GERMANY AFTER FOUR YEAR SUPPLY

London, April 27.—A message to the Evening News from Copenhagen quotes the German ambassador of state as saying that systematic efforts were being inaugurated in Germany for the purchase of sufficient foodstuffs for a four-year supply. This is being done, it is said, on instructions to German chambers of commerce from Dr. Von Bethmann-Hollweg, the imperial chancellor on the ground that Germany must be prepared for at least this length of time.

A VETERAN WHO WAS WITH LORD ROBERTS

Laid Low With Rheumatism—But Cured By "Fruit-a-tives".

CHATHAM, ONT., April 27, 1913. "I am a veteran of the Crimean War and the Indian Mutiny, volunteering from the Royal Artillery into the Royal Engineers, and served under Lord Roberts during the Indian Mutiny, and am a pensioner of the British Government. Pierce hand-to-hand fighting and continual exposure left me a great sufferer from rheumatism, so much so that my legs swelled up, making it impossible for me to walk. "Fruit-a-tives". They cured me of both the Rheumatism and Constipation. In my regular employment, I walk thirty miles a day and enjoy perfect health."

TONIGHT'S ATTRACTION IS "THE BARRIER"

The Lane Company presented Tetchel's comedy drama, "The Lighthouse Robbery", to an enthusiastic house last night. While the plot and dialogue was of the old dramatic order the comedy elements carried the audience to boisterous enthusiasm and in the able hands of Mr. Heister, Mr. Clark, Miss D'Avra and Miss Daly it was given full characterization and life. Mr. Layne, Miss Cooke, Mr. Kirkwood and Mr. Foster, worked hard to bring the plot to a happy conclusion and deserve praise for their efforts. Mr. Layne's dive through the window and subsequent rescue of Little Nellie, ably played by Edna Norman, were special features.

Tonight the company present Rex Beach's novel story of the North "The Barrier."

TURKS REPORT A DEFEAT FOR ALLIES

Constantinople, April 27.—The Turkish war department today gave out the following statement: "Under the protection of warships the enemy attempted to land troops Sunday at four points on the west coast of Gallipoli, namely at the mouth of Sighindere, on the coast in the district of Aviturn to the west of Kabeleph on the coast of Takeburun and in the neighborhood of Kum Kaleh.

"The troops of the enemy which landed at Takeburun were forced to retreat at the point of the bayonet and were pushed back to the coast. Part of these forces on Monday evening were obliged hastily to return to their ships, the Turkish attacks at all points are progressing satisfactorily.

"Simultaneously a fleet approached the Dardanelles to force the straits but it was obliged to retreat before our fire.

"The forces of the enemy which landed at Kum Kaleh advanced under the protection of warships, but despite a heavy bombardment from all sides our troops drove them back to the coast. The enemy lost 400 killed and 200 taken prisoners.

"Our losses were insignificant. "A party of Moslem troops who landed with the French troops on this point of the coast deserted the French and joined our forces.

"Before Kabeleph we captured a number of English and Australian soldiers, among them a captain and a lieutenant.

CRICKETS DESTROY CROPS

Spokane, April 27.—Six hundred acres of wheat have been destroyed by crickets in the Wilson Creek country, according to a report today by C. W. Creel, of the federal department of agriculture.

Millions of the insects have invaded the Wilson Creek valley and trenches three miles long have been plowed on the 6,000 acre farm of one rancher who has established a patrol of six men to destroy the insects. Governor Lister has been appealed to for \$10,000 to aid in the fight on the pests.

MORE LAND CLEARED

Victoria, April 27.—Reports received by the Hon. W. R. Ross, minister of lands, show that there has been a greatly increased activity in clearing land on the east side of Vancouver Island during the past winter, and that this work is continuing at the present time. The clearing has been extensive and has been very thorough; not mere slashing, but clearing with the object of raising crops. It is obvious that the settlers are busily engaged in the preliminaries of increased production, and the indications generally are most encouraging.
