

PROVINCIAL NEWS.

HOPEWELL HILL, Dec. 12.—The announcement in today's paper of the death of Miss Mary E. Bacon, was received here with feelings of the deepest regret. Miss Bacon was a native of this village, being a daughter of the late Isaiah S. Bacon, and resided here the greater part of her life. A few years ago she went to Moncton to reside with her brother, Capt. R. C. Bacon, and after the death of her mother, she in the hope that a change of climate might benefit her health, she went to California to live with her sister, Miss Bacon in her earlier life was an efficient teacher in the public schools, and was possessed of superior intelligence and attainments. As a Bible student she had few superiors and her work was one of the most efficient of the Master. Though afflicted, especially the latter part of her life, with impaired health, her working hours were practically all spent in laboring for the good of others, in the church, the Sunday school, mission societies, and in private intercourse with those around her. The seniors at Home, a functionary of the Episcopate, and devoted life will be long remembered by many friends in this country.

SACKVILLE, N. B., Dec. 12.—Mount Allison has chosen the negative side of the resolution proposed by Kings for debate next term. The resolution is that the Maritime Provinces should secede from the dominion. The debate will take place here.

The seniors at Home, a functionary of the Episcopate, and devoted life will be long remembered by many friends in this country.

MONCTON, N. B., Dec. 12.—Caught beneath an immense branch from a tree which he was climbing, Edward Boudreau was crushed to death this morning in the woods four or five miles from Bouchette. Boudreau had completed cutting through a tree and in his effort to get down, a large branch caught him across the chest, crushing his life out. Instantly Boudreau was aged about forty-five years and had a family consisting of a wife and four or five small children. He lived nearby where the accident occurred.

GERMAN TEAM WON SIX-DAY BICYCLE RACE IN NEW YORK; INJURED RIDER DEAD

EACH LOST A HAND TO SAVE 3 LIVES
John J. McElginn and O. Jud, Workmen on Blackwell's Island Bridge. Proved heroes

NEW YORK, Dec. 12.—To save the lives of three fellow workmen, two ironworkers on the Blackwell's Island bridge suffered each the loss of a hand yesterday. A heavy steel plate was slipping out of position and would have fallen on three men on a platform fifteen feet below had not its progress been checked by grinding through the wrists of the two men who had been assigned to the work of setting the plate.

AMERICAN STARS IN SIX-DAY CYCLE RACE. Just after the clock struck one at the Madison Square Garden, in New York, on Monday morning, the pick of the professional bicycle riders of the world started on a six-day grind on a sweater-shaped track, which was constructed in the mammoth garden. The pictures show Walthour, Dawson and J. Bedell, the best of the American contingent.

MADISON SQUARE GARDEN, New York, Dec. 14.—Rutt and Stol, the German team, won the six-day bicycle race at Madison Square Garden today. The first time in the history of the sport that a foreign team has captured first honors of the struggle.

SHORTLY BEFORE 11 o'clock all the teams were withdrawn from the track with the exception of Rutt, who rode for his team and Fogler, who rode for the American team. These teams being tied for first place. The two riders raced for a mile and with a final burst of speed Rutt led the way over the finish line a winner. The two leading teams made 2,312 miles, five laps, when the race was stopped and the teams withdrawn from the final mile sprint of the two leaders.

MONTREAL, Dec. 15.—Mayor Sears and Alderman McDougall of St. John, who have been in Ottawa in the interests of the winter port, leaving the city today on their way home, leaving this evening on the C. P. R. They declared they were quite satisfied with the results of their mission, though their stay in Ottawa, they had been compelled to recognize that the Maritime Provinces were not the whole thing when it came to spending the country's money, deputations being met from many places, even as far west as the Yukon, and all wanting money.

