

Could Not Walk Ten Yards Without Resting.

Mrs. D. Herkimer, Hall's Bridge,
Ont., was Troubled with Weak
Heart and

Sleeplessness.

"How many women are troubled with a weak heart? How many lie, night after night, trying to sleep, and can't? Perhaps you are one of them? If so, read what Mrs. Herkimer says. It may save you years of suffering if you take her advice."

"I am now enjoying the best of health, after having used Milburn's Heart and Nerve Pills. I was troubled with a weak heart, and was afraid to draw a long breath, for the pain it would cause me. I could not sleep at night, and it was impossible for me to walk ten yards without resting myself. I cannot speak too highly of your Heart and Nerve Pills; they are the greatest pill I have ever used, and I can recommend them to all sufferers."

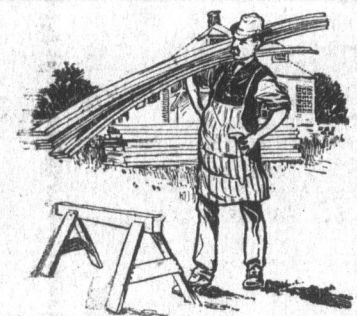

The price of Milburn's Heart and Nerve Pills is 50 cents per box, or 8 boxes for \$1.25. For sale by all dealers, or mailed direct on receipt of price.

RAISE BLOOD RED FLAG

St. Petersburg Populace in Re-
volt On Sunday.

Chosen Down in Fight With Police—People
Used Cudgels and Officers Flat of Their
Swords in the Riots—A Lively Two-
Hours in the Russian City—Progress
of the War—Japs Sail Battering Port
Arthur Ships.

St. Petersburg, Dec. 12.—A popular
anti-Government demonstration, the
participants in which included large
numbers of students of both sexes,
began at mid-day in the Nevsky
Prospect and lasted about two
hours yesterday. Hundreds of police
and mounted gendarmes, which were
hidden in the courtyard of the public
buildings, emerged suddenly and
charged the crowd at full gallop,
driving the demonstrators in head-
long confusion and screaming with
terror upon the sidewalks and into
adjacent streets. This led to serious
encounters, fifty persons being more
or less severely injured. Large num-
bers were arrested. Not since the
riots of 1901, when Cossacks stretch-
ed across the Nevsky Prospect from
building to building, charged down
the boulevard from the Moscow
station to the Nova, has the Russian
capital lived through such a day of
excitement as this.

Blood Red Flag Shot Up.
Towards 1 o'clock the workmen
and students seemed to swarm to-
ward the corner of the Hotel Europe,
opposite the Kazan Cathedral. The
police tried in vain to keep back the
human tide. Then when there was
not a single mounted policeman in
sight, from the heart of the thickly-
wedged crowd a blood red flag sud-
denly shot up. It was the signal.
Other flags appeared in other parts
of the crowd, waving frantically
overhead, and they were greeted with
a hoarse roar: "Down with auto-
cracy!" The students surged into the
street singing the "Marseillaise."

Women Especially Fierce.
The doors of adjoining courts were
thrown back and battalions of police
came out. A double squadron charg-
ed the flank of the demonstrators
with drawn sabres. Five other
squadrans circled the mob, cutting
through the fringe of spectators. The
main wedge of the demonstrators
stood fast only a moment or two.
There was a sharp rattle of cudgels
and sabres, though the wounds show-
ed the police struck principally with
the flat of their sabres. The women
were especially fierce in their resis-
tance. Many were struck and tramp-
led and blood streamed down their
faces. The police urged their horses
fiercely into the crowd, driving before
them those who resisted. The in-
tense excitement lasted about 10
minutes, after which mounted officers
kept the crowd moving.

Considering the sharp fight the
rioters had put up the police acted
humanely with the crowd. There were
probably a hundred broken heads,
and several were severely wounded,
though none fatally, so far as is as-
certained. So far there have been
over 100 arrests. The ferment con-
tinued all day and far into the night
although only one or two other abor-
ative attempts were made at demon-
strations.

