This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Doctore call is, for ten years. My hands were frequently no diseased, that I could make no use of them. I employed several physicians, but to no purpose as my suffering only increased.—I applied Mrs. Bearaux's Memorans for a short time and was soon cured of every vestige of the disease. The thankfulness which I felt, on the long and painful disease being removed, was much more than tongue sun express. After three years from the time when I used the Medicine, I was threatened with a relapse or return of the disease. I applied the Medicine and the disease disappeared. From that time to the present, bean perfectly free from all symptoms of Erysipelas or Salt Rheum. I therefore heartily resommend it to all who are similarly afflicted, as a speedy and effectual remody.

### A Curious Clock.

An ingenious townsman of Dudley, Mass., is engaged in constructing a very curious clock, which is intended for the great Exhibition of 1851, its chief peculiarity being the length of time it runs without winding. The clock occupies, in standing, only eight superficial inches; the motive power is only 28 pounds, and yet the machinery is so nicely adjusted that it will take 426 days to run down. Consequently, the second hand will make 613,440 revolutions, and the balance 147,225,600 vibrations, in the above time.

### Daguerreotypes.

It is estimated that there are now in the United States 10,000 daguerreotypists, and 15,000 persons connected with the art, and that the amount of materials annually consumed in the operations, is \$1,000,000.

Extraordinary Surgical Operation.

We learn that Dr. Warren, of this city, reently took from the stomach of an Irish girl, at the Massachusetts general hospital, by means of an incision, a tape-worm forty-one feet and sleven inches in length. The operation was performed while the sufferer was under the influence of ether. She observed, on coming to her senses. Oh! I have had a pleasant dream, and feel relieved." The wound was dressed with great care, and she has scarcely complained of pain since the operation. This, we are told, is the only case on record where the tape worm has been literally cut from the human stomach.-Boston Journal.

#### A Noble Act.

On the 1st of January, a beautiful and commodious building, which cost upward of three thousand five bundred dollars, and which has been built during the past summer, expressly for a public school, was presented by Capt. The following highly complimentary notice of Wistar's Balsam of Wild Cherry, appeared in the Ladies' Magn-zine and Album, Boston, Mass., Nov. 1848.

"We have but little faith in most of the advertised medicines; but having been, during the last six weeks, severely afflicted with a cold and cough, which nearly disabled us from attending to our business, we were induced to try the Balsam of Wild Cherry, and are happy to say, that we have been benefitted by its use ; and in our humble epinion it is one of the best preparations for colds, coughs, and of the lungs now in use BEWARE OF COUTERFEITS AND IMITATIONS.

The unparalled and astonishing efficacy of DR. WIS-TAR'S BALSAM OF WILD CHERRY, in all the diseases for which it is recommended, curing many cases after the skill of the best physicians has proved unavailing, has effected a large and increasing demand for it. This fact has caused many unprincipled counterfeiters and imita tors to palm off spurious mixtures, of similar name and appearance, for the genuine Balsam,, misspelling name, and forging certificates to resemble those of the true Balsam. 'Dr. Wistar's Balsam of Wild Cherry is the only genuine. The rest merely imitate the name of the original, while they possess none of its virtues. Remember, the original and only genuine WISTAR'S

BALSAM OF WILD CHERRY, always bears the name of I. BUTTS, on the outside wrapper.

BE CAREFUL WHAT YOU BUY.

All imitations and counterfeits, being put up by persons ignorant of the diseases of the human system, and the efect of medicines, are entirely unsefe and dangerous.

The genuine and original article, which has been provso long, was originally put up by WILLIAMS & Co., Philadelphia, and is now prepared and sold wholesale and retail, by Seth W. Fowle, Boston, Mass., and is now for sale by his Agents.

For Sale, wholesale and retail, at the Drug Stores of MORTON & CO., and JOHN NAYLOR.
