### HOUSEHOLD LINENS!!

These Linens are the best we could find and our search has been thorough. Those who visited this linen section recently say that these are the test values and the best designs that they have seen. Sometime extravagent language is u ed by merchants in describing their wares with printer's ink, but do not think us boastful when we say that these are the best linens that have ever found their way to this noted linen store.

#### THE BEST TEST

s the Service and Experience of Year

The best soldier is not the new ruit of a few months' service.

The best mechanic is not the apprentire, and the best man in the line is he who has been tried by years of service and experience.

This is not only true of men but of nearly apprecially apprecially.

This is not only true of men but of nearly everything else and especially is it true of medicines for disease. New remedies must be thoroughly tested and their merit established beyond question before the intelligent public will put faith in them.

There are not many remedies which have stood the test of ten years and continued to increase in popularity eich year, but this is true of the Pyramid Pile Cure, and it is the only pile cure that has stood this test, and among the many popular medicines on

mid Ple Cure, and it is the only pile cure that has stood this test, and among the many popular medicines on the market it is the only one which can be said to have no competitor; its sale has steadily increased from year to year and the result has been not so much because of judicious advertising as because it has been recommended by word of mouth from one cured sufferer to another.

Piles is supposed to be caused in most cases by a sedentary life and lack of exercise but it generally comes without any apparent excuse and often people who live an active, outdoor life are victims of the disease, a case in point is that of James Creedan, a lumberman and teamster in Northern Michigan. He says: "I suffered for eight or nine years from itching and protruding piles, sometimes so severely I could scarcely walk, then I would get better for a week or two, but the trouble always returned. I could not afford the expense of an operation and endured the disease until I was advised by my mother, who lived in Manistes, to give the Fyramid Pile Cure a trial.

I hid never heard of it but when I

I had never heard of it but when I went to town I asked my druggist about it and he told me he had sold it

about it and he told me he had sold it for years and never had a complaint of its failure to cure piles.

I bought a package and found not only relief but a permanent cure after several weeks' regular use.

One of the best things about the Pyramid Pile Cure I found to be its convenience, being in suppository form venience, being in suppository form and used at night, it, did not interfere with my duily work and is simple and painless."
All druggists in United States and Canada sell the Pyramid Pile Cure at 50 cents per package.

ENJOYABLE AT HOME.

The large attendance at the At Home given by the Degree of Rebekah last night in the auditorium is only another proof of the popularity of these social events. The competition for the prizes given for progressive pedro was keen there being four competition for the prizes given for pro-gressive pedro was keen, there being four young ladies who had won the same number of games. The ladies played a game to see who should be winner, the result being n favor of Miss Ida Smith. For the gentle men's prize there were two competitors. T. Stanton and Master Harry Avichouser. T. Stanton and Master Harry Avichouser. The game between these two was closely contested, Mr. Stanton, however, proving successful. There were just two aspirants for the booby prizes, these being Miss Edith Berry and Tom Thompson. The giving of these prizes caused much merriment. Refreshments were then served, after which the light fant stic was tripped till the weesma' hours. The announcement of the sma' hours. The announcement of the possibility of another At Home in the near future closed a very enjoyable evening.

#### VIGOR. RENEWED

BROUGHT ABOUT THROUGH THE USE OF DR. WILLIAMS' PINK PILLS.

Mrs. Peter Beamer Tells How These Pills Released Her From Years of Neuralgiac Pains After Doctors and Other Medicines Had Failed.

Among the best known and most respected residents of the township of Gainsboro, Lincoln county, Ont., are Mr. and Mrs. Peter Beamer. For a long time Mrs. Beamest was the vic tim of a complication of disenses which made her life one of almost which made her life one of almost constant misery, and from which she nearly despaired of obtaining relief. To a reporter who recently interviewed her, Mrs. Beamer gave the following particulars of her illness, and ultimate cure:—"For some nine years I was troubled with a pain in the back, and neuralgia, which caused me unspeciable misery. The pain in timate cure: "For some n'ne years I was troubled with a pain in the back, and neuralgia, wh'ch caused me unspenkable misery. The pain in my back was so bad that whether sitting or lying down, I suffered more or less torture. My appetite left me, and I suffered from headaches accompanied by attacks of dizziness that left me at times too weak to walk. My nervous system was badly shattered, so that the slightest noise would startle me, and my sleep at night was broken by sheer exhaustion. I was under the care of three different doctors at various times, but did not succeed in getting more than the merest temporary relief. I also used several advertised medicines, but with no better results. I was finally urged to try Dr. Williams' Pink Pills, and got half a dozen boxes. In the course of a few weeks I noted considerable improvement, and as a consequence, I gladly continued the use of the pills for several months, with the result that every symptom of the malady left me, and I was able to do my housework without the least trouble. As several years have passed since I have used the pills, I feel safe in saying that the cure is permanent, and the result also verifies the claim that Dr. Williams' Pink Pills cure when other medicine fails." The reporter can only add that Mrs. Beamer's present condition indicates a state of perfect health, and speaks louder than mere words can do, the benefit these pills have been to her.

Dr. Williams' Pink Pills cure when other medicine ever discovered, which in part accounts for their popularity throughout the world. These pills are sold by all dealers or may be had by mail at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont.

## Something About Binder Twine

Farmers who intend placing their orders for Binder Twine, shou'd not take any Twine unless they know some-, thing about its brand There will be a great deal of cheap, rough Twine on the market this coming year, and farmers should bear in mind that they have no way of discovering this until they come to use it, when they are really too busy to have any mistakes rectified.

We are selling the well-known brand "Our Superior" that we have sold here for 3 years and which has given universal satisfaction. We guarantee that the twine will be the same this year as last, hence, farmers will be perfectly safe in ordering it.

Last year some dealers sold a so-called Superior Twine. but it was not the genuine article, as Our Superior Twine is made by the Plymouth Cordage Co, and every ticket on the balls bears their trade-mark on the back, viz, a sheaf of grain. No twine that has not this trade mark on the back of the ticket

is genuine "Our Superior Twine." Farmers, remember this and do not allow yourselves to be Imposed on We are now taking orders for Binder Twine and are guaranteeing the price against any decline or advance up till the time you take your twine home. Our aim has always been to give the farmers a good working twine, and we think that considering the quantity we sell, there is no firm in Canada who receive fewer complaints.