BATTERING RUSS FLEET.

Japs Continue to Drop Shells Into Por-
Arthur Fleet.

Tokio, Dec. 12.—The battering by
the Japanese of the Port Arthur
fleet continues, and there is little
ground for expecting that they ever
will again engage the Japanese. The
battleship Sevastopol continues at
anchor outside, but possibly returns
to the harbor at night and anchors
inside the outer boom, which pro-
tects her from torpedo boats. The
recent heavy weather has given added
protection to the vessel. In order to
end the question of the future
availability of the Russian warships
the Japanese continue to drop shells
into the sunken hulks. The where-
abouts of the torpedo boat destroy-
ers continues doubtful, but it is
thought they are sheltering outside
the harbor.

Russ Cruisers Sunk.

Washington, Dec. 12.—The Japan-
ese legation has received the follow-
ing cablegram from Tokyo:
"Commander Naval Artillery re-
ports bombardment Friday, at Bay
an fire, which heeled to port twenty-
five degrees, nearly capsizing.
Retvizan and Poltava submerged at
high tide to upper deck below con-
ning tower. Pallada and Pobeda
heeled considerably to port and star-
board respectively exposing hull be-
low water line and in high tide the
upper deck washed. Peresviet sub-
merged in high tide up to stern walk
at stern and torpedo tube at bow.
Gibyak close to shore, listing con-
siderably and believed resting on bot-
tom. Sevastopol at dawn Friday re-
moved from anchorage to outer road-
stead, presumably for escaping shells."

A Jap Cruiser Sunk.

Tokio, Dec. 12.—The Japanese
cruiser Saiten struck a mine and
sank Nov. 30. The majority of her
crew were rescued. Finding that the
Saiten was making water rapidly the
Akagi and the other Japanese ships
launched turned their attention to re-
scuing the crew. Fifteen officers and
175 men were saved, but Capt. Taji-
ma and 28 others went down with the
ship.

Curzon in Calcutta.

Calcutta, Dec. 12.—Lord Curzon
has arrived here and will resume his
duties as viceroy to-morrow.

A Change For The Better

The Way Physicians Now Treat
Catarrh.

Physicians who formerly depended
upon inhalers, sprays and local wash-
es or ointments now use Stuart's Cat-
arrh Tablets because, as one of the
most prominent stated, these tablets
contain, in pleasant, convenient form
all of the really efficient and reliable
catarrh remedies, such as red gum,
blood root and Hydrastin.

They contain no cocaine or opiate
(so common in liquid catarrh medi-
cines and cough syrups) and they are
given in the way in which they cleared
safety and benefit.

Dr. J. J. Reitering says: "I suffered
from catarrh in my head and throat
every winter and it would hang on
clear into summer, with stoppage of
the nose and irritation in the throat
affecting my voice so that I was
continually clearing my throat before
I could speak plainly; it finally ex-
tended to the stomach causing cat-
arrh of the stomach."

I bought a fifty cent box of Stuart's
Catarrh Tablets at my druggists,
carried them in my pocket and used
them regularly several times a day,
and the irritation in the throat cleared
away and throat and improved my
hearing and general health. I con-
sider little short of remarkable. I
had no catarrh last winter and spring
and now I am entirely free from
any catarrhal trouble whatever."

Mrs. Jerome Ellison, of Wheeling,
writes: "I suffered from catarrh
nearly my whole life, and last win-
ter my two children and I suffered
from catarrhal colds and sore throat
so much so they were out of school a
large part of last winter. My brother,
who was cured of catarrhal deafness
by using Stuart's Catarrh Tablets,
urged me so much to try them that
I sent to the drug store and bought
a package and I am truly thankful
for what they have done for me and
my children. I always keep a box of
the tablets in the house and at the first
appearance of a cold or sore throat
one or two of the catarrh tablets nips it
in the bud and catarrh is no longer
a household affliction with us."

Explains Navy Scheme.