OTTAWA, Ont., Dec. 15.—The commons will tomorrow discuss the resolution of Ralph Smith (Nanaimo) urging further legislative action to restrain Oriental immigration. It is understood that the British Columbia members will take the ground that in the event of Hon. Mr. Lemieux's mission to Japan failing to result in a satisfactory arrangement to restrict Japanese immigration, between 1908 and 1910, then the government should promptly give notice that the present trade treaty will be abrogated.

CONCORD, N. H., Dec. 13.—Six hundred deer, killed, according to the press returns, one man dead and three injured and six prosecutions, with a return to the state of New Hampshire of \$5,720 in license, is the record of the two weeks' open season on deer in the seven southern counties of the state, which were, this year for the first time within a generation, thrown open to the hunters of big game, with the one restriction that deer should only be killed with shotguns and buckshot, the season closing last night.

THE ONE DEATH was not due to the use of firearms, however, but was caused by over-exertion in the chase, the body of George Whitney of Canterbury being found beside the carcass of a deer he had killed near Northfield, the cause of death being heart failure. H. B. Whittier, Jr., of Raymond, had two toes shot off David Bailey of Sutton, had his wrist mangled and will probably lose two fingers as the result of the accidental discharge of his gun, and a man in Wilton, dislocated his shoulder by being kicked from a tree by his gun when shooting a deer.

BOSTON, Dec. 14.—Alfred A. Filene, a Boston merchant who has recently returned from a trip around the world on which he visited the Philippine Islands, delivered an address today before the City Club on The Philippines, in which he declared that his "study of the islands and its people forced him to believe that complete self-government is not yet good government, at present."

REGARDING THE COST OF THE PHILIPPINES, Mr. Filene said "the insular government is self-sustaining with the exception of the expenses of the army and navy and two-thirds of the cost of the geodetic and coast survey."

HE FOUND THE UNITED STATES had given the natives municipal and provincial self-government and a large share of national government. He believed it well, however, that the municipalities were under the supervision of the United States, as many were apparently following the example of some of the American municipal councils.

IT HAD BEEN NECESSARY TO PASS A LAW restricting paying out revenues, as ten per cent of the cities were expending every cent of revenue for salary and not a cent for public improvements.

MR. FILENE DECLARED THE UNITED STATES during her government of the islands had done more in ten years than had been done before in all the history of the islands for their betterment and advised the anti-imperialists to lend their agitation and force towards helping the Philippines "to prepare themselves for self-government."

"COMPLETE SELF-GOVERNMENT UNDER THE conditions that prevail in the islands," said Mr. Filene, "would not be either representative or democratic."

THE FACTS OF THE CASE ARE THAT THE assignee of the lessor of certain property at Indian town; that the lease had a covenant to pay for improvements or renew the lease; that the lease expired in May last; that appraisers were appointed who made a valuation which the plaintiff offered to pay and on the defendant's refusal to accept, demanded possession and thereupon brought his action of ejectment for such possession.

GAVE A TALK ON THE PHILIPPINES
Boston Man Says Complete Self-Government is Now Out of Question

BOSTON, Dec. 14.—Alfred A. Filene, a Boston merchant who has recently returned from a trip around the world on which he visited the Philippine Islands, delivered an address today before the City Club on The Philippines, in which he declared that his "study of the islands and its people forced him to believe that complete self-government is not yet good government, at present."

REGARDING THE COST OF THE PHILIPPINES, Mr. Filene said "the insular government is self-sustaining with the exception of the expenses of the army and navy and two-thirds of the cost of the geodetic and coast survey."

"COMPLETE SELF-GOVERNMENT UNDER THE conditions that prevail in the islands," said Mr. Filene, "would not be either representative or democratic."

Kenneth Knorr, 8, of Kingsville, the Victim
Was Sliding on Pond and Broke Through—Brother Made Ballistic Effort To Save Him—Body Recovered

Kenneth Knorr, eight years of age, son of Charles Knorr of Kingsville, met his death by drowning on Saturday afternoon within a few yards of his home. His older brother, Wellington, was with him at the time and made a brave attempt to save the younger boy's life, but with no success.

