Which Cows Would You Sell?

On the Hit-or-Miss Plan

If you wanted to sell three or four head of cattle to reduce your stock would you know just which were the **right** ones to sell. Suppose a buyer came along to look at them would you let him "take his pick" of the herd or would you **know**, to a certainty, just which were the most profitable cows to sell and which to keep.

Cattle buyers are pretty wise. They are pretty shrewd guessers. When they buy by guess they usually guess better on **their** side than on yours. But when you sell your cattle by actual **knowledge** instead of "hit-or-miss" it's a fair shake for both and you get all that is coming to you every time.

You can't sell or buy intelligently or profitably without a good reliable Scale on your farm. The man who buys your cattle or anything else by "hit-or-miss" usually "hits" and you "miss."

For a very few dollars you can have the best of all farm Scales—the Renfrew Handy Two Wheel Truck Scale—guaranteed by the Canadian Govt., and delivered to you on our "pay as it pays" plan. Thousands of farmers are finding the "Renfrew Handy" a daily money saver and money maker. They wouldn't be without it for several times its cost. Many of them have made enough profit by this Scale the **first month** to pay its cost several times over. They find it as convenient and profitable as a hired man.

The Renfrew Handy Two Wheel Truck Scale is **more** than a scale. It is a convenient, profitable farm **necessity**—as much so as a horse and wagon. If you don't know about the money saving possibilities of this Handy little Truck Scale drop us a letter or post card to-day and we will send you facts and figures that will tell you all about it and show you how it pays for itself from the start.