London, Dec. 12.—The Admiralty
has issued a circular to all naval
commanders, explaining Lord Sel-
borne's scheme, which becomes ef-
fective on Jan. 1, and detailing the
organization of warships of the re-
serve. Each ship on the war list not
in commission at sea will be kept
commissioned in the reserve, and have
a nucleus crew comprising the im-
portant officers and two-fifths of
the war crew, including all ex-
perts in torpedo and gunner rat-
ings. The reserve ships will be dis-
tributed between three home ports,
and provision will be made for sur-
plus crews in barracks to enable six
battleships or first-class cruisers to
be fully commissioned on emergency
without dislocating the general mobil-
ization arrangement.

1,000 Souls in Peril.

London, Dec. 12.—Capt. Mills of
the American liner Philadelphia has
entered a protest against reckless
target practice carried on off Plym-
outh. He says as he approached the
harbor on Sunday with nearly 1,000
souls aboard their safety was dan-
gered by a gunboat firing, which
was persisted in even after the pur-
sult launch apprised the gunboat of
the liner's approach.

Australian Wheat Damaged.

Montreal, Dec. 12.—F. W. Thomp-
son, manager director of the Ogilvie
Flour Mills Company, Limited, has
received a cable from their agents,
Burris, Phillips & Co., Sydney, Aus-
tralia, reporting that the wheat crop
of the Commonwealth had been se-
verely damaged by fire and drought.

To Build 28 Warships.

Rio Janeiro, Dec. 12.—The Senate
Saturday passed to a final reading
the bill authorizing the Government
to build twenty-eight war vessels.

One Came Out After The Other.

Suffered with Boils for Six
Months.

Mr. Elie Braizeau, Meadowside
Station, Ont., tells of his ex-
perience with Boils and
Burdock Blood Bitters.

He says:—"In the Spring
of 1899 I was continually
troubled with boils—one
coming after another for about six
months. I suffered terribly, and
was in a very bad condition. In
August I got a bottle of Burdock
Blood Bitters, and began to feel
better after taking it. I kept on
until I had used five bottles, and
can truthfully say that I was cured,
and have remained so ever since.
I have not had the least sign of a
boil."

There is nothing like Burdock
Blood Bitters for bad blood, boils,
pimples, dyspepsia, indigestion,
or any trouble arising from the
Stomach, Liver, Bowels or Blood.

Minard's Liniment Cures Diphther-

The Letter-Box

Chatham, Dec. 9th, 1904.

To the Editor of The Planet:
Kindly insert the following in your
valued journal.

There were several very pointed
reflections upon the value of the
experts' work in connection with the
proposed new market building, in The
Planet Dec. 6th, 1904.

We wish to correct the statement
that Mr. Rutley's estimate was about
\$25,000.00. It will be remem-
bered by the Council and The Planet
and News, that Mr. Rutley's own es-
timate was about \$50,000.00, while Mr.
Wilson's first estimate was about
\$25,000.00. Had Mr. Wilson let this
first estimate stand at \$25,000.00,
added 31.2 per cent for architects' fees,
\$7,812.50; inspector's fees 200 days
at \$3 per day, \$600.00; total \$33,412.50,
he would have arrived at approximately
correct. The difference be-
tween this estimate and ours being
\$1,047.50, we estimating about 31.2
per cent higher. We consider Mr.
Wilson's first estimate more nearly
correct than his later one.

Mr. Wilson explained to The Planet how
he arrived at his latest estimate. He
stated that he consulted the leading
contractors, and they gave him this
information in a friendly spirit;
but it is altogether a different mat-
ter when the contractors have to
deposit with the corporation a mark-
et check for 30 per cent of the total
of their bid for a building complete
and ready for use, as would be re-
quired if their tender is to be accept-
ed. All parties who have had expe-
riences with estimates furnished by
architects and others will agree with
us when we say they have in the
majority of instances found them
too low.

We are of the opinion that esti-
mates furnished by Mr. Wilson
would have no real value as a help
to arriving at the actual cost with-
out the conditions pointed out above
being insisted upon.

