dyspepsia,

Got No Relief From Medicines, But Found It Last In

Burdock Blood Bitters

Mrs. Frank Hunt, Morrisburg, Ont., was one of those troubled with this most common of stomach troubles. She writes:—"After being treated by three doctors, and using many advertised medicines, for a severe attack of Dyspepsia, and receiving no benefit, I gave up all hope of ever being cured. Hearing Burdock Blood Bitters as highly spoken of, I decided to get a bottle, and give it a trial. Before I had taken it I began to feel better, and by the time I had taken the second one I was completely cured. I cannot recommend Burdock Blood Bitters too highly, and would advise all sufferers from dyspepsia to give it a trial."

Doubtful Economy.
"Of course," he said, "I appreciate the motive that actuates your efforts to get along without a girl, but—" "Well," she said inquiringly as he paused. "Taking everything into consideration," he went on, "is it true economy?" "Isn't it?" she demanded. "Well, I hardly feel competent to pass judgment on the question," he replied. "I have just received our family physician's bill for the treatment of those three cases of acute dyspepsia that developed in the family during the last month. Now, perhaps?"

But she was just as mad as he felt. He had tried to break it to her gently.

\$100 REWARD \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have gone to great pains to secure a cure for this disease, and they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Ribbon Bodkin Convenient.
Every well groomed woman takes pleasure in running wash ribbon through her undergarments. This ribbon should be purchased in several sizes, as it does not look pretty if used in a width too large for slipping easily through the beading. To avoid curling or turning the ribbon the shopper can now buy a flat bodkin with fine teeth which catch the ribbon at either edge and run it flat through the beading.

THOSE ANNOYING BLACKHEADS.
External applications will never remove pimples or blackheads. Only by stimulating circulation and purifying the blood can it be done. For quick, sure release from these pests use Ferrero's. It drives all humors from the blood, makes the skin healthy, tones up the system. With the pure nutritious blood made by Ferrero's it's impossible to suffer from any skin disease. You'll have a smooth, delightful skin, healthy color and beautiful complexion by using Ferrero's and you'll feel immensely better as well. Fifty cents a box, containing fifty chocolate coated tablets at any drug store.

HOW TO CURE TOOTHACHE.
Any aching tooth can be relieved instantly with Nerviline. Rub the cavity with bating dipped in Nerviline and rub the gums with Nerviline also. If the face is swollen and sore bathe the painful parts with Nerviline and cover with a flannel. This can't fail because Nerviline kills the pain outright and prevents it from returning. Stronger, quicker, more satisfactory than any other liniment, Nerviline has been the largest seller for nearly fifty years; try it yourself.

We determine destiny by our answer to the call of duty.

FOR YOUNG FOLKS

THE SEASONS ARE MIXED.

And Little Percy Pike Would Like to Have Them Fixed.
"I think the seasons are all mixed," said Percy Pike. "I'd like them fixed. In summer time when every one is hot, behold the boiling sun. In winter time when every one is cold, behold the cold sun. When we are warm enough without. And then in winter time, although Thermometers all downward go."

PERCY PIKE THINKING.
The snow and ice at once combine to send a chill down one's spine! Now, how much better it would be to change them all about you, so that summer time the snow and ice would be a welcome thing and nice. And in the winter summer's heat would be a most delightful treat. The seasons, I am sure, are mixed. Said Percy, "and I'd like them fixed."

YOUR BIRTHDAY.

How to Find the Day of the Week Upon Which It Fell.
What day of the week was Jan. 15, 1898? To find this out divide the figures representing the year by four, rejecting the remainder, if any. To this dividend and quotient add the number of days in the year up to and including the given date, always counting February as twenty-eight days, whether a leap year or not. Divide this sum by seven, and the remainder will be the number of the day of the week, beginning with Sunday as one. If there is no remainder the day will be Saturday. This rule always gives correct answers to any date. Taking the one given above, Jan. 15, 1898, for example:
1898 (the year) 46 dividend.
46 (the quotient) 11
11 (dividend, quotient and days added).
55 (leaving a remainder of 5).
There being a remainder of five, we find that Jan. 15, 1898, fell upon the fifth day of the week, which is Thursday.

How Ned Got Even.
"Oh, I have a lovely secret," cried Bessy as she ran into the dining room. "What is it?" said her twin brother Ned.
"I will not tell you. It wouldn't be a secret if I did," answered Bessy teasingly.
"All right, then, but I will get even," said Ned angrily. So he went out to Bessy's playhouse and on the chair where she generally sat playing with her dolls placed a lot of pins. After awhile in came Bessy and was just about to sit down when a playmate called her and said:
"Come on, let's go. I've got two dollars for you, the other for me—so let's go and dress them."