THE TWO BROTHERS were seen on an errand by the neighbors about 2:30 o'clock Saturday afternoon. A short distance from the Knorr dwelling there is a pond about five feet in diameter, which is situated about 100 feet from the Knorr home. At this point the younger of the two boys eried out that he was going to slide on the ice that covered the pond's surface and in spite of his brother's strenuous efforts, ran toward the pond and slid on the ice.

WHEN THE BOY WAS SEEN the efforts of the pond were made by the Knorr family, but the boy had been under the water and not of sight.

HIS BROTHER AT ONCE RUSHED TO THE opening in the ice and was unable to help Kenneth, and himself fell into the water. He climbed out with difficulty and went for help. A number of neighbors went to the pond and by means of ladders and poles to get the body of the boy.

A YOUNG MAN NAMED WELLINGTON Green finally caught the boy's clothing with a pole and drew the body from the water. Life was extinct only half an hour elapsed between the time when the two brothers left home and the time when the body of little Kenneth was taken from the pond.

CORNER MACDONALD STREET was informed of the accident and sent a messenger to the residence of the Knorrs. An inquest was not necessary, the funeral of the drowned boy will take place at two o'clock this afternoon.

CHARLES KNORR, FATHER OF THE DECEASED, was employed at Long Wharf at the time of the accident and knew nothing of his son's death until he returned home at five o'clock in the afternoon.

WATER HIGH IN THE RIVER; ICE RUNNING
FREDERICTON, N. B., Dec. 15.—At the Cathedral this morning, Bishop Richardson confirmed a class of sixteen in favor of the Steed. At the same church next Sunday his lordship will hold an ordination service.

A SNOW STORM set in here early this morning and has continued on and on during the day, but little snow remains, the weather having become very mild. The ice in the river still continues running, though it is heavily jammed.

"DURING THE PAST TWENTY-FOUR HOURS the water has risen fully a foot. Rev. Father Carbery, who returned from his vacation to New York and other American cities, preached at St. Dunstan's this morning. His sermons were interesting and his remarks on New York and other cities and how it had advanced in the past 30 years.

THE FUNERAL OF THE LATE DANIEL A. GRANT took place at the cathedral here on Thursday, February 6th, and in all probability the installation of Dean Sheehan will occur at the same time.

DR. BRUCE A. MILES OF CHANBROOK, B. C. son of A. R. Miles of Margueriteville, arrived on today's train from the West to spend the vacation at his old home here.

THE ICE HERE HAS BEEN RUNNING ALL day. Tonight is very cold, and the prospects are that the ice bridge will again become solid. The water is exceptionally high for the time of year and a strong current is running.

AMHERST, Dec. 12.—Mrs. J. G. McDougall, Church street, gave a delightful whist party on Wednesday afternoon.

MRS. C. McQUEEN AVARD entertained a large number of her lady friends at whist on Tuesday afternoon. There were thirty-six guests present.

ON THURSDAY AFTERNOON Mrs. Avard was "at home" to a large number of her lady friends.

MRS. LOUISE HEWSON gave a very pleasant thimble party to some of her lady friends. An enjoyable afternoon is reported.

EDWARD BAKER and his sister, Mrs. Hodgson, left for Vancouver to spend the winter with her sister in that city.

YOU CANNOT POSSIBLY HAVE A BETTER COCOA THAN

EPSS'S COCOA
A delicious drink and a sustaining food. Fragrant, nutritious and economical. This excellent cocoa maintains the system in robust health, and enables it to resist winter's extreme cold.

2,740 UNION MEN OUT OF EMPLOYMENT IN CITY OF TORONTO

TORONTO, Ont., Dec. 15.—There are 2,740 union men out of work in Toronto according to the registration of the labor bureau. Five hundred of these are carpenters and five hundred bricklayers, who hardly ever work at this season. There are one hundred and fifty laborers, and the rest are nearly all skilled men. A large number of the employed not connected with organized labor are not included in total.
