

THE ACADIAN.

WOLFVILLE, N. S., SEPT. 26, 1919.

Editorial Jottings.

Hon. Frank Cochran, former Minister of Railways, died at Ottawa on Monday.

The National Conference on Moral Education in the Schools in Relation to Canada, is to be held at Winnipeg, Oct. 20, 21 and 22. Among the leaders of discussion at the conference will be Rev. Clarence McKinnon and Rev. Dean Lwydy, of Halifax.

A large measure of the remarkable success being achieved by the United States' Food Administration in its drive against the profiteers and price gougers is due to the 'pitiless publicity' which the Government is giving to the operations of every monopolist and hoarder who is detected.

To the present 336 profiteers have been convicted by the Stephen, G. B., food committee and have paid fines amounting to \$20,000, while four have served terms in prison. The newspapers insist that more prison sentences are needed to bring the high price traders to their senses.

The New Chief Assessor.

At a recent special meeting of the Council Mr. J. D. Chambers was appointed Chief Assessor for the town for the present year. This appointment is made about two months later than is provided by law, but it appears to be an instance of the application of the old proverb: Better late than never. Mr. Chambers should be a good man for the position. He is an old resident of Wolfville and is familiar with the most of the properties to be assessed. His business training should make him a good valuator of property and his experience as town Councillor and Mayor make him well versed in the requirements of the office. Mr. Chambers will find the task that he has reluctantly undertaken far from an easy one. The present assessment law is almost an impossibility so far as its requirements are concerned, and the facilities have been increased by many years of faulty operation. However citizens will show their appreciation of an honest effort to make an equitable assessment, and we bespeak for Mr. Chambers and his colleagues the full co-operation of all in their labors of providing an assessment roll that will be fair to all.

Wolfville's First School Fair

Last Friday was a gala day for the school children of the town. In the morning sports were held on the campus and all the events were keenly contested. The list of the prize winners will be found on page one. The attendance at the Exhibition in the rink both afternoon and evening was very good indeed. The exhibits, although not numerous, were all of good quality. We hope to publish a complete list of the prize winners in next week's paper. The exhibition was formally opened in the afternoon by Mayor Hales. Dr. Coit made a few remarks on the starting of the school exhibition and the plans for next year's fair. Prof. Blair, of the Experimental Station, Kentville, was present and gave an excellent address on the value of rural science teaching in the schools. In the evening a concert was given by the Scout band.

The following were the judges at the Exhibition:

Vegetables.—Mr. Herbert Johnson, Greenwich.
Cut Flowers.—Miss Baker, of the Agricultural College, Truro.
Manual Training.—Prof. Alex. Southerland.
Domestic Science.—Miss Eleanor Bredt, of Acadia Seminary.
School Work.—Miss Griffen, of Bridgetown.
Collections of Native Woods, Flowers, etc.—Mr. Wetmore, of Yarmouth.

Miss S. E. Cochran, who was for a time on the staff of the Wolfville Public School, has been appointed Rural Science teacher for Windsor under the Rural Science Department of the Provincial Normal College, Truro. Miss Cochran is a graduate of Macdonald Institute, Guelph, Ontario in Rural Science, and holds a diploma from the Rural Science School of Victoria, B. C. During July and part of August, she took the special course in Rural Science at the Summer School, Truro, so that she now holds a diploma for Nova Scotia. Miss Cochran's duties will be to give instructions in nature work, canning fruits and vegetables and in inspecting school gardens and assisting the teachers in arranging school exhibitions. Miss Cochran was in Wolfville last Friday attending the School Exhibition.

NOTICE!

Two or three pupils, beginners in Piano, will be received for instruction in the Normal Department of the Conservatory. The price per half hour lesson will be twenty-five cents. Apply to Dr. C. R. Fisher at his home or studio.

A Memorial Hospital.