Soon after Ned went in with a book in his hand and sat plump down on the pins he had placed on the chair for Bessy. It was a good lesson for Ned, and now he plays no more practical jokes on his sister.

The Elephant as a Worker.
Any one who thinks the elephant a slow, clumsy beast would have cause to change his opinion on seeing him at work along the rivers of northern Siam. The rainy season, which begins in April, is the time when the task of clearing the river banks is the most arduous. The elephants are then sent to the river banks, where they are caught and rafted to Bangkok. Instead of red shirts, spike shoes, "river drivers," such as handle the logs in their downstream journey to the sawmills on the Feni and Kennebec in Maine, the "lumber driving" of the Siamese river is done by barefooted, half naked men on elephants, and the "base" labor and much of the thinking involved in the operation are done by the elephants.

Something He Can't Do.

Put a piece of wood or a ruler on the floor and ask some one in the room to jump over it. It will look so easy to do that some one will answer, "Certainly I can." "Very well, try," the questioner will reply. And at the same time he will lay the piece of wood close to the wall, saying, "Now, come on and try."

An Obliging Hen.
My small brother Fred went into the chicken house just as the hen got off her nest.

"Mamma," he cried at the top of his voice, "the speckled hen lays boiled eggs; feel them!"

What Sulphur Does

FOR THE HUMAN BODY IN HEALTH AND DISEASE.

The mention of sulphur will recall to many of us the dirty days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall. It was the universal spring and fall "blood purifier" (and was called all, and mind you this old-fashioned remedy was not without merit). The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect. Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain, sulphur more effective than a tablespoonful of the crude sulphur. In recent years, research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcium Sulphide (and sold in drug stores under the name of Stuart's Calcium Wafers). They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated, effective form.

Few people are aware of the value of this form of sulphur in restoring and maintaining bodily vigor and health. Sulphur acts directly on the liver and excretory organs and purifies and enriches the blood by the prompt elimination of waste material.

Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and impurity of ordinary flowers of sulphur were often worse than the disease and caused constipation and purify the blood in a way that often surprises patient and physician alike. Dr. R. M. Wilkins, while experimenting with sulphur remedies, found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even dropsical eruptions, I have repeatedly seen them dry up and disappear in four or five days, leaving the skin clear and smooth. Although Stuart's Calcium Wafers is a proprietary article, and sold by druggists, it is a most reliable remedy, as many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin disease as this remedy."

At any rate people who are tired of pills, cathartics and so-called blood "purifiers" will find in Stuart's Calcium Wafers a far safer, more palatable and effective preparation.

If you have occasion to call a large man a liar, do it by wireless.

It is hard for the man who can't spell to be a hero in the eyes of his typewriter.

WHAT CAUSES SNORING.
When asleep, people that snore breathe through the mouth instead of the nostrils, which are choked with catarrh. Just use "Catarrh-rhine" before retiring and you'll quickly cure the snoring habit. By destroying the cause of catarrh and healing the membranes, Catarrh-rhine makes a complete cure in every case; it cleans the nostrils, stops the discharge and prevents drooping in the throat in a few minutes. Nothing so pleasant or certain to cure snoring, catarrh or colds as Catarrh-rhine—that's worth remembering.

His Main Duty.
Employer (to new office boy)—Has the cables told you the time of the afternoon? Office Boy—Yes, sir; I'm to wake him when I see you coming.—Scraps.

THOUSANDS DIE OF CONSTIPATION.

No sanitation causes so many incurable diseases as constipation. It not only prevents the kidneys from eliminating the poisonous wastes, but causes anemia, stomach troubles and indigestion. Why won't you use Mr. Hamilton's Pills and get cured? This excellent medicine restores normal bowel action in one night. Thousands say so. Your system will be pure and clean, you'll be free from headaches, no more sour stomachs—in short you'll have jovial spirits and perfect good health. Mr. Hamilton's Pills are sold everywhere, 25c. a box. Get the genuine.

Show others that your opinion of them is based upon their actions rather than words.

Some time ago I had a bad attack of Quinsy, which laid me up for two weeks and cost a lot of money. Finding the lump again forming in my throat, I bathed freely with MINARD'S LINIMENT, and saturating a cloth with the liniment left it on all night.

Next morning the swelling was gone and I attribute the warding off of an attack of Quinsy to the free use of MINARD'S LINIMENT.

TORONTO LIVE STOCK.

Receipts of live stock on the city market since Tuesday as reported by the G. T. E. and C. P. R. were: 1717 hogs, 313 sheep and lambs with about 80 calves.

