GARNEAU LIMITED

P. O. BOX 36.

1st. FLOOR T. A. HALL.

DUCKWORTH ST.

PHONE 727

3 TO 36 HORSEPOWER.

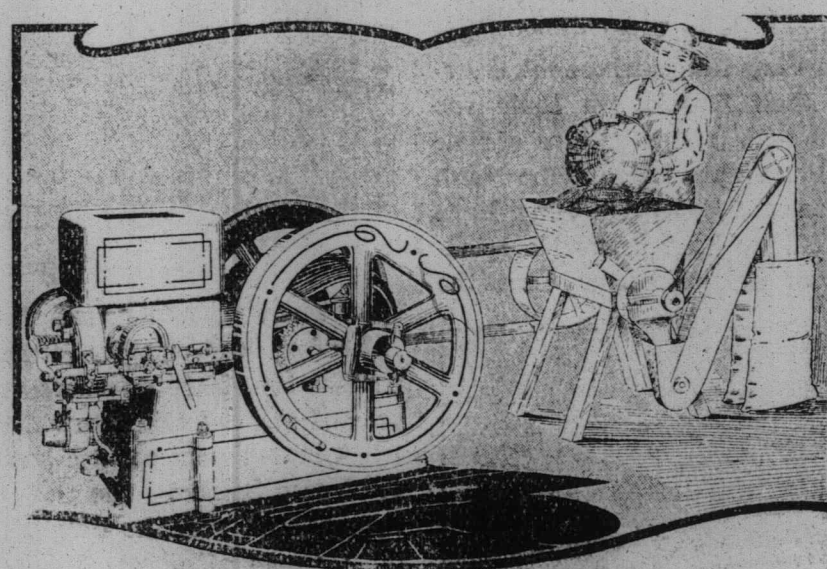

The Bridgeport is an Engine we can honestly recommend for long service, reliability, power and fuel economy.

"Best in the Dominion"

is the reputation earned by

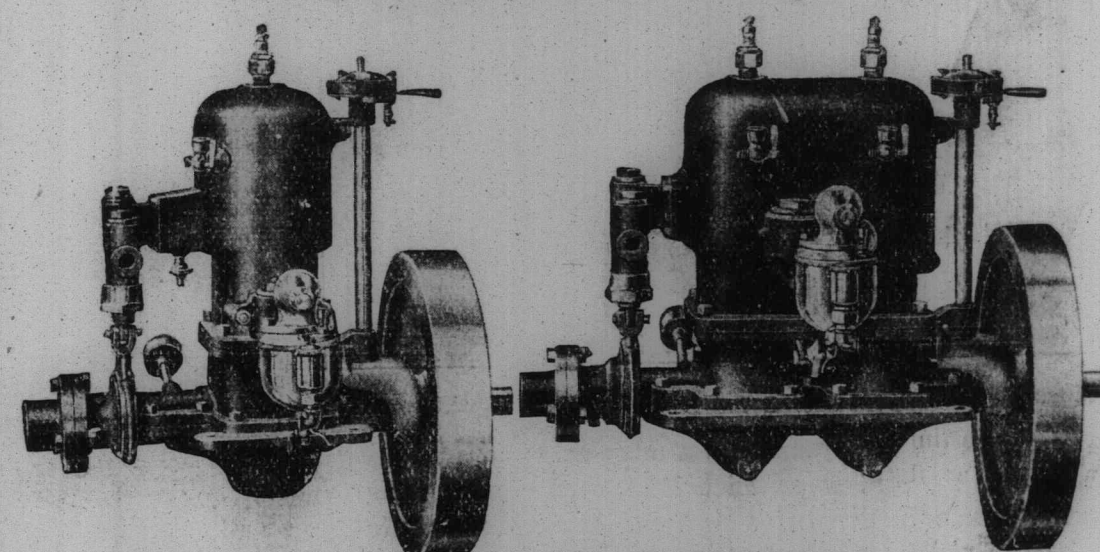

BRIDGEPORT OIL ENGINES

JUMBO STATIONARY ENGINES

For sawing, hoisting, etc., the Jumbo is easily the leader. Extra large crankshaft, bearings and connecting rod are used, insuring strength to carry the heavy load. The throttling governor is also an important feature, as it does away with the gasoline pump pipes and their troubles and insures a proper supply of fuel at all speeds.

LOCKWOOD ASH

2½ TO 8 HORSEPOWER.

The Lockwood Ash is a light type of Engine built for small boats.

Strong, extra speedy, the Lockwood Ash can at all times be depended upon.

This engine is manufactured in one of the largest plants in the United States, where with modern machinery and expert mechanics together, a rigid inspection assures the Lockwood Ash owner of a reliable engine.

In Addition to above we also have large stocks of Shafting, Propellers, Valves, Pipe Fittings, Brass and Iron, Lubricating Oils, and Greases, Steering Wheels, Tiller Chains, Thimbles, Tackle Blocks, Sheaves, etc. Hoists, Sprocket Chain, Saws, Mandrels Belting etc.

BAR IRON all sizes GALVANIZED CHAIN ETC.

MARINE MOTOR ACCESSORIES of every Description.
