84TH TO MOVE.

The announcement was made by Brig.-General Logie, G.O.C., the Toronto district yesterday, that provision has been made for the accommodating of 24,000 of the troops in the district, for a limited period, probably until June 1st before which time it is expected final plans will have been made for the disposition of all troops in the district for the Summer. The 24000 troops will be the senior units of the district, and half of them will go to Niagara, while the other 12,000 will remain in Toronto for the limited period mentioned. While nothing has been said as to the accommodation of the latter force after June 1st, it is probable that they will then go into camp at Long Branch Rijle Ranges, which should be after June 1st, it is probable that they will then go into camp at Long Branch Rifle Ranges, which should be ready by that time. The men to be sent to Niagara will likely be the senior troops, who will thus be able to carry on the more advanced battalion training, while the later formed units can continue their training most of can continue their training, most of which does not require extensive drill areas on their present parents. which does not require extensive drill areas, on their present parade grounds. In connection with the plan, Brig. General Logie will probably bring the 84th Battalion to Toronto for a while.

The next bombing course at the Old Fort will commence to-day, and will last for five days. To N.C.O.'s and 18 men from each of the 123rd, 126th, 134th and 169th Rattalions will

As the new plans will necessitate the retention of the present quarters occupied by the troops, Brig-General Logie is asking the Exhibition and Toronto Shool Boards, and the Mayor for the use of the buildings mayor for the use of the buildings have occupied until the date named.

NOTES OF THE 125TH.

The funeral of the late Samuel C. Hill, who passed away on the Reserve on Friday last, aged 66 years tok place yesterday to the Indian cemetery.

MRS. D. M'DONALD. now occupied until the date named, namely, June 1st.

ENGINEERS GO TO NIAGARA.

Preparation of the Niagara Camp for the troops, who are to occupy the swords badge until their certificates shave been endorsed by the superint to Niagara and these will be followed about 14 in all. As a considerable amount of permanent work was done last year, the main part of the working bedone immediately will be inconnection with the roads through the camp, which will require crowing to permit the heavy motor lorries to use them. Some of the drain pipes put in last year were removed in the Fall and these together with the water pipes will have to be replaced, when a small detachment of bayonet fighting and physical training are not to wear the crossed the troops, who are to occupy the training are not to wear the crossed training are not to wear the crossed training and physical training are not to wear the crossed training and physical training are not to wear the crossed training and physical training are not to wear the crossed training and physical training are not to wear the crossed training and physical training are not to wear the crossed the sworking are not to wear the crossed the sworking and physical training are not to wear the crossed the sworking have so the surface. The surface of the day is Lieut. Ox. The remains of the late Mrs. Stella Ballantyne, J. McDonald. There were lall and training for Eastern Canada."

The remains of the late Mrs. Stella to training were given in the 38th Officers' Mess last even in the 38th Off Fall and these together with the water pipes will have to be replaced, while later the tent floors and other temporary structures will be placed in position for the troops. From ten to eleven battalions can be cared for without further preparations than those outlined, and this number is about that announced by General Lo-

General Logie has asked for the necessary authority to form a company of officers to train in something the same manner as the various university companies, except that their training would be of an advanced order. These officers would be paid either at the officers would be paid either at the officers would form a reserve from which, as opportunity arose, in the

roduction and

CANADA from her abundance can help supply the Empire's needs, "CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—HON. MARTIN BURRELL, Minister of Agriculture.

> MODERN war is made by resources, by money, by foodstuffs, as MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. 'Work and Save' is a good motto for War-time."—SIR THOMAS WHITE, Minister of Figurage.

THE CALL OF EMPIRE COMES AGAIN IN 1916 TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR-

WHEAT, OATS, HAY, BEEF, PORK, BACON, CHEESE, EGGS, BUTTER, POULTRY,

CANNED FRUITS, FRUIT JAMS, SUGAR, HONEY, WOOL, FLAX FIBRE, BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder therefore be thrifty and produce to the limit.

THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.

In the everyday hum-drum of things one frequently hears, the assertion made that some individual "is without

a spark of ambition" Such assertions are made in an uncharitable spirit, with the attempt to convey the im-Such an attitude is as erroneous as it is mean, for Mother Nature never made any such arrangements.

Ninety-nine times out of one hundred wherein a man is seemingly without ambition, or is inefficient, it is simply a case of physical ailment.

And in this connection it is safe to say that catarrhal affection of the nucous membranes (usually first affecting the nose and throat, and even-tually extending to the stomach and the whole digestive tract) is directly responsible for that languid, good for-

nothing feeling.

Particularly at this time of the year the very atmosphere is literally impregnated with the germs of catarrh, that flit hither and you, intent on murder, and a run-down, debilita-ted constitution falls an easy victim. Chas. F. Kerr, of Mary street, says:
"Plantan has given me riddance of
a frightful case of catarrh and stomach trouble."

Brantford's very best citizens are praising Plantan, and each day are reporting remarkable results received from this remarkable medicine. The Plantan expert, Mr. T. S. Jackson, who is direct from the laboratry where Plantan is made, is now at Boles' drug store, explaining the merits of this famous preparation.

Mr. Roosevelt will be nominated for President by the Republicans and the Progressives, says Victor Mur-
