

"Its best effects are seen in those depraved conditions of system ascribed to the presence of a *morbid poison* or to a *deranged condition of the fluids*. Hence it is frequently denominated a **PURIFIER OF THE BLOOD.**" And he goes on to say: "Sarsaparilla has been found especially serviceable

In Inveterate Venereal Disease,

In Chronic Rheumatism,

In Obstinate Skin Diseases,

In Chronic Abscesses,

Diseases of the Bone,

Obstinate Ulcers,

Chronic Pulmonary Affections,

Enlarged Glands,

And other maladies connected with a depraved condition of the blood."

DUNCAN'S SARSAPARILLA has never been known to fail in performing after fair trial all that is claimed for it. The most sceptical readily acknowledge its surprising curative powers after taking a few doses, as its action is always rapid and certain.

A few bottles always make a marked improvement, and there is no fear its use will be discontinued until perfect health is restored.

Sold by all Druggists, and prepared in the Laboratory of the Proprietors, Nos. 41 and 43 St. Jean Baptiste street, Montreal.
