

See that Lock

It is the perfect fitting, patented side lock on **EASTLAKE METALLIC SHINGLES** no other shingles have it. This famous device makes Eastlake Shingles the easiest and quickest laid—and also insures the roof being absolutely leak proof. Eastlake Shingles are fire, lightning and rust proof.

OUR GUARANTEE—We guarantee Eastlake Metallic Shingles to be made of better material, more scientifically and accurately constructed, more easily applied and will last longer than any other. Eastlake Shingles have been made since 1868.

Our cheapest grade will last longer and cost less than the best wooden shingles. Our best Metallic Shingles should not be mentioned in the same breath with any other roof covering, shingles, slate or tin. Write us for reasons.

DID YOU GET ONE

Of Those Farms on a 10-per-cent. Basis?

If not, you will regret it. The chance does not occur every day to buy improved farms on the same terms as school lands, viz., 10 per cent. cash, and the balance in nine equal annual installments, with interest at 6 per cent. on deferred payments.

Write us for maps, etc.

THE FARM-R'S FRIEND

Our extra-strong wide-tire steel wheels run easy, are low and handy. There are no tires to reset, and they are always ready to use. Made to fit any axle, and of any width of tire and height desired.

We make several styles of farm trucks, with wide-tire steel wheels, and they are great labor-savers.

The material and workmanship are the best, and both wheels and trucks are fully guaranteed. Write for illustrated catalogue.

DOMINION WROUGHT IRON WHEEL CO., LIMITED, ORILLIA, ONTARIO

Let this Machine do your Washing Free.

There are Motor Springs beneath the tub. These springs do nearly all the hard work, when once you start them going. And this washing machine works as easy as a bicycle wheel does. There are slats on the inside bottom of the tub. These slats act as paddles, to swing the water in the same direction you revolve the tub. You throw the soiled clothes into the tub first. Then you throw enough water over the clothes to float them. Next you put the heavy wooden cover on top of the clothes to anchor them, and to press them down. This cover has slats on its lower side to grip the clothes and hold them from turning around when the tub turns. Now, we are all ready for quick and easy washing. You grasp the upright handle on the side of the tub and, with it, you revolve the tub one-third way round, till it strikes a motor-spring. This motor-spring throws the tub back till it strikes the other motor-spring, which in turn throws it back on the first motor-spring. The machine must have a little help from you, at every swing, but the motor-springs and the ball-bearings, do practically all the hard work. You can sit in a rocking chair and do all that the washer requires of you. A child can run it easily full of clothes. When you revolve the tub the clothes don't move. But the water moves like a mill race through the clothes. The paddles on the tub bottom drive the soapy water THROUGH and through the clothes at every swing of the tub. Back and forth, in and out of every fold, and through every mesh in the cloth, the hot soapy water runs like a torrent. This is how it carries away all the dirt from the clothes, in from six to ten minutes by the clock. It drives the dirt out through the meshes of the fabrics WITHOUT ANY BUBBLING, without any WEAR and TEAR from the washboard. It will wash the finest lace fabric without breaking a thread, or a button, and it will wash a heavy, dirty carpet with equal ease and rapidity. Fifteen to twenty garments, or five large bed-sheets, can be washed at one time with this "1900 Junior" Washer. A child can do this in six to twelve minutes better than any able washerwoman could do the same clothes in TWICE the time, with three times the wear and tear from the washboard. This is what we SAY; now, how do we PROVE IT? We send any reliable person our "1900 Junior" Washer, free of charge, on a full month's trial, and we even pay the freight out of our own pockets. No cash deposit is asked, no notes, no contract, no security. You may use the washer four weeks at our expense. If you find it won't wash as many clothes in FOUR hours as you can wash by hand in EIGHT hours you send it back to the railway station, — that's all. But, if, from a month's actual use, you are convinced it saves HALF the time in washing, does the work better, and does it twice as easily as it could be done by hand, you keep the machine. Then you mail us 50 cents a week till it is paid for. Remember that 50 cents is part of what the machine saves you every week on your own, or on a washerwoman's labor. We intend that the "1900 Junior" Washer shall pay for itself and thus cost you nothing. You don't risk a cent from first to last, and you don't buy it until you have had a full month's trial. Could we afford to pay freight on thousands of these machines every month, if we did not positively KNOW they would do all we claim for them? Can you afford to be without a machine that will do your washing in HALF THE TIME, with half the wear and tear of the washboard, when you can have that machine for a month's free trial, and let it PAY FOR ITSELF? This offer may be withdrawn at any time it overflows our factory. Write us TODAY, while the offer is still open, and while you think of it. The postage stamp is all you risk. Write me personally on this offer, via: F. A. A. Bach, Manager "1900" Washer Co., 25 Yonge St., Toronto, Ont.
