### This Guarantee Protects you for 3 years—Read It!

Here is the strongest guarantee ever given with any self-feeder. Such faith have we in the Ruth Feeder that we guarantee every Ruth Feeder to feed any make or size of separator to its full capacity, with any kind of grain in any condition whatsoever, BOUND, LOOSE, STRAIGHT, TANGLED, STACK BURNED, WET OR DRY, PILED ON THE CARRIER ANY WAY YOU PLEASE, without slugging the separator cylinder or loosening a spike, and do a FASTER, CLEANER and BETTER JOB of feeding than any feeder manufactured by any other company in the world.

### Repairs and Extras

While it is an undisputed fact that the Ruth Feeder requires less repairs than any other feeder in the world, the cost per machine for repairs during the past 10 years averaged less than \$2.00, an occasional piece is needed, and when the accident does happen it is wanted quick. We understand this and in order to make it more than ever to your interest to buy a Ruth, we are doing something that no other Feeder Company has ever done, and that is we will have a good stock of repairs this year and in all the years to come at central points throughout Canada. This year you can get them from  
H. A. KNIGHT at REGINA, and INTERNATIONAL HARVESTER at SASKATOON, SASK. The W. S. COOPER CO. at CALGARY, and THE MAYTAG CO. at WINNIPEG.

Feeders are also stocked at Winnipeg, Regina and Calgary.

The Maytag Ruth **stands up** under your work—under the heaviest work. Buy a Maytag Ruth with absolute confidence that it will save grain for you—that it will save money for you—that it will save time for you. There are no delays over mechanical troubles. **THE MAYTAG RUTH CANNOT SHAKE ITSELF TO PIECES**—it prolongs the life of your entire outfit indefinitely.

The Maytag Ruth feeds perfectly. Every band is cut and every bundle is thoroughly loosened up and pulled apart before it can pass to the separator cylinder. The grain is fed to the separator high on the threshing cylinder with no opportunity for it to lodge in front of the cylinder.
