GERMANS FACE AWFUL TASKS

Captured Letters Tell of Hardships Around Pozieres.

Where Haig's Troops Now Control Great Plain.

Paris Cable.—Thursday night's War Office report reads: "North of the Somme at 5 this afternoon, our troops attacked the German positions in the region of Maurepas. After having taken in one dash that part of the village which the enemy still occupied and neighboring trenches, they advanced our line 200 metres beyond on a front of about two kilometres, extending from the railroad north of the village to Ridge number 121, to the southeast. In this operation they took 200 prisoners and captured about ten machine guns."

ALBERTA'S MAGNIFICENT CROP.

Winnipeg Report.—Miss Cora Hynd, the crop expert of the Free Press, writes that southern Alberta has a magnificent crop of all grains, especially wheat, and provided frost does not come before September 15, will harvest the largest quantity of high grade wheat in the history of the province.

TWELVE DEAD IN RENEWED NORTHERN FIRE

Danger is Now Practically Over, as Heavy Rains Killed Flames.

60 FARMERS RUINED

Terrible Struggles of Those Who Escaped From the Blaze.

Cobalt, Report.—Twelve lives at least were wiped out by the bush fires which raged in the north country on Tuesday. The danger or further destruction is now practically over, as heavy rains this afternoon have had the effect of extinguishing practically all of the fires smouldering in the district.

QUIET WEEK ON CANUCK FRONT

Dummy Raid by Battalion From This District.

Fooled Enemy and Caused Much Damage.

NEAR DEATH AT CASEY MINE.

Ottawa Report.—The following communique has been received from the Canadian general representative at the front: "Canadian Army Headquarters in France, via London, Cable.—There were few outstanding features to the trench warfare of the past week. The bright moonlight interfered with the activity of our patrols."

HERON'S FOOT FOR BAIT.

So great is the heron's reputation as a fisher that it has long been thought that its feet, owing to some peculiar scent or oil which they were supposed to possess, attracted the fish, more especially eels, to within easy reach of its beak. In some places the rustic angler still believes that if a heron's foot is placed with his worms the latter are more eagerly taken by fish—London Outlook.
