END OF THE SCHOOL BOOK SWINDLE.

The difference between an administration of spoilsman and rake-off promoters, and one conducted on business principles, is illustrated by the new school book contract made by the Whitney Government of Ontario after receiving tenders. The old school book ring has disappeared, and the series of rackets will be sold at less than half the present cost. Not one book will cost fifty per cent. of the price now charged, while some are reduced sixty per cent. and more. Even from these low prices there are large discounts to purchasers of even the smallest quantities direct from the publishers. It is estimated that on readers alone the saving to parents in Ontario is \$80,000 a year. This represents only a portion of the excessive profits hitherto made by the ring, much of which doubtless went to the political machine managers. The machine of Ontario must now be financed wholly from Ottawa plunder. Unfortunately some of the other provinces are not yet delivered from the school book swindle.

Build up Chatham!

Every progressive ratepayer will vote for the Wolverine Brass Works by-law to-morrow.

The lady voters of the city are requested to be ready to be driven to the polls to-morrow morning.

Even if you do lose half an hour in casting your vote for the by-law to-morrow, it will pay you well if the count shows a majority FOR.

The bringing of the Wolverine Company to Chatham will mean that YOUR taxes will be reduced. Do you want to keep on paying all the taxes yourself, or do you want to bring people here to assist you to manage the city's affairs? Show your progressiveness and common sense by helping the city and at the same time helping yourself.

One hundred prosperous workmen coming into Chatham will be a great addition to our population. They will have to live here and will have to pay for their living. This means something to merchants, property holders and taxpayers. It would be a great thing if Chatham had a chance to pass a hundred such by-laws as the one which will be submitted to-morrow. IT COSTS THE CITY ABSOLUTELY NOTHING.

BONES OF MASTODON FOUND AT RIDGETOWN

Ridgetown, June 4.—While plowing in a field near Duart, T. T. Barz unearthed a bone of a mastodon and has every assurance that the rest of the skeleton will be found lower down. The bone discovered is three feet long and about ten inches in diameter at the points, and is in a good state of preservation.

About a foot of black loam covered the mud in which the bones were found. The villagers are awaiting with keen interest the excavation that will bring the rest of the bones to light. Judging from the length of the bone already found, the animal must have been of huge proportions and must have stood fully nine feet high.

SAN JOSE SCALE

Captain Boles has heard that in a test near St. Thomas of the effects of winter spraying of twenty-four trees—apple, plum and peach—half the number with the lime and sulphur spray, and the other half of each with the mineral water—as recommended by Captain Boles—there was no visible difference as regards the destruction of the San Jose scale, but the shoots of those on which the lime and sulphur was used are longer and of lighter color, and the blossom rather farther advanced, but not more plentiful.

This might be owing to the lime and sulphur covering the tree with a thicker coat, thereby keeping out a certain amount of frost, which might retard the sap in a tree not so protected. He will be notified as to the appearance and production of fruit when ripe.

Mandy-Hives and other blotches are supposed to be caused by an acid stomach. A simple remedy and one that is very effective is Hollister's Rocky Mountain Tea. 35 cents, Tea Tablets. A. I. McCall & Co.

MR. O. B. HULIN IS A VETERAN ODDFELLOW

Monday was Mr. O. B. Hulin's 50th anniversary as an Oddfellow. On the 2nd day of June, 1857, Mr. Hulin joined Chatham Lodge, No. 29, I. O. O. F., and has for the last half century been an honored member of the Order.

It is given to few men to hold such a record as this, and the many Oddfellows in the city will doubtless extend their hearty congratulations to Bro. Hulin upon this memorable occasion. Mr. Hulin has held all the high offices in the gift of the Order, and has several times represented Chatham Lodge, No. 29, at Grand Lodge meetings in different parts of America.

His greatest service to the Order was rendered as a member of the Building committee at the time the present magnificent temple was erected. He gave a large part of his time to superintending its construction, and all Oddfellows regard the edifice as a monument to his untiring zeal and devotion to the cause of Oddfellowship.