Notwithstanding, The Planet states
to find that Mr. Wilson's estimates
(not the contractors') are definite and
conclusive, being arrived at from con-
tractors' tenders already received, and
Mr. Wilson's estimate of \$25,800
includes the whole building complete
in every detail, and several serious
and costly omissions which we
will point out later on.

According to The Planet "the con-
tractors would be anxious to receive
the work under the figures." If other
contractors were to be so anxious, as
it will be if the present members
of the Property committee are again
elected, as we hope they will be.

If Chatham is to have a market
building we think that the best for
the least money should be the choice.

We can truly say we have con-
scientiously endeavored to do our duty
to the best of our ability.
W. H. GONNE, Architect.
E. B. JONES.

with estimates submitted by archi-
tects on public buildings, therefore
they wished to avoid a repetition of
these experiences.
The plans submitted by Messrs.
Wilson, Piper and Rutley are all good
and would fulfil all requirements of
a market building for this city, with
exceptions mentioned above.

The several plans are similar in
general arrangement, with some dif-
ferences, such as small stalls in Mr.
Wilson's plan and large stalls in Rut-
ley and Piper's plans. The divisions
of the offices are similar. The police
station is practically the same
with the exception that Mr. Wil-
son's plan shows a vault, which we
consider necessary.

We would have given our report
in favor of Mr. Wilson's plan if his
figures had been the lowest, but by
his own showing in his latest esti-
mate the total amount is still higher
than Mr. Rutley's, as we will show.

Mr. Wilson's latest estimate, \$25,800.00.
Architect's Com., 31.2 per cent,
\$8,049.00.
Inspector's fees, 200 days at \$3.00,
\$600.00.
Total, \$33,449.00.

Rutley's, including architect's Com.
and inspector's fees, \$35,900.00.
Mr. Wilson's building is the long-
est, 253 feet.

Mr. Rutley's building, 232 feet.
Mr. Piper's building, 220 feet.

We wish to explain those "strong
discrepancies,"—Planet.

We submit here some figures that
Mr. Wilson did not include, and some
that he had to increase owing to
the arrangement of his plan re heat-
ing, as follows:

\$1,562.00 difference between cost of
Wilson's and Rutley's heating sys-
tems.
\$1,033.00 architect's commission.
\$804.00 inspection.
\$103.00 gas fitting.
\$23.00 cells.
\$'000 common stone.
\$300.00 clock.
\$10.00 flag and pole.
Total, \$4,123.00.

We find that Mr. Wilson has only
one new cell in his estimate, as he
intended to use the old cells in the
present police station, and the above
amount is added to put in all new
cells. Mr. Wilson's arrangement of
building requires more radiating sur-
face to properly heat it, consequently
requiring a more costly heating plant.
Mr. Wilson has omitted gas lighting,
common stone, clock, flag and pole,
architect's commission, superintend-
ent's commission; all of the above
were included in the estimates of
Messrs. Rutley and Piper.

We are of the opinion that the
proposed market building will be self-
sustaining and should return a re-
venue if under energetic management,
as it will be if the present members
of the Property committee are again
elected, as we hope they will be.

If Chatham is to have a market
building we think that the best for
the least money should be the choice.
We can truly say we have con-
scientiously endeavored to do our duty
to the best of our ability.

W. H. GONNE, Architect.
E. B. JONES.

To the Editor of The Planet:

Will you kindly insert the follow-
ing in your valued journal.

I have been personally acquainted
with Mr. Gonne for the past 35 years
and I know he is a very good valua-
tor, architect and contractor. He has
been employed by the best busi-
ness men in the city as valuator
of some of the largest buildings.
His confidence shows him to be per-
fectly reliable in any work he may
undertake.

E. B. JONES.

MAKES MEN • SOUND AND STRONG

Detroit Specialist Making Men's
Diseases a Specialty for Years.
Will Accept Your Case, Giving
Individual Treatment. You
May Use in the Privacy
of Your Own Home.

