**WHAT WOULD YOU DO
IF YOU WERE PREMIER?**

With the House of Assembly
in session, things political and
legislative are very much to
the fore. Now anybody and
everybody can perform a job
better than the chap who
holds it down. What would
you do if you were in Sir
Edward Morris's place? We'll
be glad to hear from you and
publish in *The Daily Mail*
your ideas of what the Pre-
mier should undertake. Get
busy and drop us a note.

**DID YOU EVER FEEL
LIKE THIRTY CENTS.**

Nearly everybody has, at
some time or other, been "up
against" an embarrassing situ-
ation. Not so funny at the
time perhaps, but laughter-
provoking, when you got
over the confusion of the mo-
ment.

Write and tell us about it.
This only fair to give all a
chance of enjoying the joke,
even at your expense—al-
though nobody will ever guess
your identity, if you wish it
kept secret.
Make your story as short as
possible.

Important Notice!

The Fraser Machine & Motor Co. for
the purpose of reorganizing and en-
larging their plant, lately went into
voluntary liquidation; the organiza-
tion is now complete, much more cap-
ital has been subscribed to meet the
growing demands of the business, and
this year double as many FRASER
engines will be built as last year.
There is no other engine so popular in
Newfoundland or Canada as the
FRASER, and with the new Company
we can promise better service and de-
liveries than in the past, when many
had to wait for their engines, as we
could not get them from the factory
fast enough. All orders now booked
we can ship at a moment's notice.

LIVING IN 1870.

Some men are only a habit. New
ideas hurt some minds as new shoes
hurt some feet. Why suggest to
these folk that modern methods would
help them? The most conservative
office man cannot fail to grasp the
benefit of reforming a faulty filing
outfit by such an economical and
effective system as is afforded by the
Globe-Wernicke Co. in the safeguard
equipment, introduced by them to the
trade. Mr. Percie Johnson has this
method ready for demonstration in
his office and will be glad to send you
the catalogue "Filing and Finding"
that will be sure to interest you.

READ THIS! To The Fishermen:

Buy "THE COAKER" Kerosene Motor Engine!

"THE COAKER ENGINE."

A Motor Engine made for The Union Trading Co.

by one of the Largest Motor Engine Manufacturers

in America is now available to the Fishermen.

"THE COAKER" is a 6 H.P. 4 Cycle Engine, and can be operated on half the oil consumed by a
6 H.P. 2 Cycle Engine. This Engine's power is equal to the power of some 9 H.P. 2 Cycle Engines. It
is made for Fishermen's use and expressly for Trap Skiffs and the large size fishing bullys. It is sold to
Union's members at wholesale prices. All commission and middlemen's profits being cut out. We have
contracted for the manufacture of 1000 of those engines. The engines will be carried in stock by us here
and can be delivered by April 1st. We will carry parts and fittings in stock. We will arrange reason-
able terms of payment to meet the requirements of men unable to purchase for cash. **WE GUARANTEE
THE ENGINE.** An expert has been engaged to attend to the installation of our engines. Write for par-
ticulars and terms. See Circular Letter sent to all Councils concerning this engine. We confidently re-
commend the engine as being of the very best make and material, of being exactly what is needed for
the Fishermen's use and **GUARANTEED TO GIVE SATISFACTION.** It is above all durable, simple and
capable of doing heavy work; it is not a toy engine. The spark plug is attached to the side and not the
top. The engine starts on gasolene.

This engine is sold \$75 cheaper by us than by the regular agents selling a similar engine. No agents
will be employed to sell those engines. We will do our work through the Councils of the F.P.U., there-
fore one dollar on every three will be saved by buying these engines from the Trading Company. We
are prepared to dispose of 2000 of these engines during the year 1914. The Union would have done bet-
ter and arranged longer terms of payment had the Liberal-Union Party been returned to power, as we
believe public monies should be available to aid Fishermen to carry on their work and assist every in-
dustrious man to become independent. The Southern Districts being coddled by the catch-cries of Grab-
allism have debarred the Fishermen from receiving loans from public funds in order to secure those de-
sired improvements, but the Trading Company will endeavor to do what is possible to aid Union mem-
bers, and in spite of Grab-allism thousands will possess motor boats in two years who are to-day without
them. All particulars on application to
