THE CONNAUGHT TUNNEL

ONE of the greatest of the achievements of the Canadian Pacific Railway is the Connaught Tunnel. This great work through the lofty Mount Macdonald—amongst the Selkirk Mountains, is nearly six miles long and double tracked. The excavation has been made at a cost of over \$12,000,000 to the great transportation company. But the C.P.R., which has spent from \$25,000,000 to \$35,000,000 per annum on the development of the West previous to the war, does not even in times of a conflict affecting the greater part of the world, spare expense where the public convenience makes an urgent demand. The opening of the tunnel will greatly facilitate traffic, will open a new route, and will do away with many miles of snow sheds.

The Connaught Tunnel will give the Canadian Pacific the lowest grade of any transcontinental railway running through the Selkirk Mountains. It was bored in less than three years under the supervision of Mr. J. G. Sullivan, Chief Engineer of Western Lines, and it is claimed that no undertaking of similar dimensions was ever completed in such a short time. In the excavation of the tunnel many engineering difficulties had to be overcome. But mighty rocks gave way and the roots of a gigantic mountain crumbled before the advance of human skill. At various points along the pass there is an eighteen inch concrete wall lining.

During his recent trip to Western Canada, Lord Shaughnessy, accompanied by Chief Engineer Sullivan, took a tour through the tunnel. Lord Shaughnessy was well pleased

with what he saw. The construction work is now rapidly approaching completion. Two miles of steel rails have yet to be laid on one side of the track. It is expected that the formal opening will take place during the first days of December. Since its inception the C.P.R. it is reckoned, has spent over \$200,000,000 in the development of the West. The latest expenditure is as popular as any that had previously been made.

When His Royal Highness the Duke of Connaught and party took a trip through the tunnel on July 17th, the Duke expressed in eloquent words the gratification it

For Pain in the Back Try

the famous remedy GIN PILLS, known from coast to coast. Pain in the back and sides, aching limbs, swollen joints, lumbago, rheumatism, are all the result of impure blood, which in turn, means that the kidneys are out of order and are not purifying the blood stream as it passes through them every three minutes.

GIN PILLS heal and soothe the kidneys and thus remedy the trouble right at the very root. If you are suffering from any of the tortures mentioned above, take the advice given in hundreds of letters we have here on file, and try GIN PILLS.

Your money will be returned if you are not absolutely satisfied.

THREE MONTHS IN JAIL FOR NEGLIGENT MOTORIST

Bertram Tipping charged with manslaughter, was found guilty in the Assizes yesterday on the count of negligence, with a strong recommendation for mercy. He was given a sentence of three months by Chancellor Sir John Boyd.

The charge arose from the death of Adelaide Maynard last June as she was getting off an Avenue road car, driven by the prisoner.

True bills were returned against Walter W. Dundas and Ryan & Co., both on the count of negligence. Dundas allowed his motor car to be driven by an unlicensed chauffeur. Bertram Tipping, Ryan & Co. sent out an auto truck in charge of an unlicensed chauffeur, William Caines, and while the car was in his charge it struck and killed Marion Robinson.

Caines was found not guilty on a manslaughter charge. — (Toronto paper.)

FIGHT DECEPTION IN ADVERTISING

Canadian Association Condemns Fraudulent Publicity Methods

Many advertisers attended, Monday the third annual meeting of the Association of Canadian Advertisers at the Prince George Hotel, Toronto.

A resolution was passed placing the association on record as opposed to advertising that is fraudulent or questionable, that is indecent, vulgar or suggestive, that is ambiguous in wording and calculated to mislead, that exaggerates, that reflects on the goods of competitors and makes misleading free offers. Also advertisements of products containing drugs (sold to non-medical men) or advertisements that make curative claims not justified by the facts of common experience were placed under the ban.

It was felt by the association that by such a resolution its determination to frown on questionable advertising will be apparent to the public and to the press of the country.

Ask Her.

Ask the woman whose home is an ideal of homeliness, of good management and economy, how she keeps posted on the best methods of doing things, of the best things to wear and the most healthful and nutritious food to serve the family. She will tell you that she reads the advertisements. Her example is a good one to follow. The merchant who appreciates the custom of such thrifty prosperous housewives, will appeal to them through their source of information, the advertising columns of this paper.