Hope is a waking dream.

DISTRICT BLenheim

Blenheim, May 31.—Mrs. Ira Burke, who has been quite ill for the past week, is better.

Mr. and Mrs. George Munroe, of Galveston, Texas, are at present visiting Mr. and Mrs. Malcolm Campbell.

Lorne Wedge, of Blenheim, who has been for some time past working at Essex, has returned home.

Frank Rodgers, who lately removed to Windsor, having secured a position in that city, renewed old acquaintances here for the last week.

Yesterday was "pig day" in Blenheim, and a very large number of those creatures were brought into town to be weighed and shipped.

Mrs. E. J. Witherford and family, of Blenheim, moved to St. Thomas this week. Mr. Witherford having been there for some time.

There were four people baptised at the Baptist church last Sunday. Next Sunday being the first Sunday in the month, holy communion will be celebrated in Trinity church at 11 a. m.

When in Chatham call at Wonderland. Moving pictures and illustrated songs, changing Mondays and Thursdays. Admission 5 cents.

WHAT ABOUT YOUR KIDNEYS?

St. Kitt's Carpenters Go Back.
St. Catharines, June 3.—Local carpenters, who have been on strike several weeks, have accepted the compromise of the contractors to settle at 33 cents, and have returned to work.

There is nothing humiliating in true humility.

Money talks, but not half so loud as manhood.

It comes hard to lose a soft berth.

They all say the same about **St. George's Baking Powder**

"Dozens of my best customers have put St. George's to the test."
"They have tried it for Biscuits and Doughnuts—for Cakes and Pies—for Muffins and Pancakes."
"And they agree that St. George's can be depended on—that when they do their share of the baking right, St. George's makes the lightest, whitest, tastiest pastry and cakes and biscuits—in a word, that it is the best Baking Powder they ever used."
"And my customers are pretty fastidious people, too."

AN EASILY REGULATED FURNACE

It's a real pleasure to own a Sunshine. It's so easily regulated. Drafts work perfectly—do just what you expect them to.

The fire is always under control. You can have as hot a fire as you like on zero days. And one just warm enough to keep the chilly feeling absent when a thaw comes. Fortunate is the man who owns a Sunshine.

Drop the chain again. You see, it's not necessary to go down to the basement and turn on the drafts when you want a warmer fire in the Sunshine.

Sunshine is a labor-saver as well as a comfort-producer.

If your local dealer does not handle the Sunshine, write direct to us for FREE BOOKLET.

THE NORTHWAY CO., LIMITED

Change In United States Subscription Rate

The Planet, in common with all other newspapers of Canada, has been notified by the Postoffice department at Ottawa that on and after May 8th next, the rate of postage on papers entering the United States will be changed from one-half cent a pound, bulk weight, to one cent for each four ounces or fraction of four ounces.

This means that single papers entering the United States will each require two-cent postage, that parcels of papers sent to one office will be four cents a pound.

In view of this, after May 8th the price of The Planet sent to the United States will be \$5 per annum. There is a reduction in the actual price of the paper of over \$1, as the postage the publishers will be obliged to pay will be \$3.12, a year on each subscription. The Weekly Planet will be \$1.50 per annum, strictly in advance.

WHY REMAIN THIN AND PALE?

Pale people have pale blood. The stomach is wrong, assimilation is poor and food is not changed into blood. The system lacks vitality and reconstructive power, which can be supplied by Ferrozone. It braces the appetite, digestion is stimulated, what you eat is transformed into the kind of nutriment your system requires. Vital, life-giving blood that makes rosy cheeks, strength that defies weariness, spirit and ambition, all come from Ferrozone. Nothing in the annals of medicine so sure to build up and strengthen as Ferrozone. Try a 50c. box. Sold everywhere.

No man excuses himself by accusing his neighbor.