You May Pay When You are Cured.
A Detroit Specialist who has 14 diplomas and
certificates from medical colleges and state boards
of medical examiners, and who has vast experi-
ence in doctoring diseases of men, is positive he
can cure a great many so called incurable cases.

DR. S. GOLDBERG.
The possessor of 14 diplomas and certificates,
who wants no money that he does not earn.

In order to convince patients that he has the abili-
ty to do so, he says, Dr. Goldberg will accept your
case for treatment, and you need not pay one
penny until a complete cure has been made, he
wants to hear from patients who have been unable
to get cured, as he guarantees a positive cure for
all chronic, nervous, blood and skin diseases,
which he accepts for treatment. He not only cures
the condition, but likewise all the complica-
tions, such as rheumatism, bladder or kidney
troubles, blood poison, physical and nervous
debility, lack of vitality, stomach trouble, etc.

The doctor realizes that it is one thing to make
claims and another thing to back them up, so he
has made it a rule not to ask for money unless he
cures you, and when you are cured, he feels sure
that you will willingly pay him a small fee. It
seems, therefore, that it is to the best interests of
everyone who suffers to write the doctor confi-
dentially and lay your case before him, which will
receive careful attention, and a correct diagnosis
of your case will be made free of charge. If you
have lost faith write him, as you have everything
to gain and nothing to lose; you must remember
no one penny need be paid until you are cured.
All medicines for patients are prepared in his
own laboratory to meet the requirements of each
individual case. He will send a booklet on the
subject, which contains the 14 diplomas and cer-
tificates, entirely free. Address him simply 617
Dr. S. Goldberg, 28 Woodward Ave., Room
Detroit, Michigan. Medicine for Canadian pa-
tients sent from Windsor, Ont., consequently
there is no duty to be paid.

Sunlight Soap is a well made Soap

The making of soap is no longer a chance mixture of miscellane-
ous fats. Expert chemists carefully watch and test every step in the
making of

Sunlight Soap

The fats and oils must be perfectly pure and at every stage of the
process the soap must come up to Sunlight standard. That is why it
cleanses your clothes perfectly, makes your blankets soft and fluffy,
does not destroy your most dainty linens or injure your hands.

Sunlight Soap washes equally well in hard or soft water. Your
dealer is authorized to return the purchase money if you are not
satisfied.

LEVER BROTHERS LIMITED, TORONTO

The Sunlight Maids are through their washing by noon—that's
the Sunlight way

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought
on a double varicocele. When I worked hard the aching would
become severe and I was often laid up for a week at a time.
My family physician told me an operation was my only hope,
but I dreaded it. I tried several specialists, but soon found out
all they wanted was my money. I commenced to look upon all
doctors as little better than rogues. One day my boss asked me
why I was off work so much and I told him my condition. He
advised me to consult Dr. Kennedy and Kergan, as he had
taken treatment from them himself and knew they were square
and skillful. He wrote them and got the New Method Treat-
ment for me. My progress was somewhat slow and during the
first month's treatment I was somewhat discouraged. However,
I continued treatment for three months longer and was rewarded
with a complete cure. I could only earn \$12 a week in a machine
shop before treatment, now I am earning \$21 and never lose a
day. I wish all sufferers knew of your valuable treatment."
HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They sap
the very life blood of the victim and unless entirely eradicated from the system
will cause serious complications. Diseases of Mercury, only suppress the
symptoms—our NEW METHOD positively cures all blood diseases forever.
SUFFERING OR MIDDLE AGED MEN—Impure acts in the blood have broken
down your system. You feel the symptoms stealing over you. Mentally, physically
and vitally you are not the man you used to be or should be. Will you heed the
danger signals?

Are you a victim? Have you lost hope? Are you intending
to die? Has your blood been diseased? Have you any weak-
ness? Our New Method Treatment will cure you. What it has done for others
it will do for you. CONSULTATION FREE. No matter who has treated you,
write for an honest opinion Free of Charge. BOOKS FREE—"The Golden Moni-
tor" (Illustrated), on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No
names on boxes or envelopes. Everything confidential. Question list and
cost of treatment FREE for Home Treatment.