The offerings of shipping cattle were again light, not more than five loads all told. The market remained steady at \$4.25 to \$4.85 per cwt. Three loads of good quality selling at \$4.75 to \$4.85 but only one load at \$4.25 per cwt. The bulk sold at \$4.50 to \$4.75 per cwt. The export bulls were offered and few were wanted and prices ranged from \$3 to \$3.40 per cwt.

The offerings of butchers' cattle were large. Picked lots of choice quality, equal to the best exporters, held about steady at last Tuesday's prices, but the other classes sold at 10c to 20c per cwt. lower. Choice picked lots, 1100 to 1200 lbs. each, sold at \$4.25 to \$4.50 per cwt. and one lot of 300 lbs. choice heifers, 1140 lbs., picked out of a lot of exporters, were bought by Mr. Moffat at \$4.25 per cwt.; loads of good quality sold at \$4.50 to \$4.75 per cwt. The export bulls were offered and few were wanted and prices ranged from \$3 to \$3.40 per cwt.

During the past few days of the week, owing to the storm, deliveries of fat cattle have been light and prices high. This caused a drop in the market, every market day. Choice picked lots, 1100 to 1200 lbs. each, sold at \$4.25 to \$4.50 per cwt. and one lot of 300 lbs. choice heifers, 1140 lbs., picked out of a lot of exporters, were bought by Mr. Moffat at \$4.25 per cwt.; loads of good quality sold at \$4.50 to \$4.75 per cwt. The export bulls were offered and few were wanted and prices ranged from \$3 to \$3.40 per cwt.

WOODSTOCK LADY RESTORED TO HEALTH

Mrs. D. J. McLeod, of Woodstock, has gone through a sad experience, as have hundreds and thousands of others, before finding the proper remedy for her trouble. When at last she discovered "Bu-Ju" and was cured of a distressing and long standing case of lame back, her good friend prompted her to write to the Clafin Chemical Co., Windsor, Ont., and tell them her experience so that others might be benefited by the same remedy that cured her.

Read what she says:
Woodstock, Ont., Oct. 18, 1903.
Dear Sirs:—I have used several boxes of the "Bu-Ju Kidney Pills," which I have been very much benefited by, and I am still using them. I have suffered very much with a lame back, but they have helped me very much.

Yours very truly,
MRS. D. J. McLEOD.

62 Winnett St.

Bu-Ju Kidney Pills are for sale by all druggists, and will benefit you if you are suffering from any form of kidney trouble, or any disease or ailment that arises from disordered kidneys.

Arthur—Weren't you awfully frightened when you saw the burglar in your room? Theodore—I was worse than frightened; I was disgusted. He said if I said a word I was a dead man. Absurd, don't you know. A dead man couldn't talk.—Boston Transcript.

Nothing to Flee From.

Mother—So your little playmate is sick. What is the matter with her? Little Dot—I don't know, but it's something with an awful long name, so I guess it's a real respectable sort of disease. May I go to see her?

IT IS EASIER TO DO IT NOW

Cure Your Indigestion with Dodd's Dyspepsia Tablets and you will Never Suffer as Jackson Johnson Did.

When you feel that slight discomfort after eating, that gas rising on the stomach or a little pain in the chest, did you ever stop to think that you were in the early stages of indigestion and what the consequences might be if you did not take care of your stomach at once?

If you didn't just listen for a moment to the story of Jackson Johnson, of Norham, Ont., it may make you think:
"I suffered from Dyspepsia for a long time, and spent a large sum with doctors. Finally I was taken with diarrhoea, which became chronic and continued about nine months. I continually grew weaker till I was confined to my bed."
"Then a person who was using Dodd's Dyspepsia Tablets persuaded me to try them. I began at once to improve and am now completely cured."

It is easier to cure your indigestion now than if you wait and suffer as Mr. Johnson did. Dodd's Dyspepsia Tablets will do it.

A Helpless Woman.
"My wife's the most helpless creature," growled Gaddy, "simply can't do anything without bothering me to help her."

"Yes. Only last night I had to reach up and get a candle off the shelf of the pantry for her so she could go down cellar and bring up a scuttle of coal."—Philadelphia Press.

A hearty appetite does not always indicate a healthy condition. It is not the quantity of food which is assimilated, which determines the actual value of the food consumed. If the stomach and organs of digestion and nutrition cannot convert the food into nourishment, and life blood then the food is but a burden instead of a benefit. For all disorders of the stomach and its allied organs of digestion and nutrition, there is a certain remedy in Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, nourishes the nerves, enriches the blood and builds up the body. It is a flesh-forming, muscle-making, strengthening, making firm flesh instead of flabby fat. "Golden Medical Discovery" contains no alcohol, whiskey or intoxicant of any kind, and is equally free from opium, cocaine and all narcotics.

Profanity is an acquired habit which can easily and profitably be put aside.
