WEDNESDAY, JULY 17, 1901.

consumption of liquor for Australia, United States, Great Britain, Germany and France was 28.27 gallons per head, while the consumption in Canada is given at 51.5 gallons per head.

Meredith, is a Democrat, and has had some part in local Democratic politics ever since his arrival in this state.

"Truth Shall Preval."

The Nugget is in receipt daily of hearty congratulations for the decided stand it has taken against the corporation which is sucking the life's blood from this country, but among them all none has given more genuine satisfaction than a conversation of Father Gendreau's in which he complimented this paper for speaking the truth fearlessly.