Much interest is being manifested in the proposed Memorial Hospital for Kings county. A more fitting monument in commemoration of our fallen heroes could hardly be devised. These splendid fellows have laid their all upon the altar to develop the citizenship of the world, they have enriched the soil by blood that the tree of life may take deeper root. We can do nothing to add luster to their names, but can make their memory more fragrant by erecting the proposed memorial. In a County Hospital, rich and poor alike share in the alleviation of pain and suffering, the prevention and cure of diseases, the untold benefits of modern surgery. The need of a well equipped up-to-date hospital, centrally located in Kings county, is evident to all. No one can deny the need for just such an institution, so it is a matter of thankfulness that we recognize the strength of the Executive Committee. The members are men accustomed to bring things to pass, so there is little doubt that the time and energy they are so fully giving, will soon find itself expressed in wood and stone. The following is the executive: W. H. Chase, Fred E. Harris, S. B. Chute, J. E. Kinsman, Judge Webster, Dr. Cutten, E. B. Newcombe, C. A. Campbell, Dr. J. G. McNally and Dr. M. R. Elliott.

On September 8, the Executive met in the Town Hall, Wolfville, when the following resolution was moved by Judge Webster and seconded by S. B. Chute: Resolved that steps be taken toward the erection of a Memorial Hospital in Kings county, that private subscriptions be asked, and that the Country Council be approached in the matter and that in the mean time, the Executive proceed to select site for the same and procure estimate for cost of the erection of the building, and that the amount to be asked for be determined after the estimates are submitted. Kings county is heartily glad this project is afoot, and will no doubt respond liberally when the time comes.

G. W. V. A.

The members of the Wolfville Branch of the G. W. V. A. wish to express their hearty thanks and appreciation for the manner in which the good people of Wolfville responded to their call on Tag Day. A total of \$146 was raised, which will be used for the purpose of furnishing the new Club Room. The Veterans also wish to thank the Give Service Girls for their work in distributing tags. But for their excellent work this amount could not have been raised. Of the thirty girls who offered their services Miss Elizabeth Ritchie turned in the largest amount of money, collecting \$21.65. She was therefore the recipient of the prize offered, which took the form of a gold lace pin, set with pearls.

The Veterans contemplate opening their Club Room over the ACADIAN Building during the first week in October. It has been suggested that some of the citizens of the town would like the opportunity of donating a few pieces of furniture to help make the rooms as comfortable and home-like as possible. For this reason the Executive Committee has decided not to make any purchases of furniture until the first of the month. Any donation along this line will be greatly appreciated, not only because the furnishings are needed but because it will show that the giver is interested in the welfare of the boys. Following is a list of the articles required: 3 card tables (folding); 25 plain chairs; large writing table; 3 lounge chairs; office desk (small); table lamp (electric); floor rugs; door mat; flag (8 ft.); pictures; magazines and daily papers (subscriptions preferred); assorted games; ink pots; pen racks, etc. For further particulars inquire of the Secretary, P. W. Davidson, Phone 28.

ASBESTONE 40 YEAR ROOFING.

No rags or tar in this roofing.
Pure Asbestos and Asphalt, cannot rot or dry out.
Costs but little more than the ordinary kind.
It is far more durable as well as fire-resisting, and just as easy to put on.
Any other roofing would be totally destroyed by fire. Not so with Asbestone.
It is not what is on a roofing, but what is in it, that counts.
Write for information and sample.
If you can't get it through your dealer, we will send it to you direct.
We want dealers to handle it.

A Word of Thanks
The Committee of the Citizens' Club, who had in charge the Wolfville School Children's Exhibition Day, gladly take this opportunity of expressing their thanks to the following who helped make the day a success:
To the school children, teachers and parents, for the excellent exhibits.
To the citizens for their liberal donations, especially the merchants and business men.
To Mr. Wetmore for his untiring efforts.
To Mr. D'Almeida and Mr. Johnson for the use of the rink.

To Mr. Percy Brown for taking in charge the morning sports.
To Mr. Wright who furnished the lumber used.
To the judges of sports and exhibits who so kindly gave their services.
To Mrs. Burpee Bishop and friends who sent exhibits of canning.
To the many people too numerous to mention who gave a helping hand on the morning of the exhibit.
A financial statement will be issued next week. W. A. Cox, For the Committee.
