

**THE CONCEPTION-BAY MAN.**

Now let me ask Mr. Hayward what were the professions of this government he is supporting, prior to their receiving power, and which, at that time, he so strenuously opposed, and what are their actions now that they possess it? Have they rendered justice to the Wesleyans of Bay-de-Verds, or have they acted prejudicially towards them? The answer is given in the first paragraph of the letter of a North Shore Wesleyan, and to support its truthfulness the following 'clippings' from the *Pilot* of the 6th March, 1852, Mr. Little's (the now Premier) own paper. Heading the editorial of that date the following poetical patriotic flourish appears:—

"Accurst be our cause, if there linger within it,  
One dark stain of falsehood, one relic of guile—  
If Freedom we love not, and seek not to win it,  
For all, without favour, that dwell in our Isle."

Then the Editor, Mr. Little, alluding to the old government, asks:—"What is our government at the present moment? Representative, quotha! It is an organisation of Executive intrigue flanked with Representative venality, and propped upon every side by dark, deep, foul official profligacy. The people are fleeced like a flock of sheep, while their Representatives are seduced into a quiescent approval of Executive outrage."

Do you hear that, Messrs. Hayward and Prendergast? Was ever truer picture drawn of the present government and its supporters, and that too, by Mr. Little, its Premier. It requires but one word to give it a perfect finish, and that is to add *perjury* after "profligacy." The same date furnishes a protest to an address from a majority of the Bar against Responsible Government, which protest was signed by Mr. Little and four other lawyers. The following paragraph from it is given without note or comment as I have already trespassed too far on your valuable space:

"While we sincerely regret that any such fear of Sectarian ascendancy in the political insinuations of the Country, as those expressed in the address of our Brother-Banisters, should have been entertained by them; we are at the same time fully persuaded, that balanced as the different denominations of Christians are in this colony, in the exercise of their elective franchise, one must act as a check upon the other—and no one can or dare assume an unjust ascendancy to the injury of another. Such being the case, and the scales of representation, being kept equipoised, as at present, between all denominations, it would be impossible upon the concession of Responsible Government, on such a basis, that any sect could rule supreme to the injury of the rest."

**FIRE.**—We have to record another severe visitation of this destructive element—just twelve months since it laid Tarahan's town in ashes. It broke out yesterday morning between 3 and 4 o'clock in a Bakery in Gower-street near Theatre Hill, and being surrounded by wooden houses, it swept east, west, north, and south, destroying in five hours over ninety tenements, for the most part occupied by industrious, comfortable people. We are glad to learn that there is insurance to about eight thousand pounds on the property destroyed; but it is certain, nevertheless that some are heavy losers.—*Newfoundlander*, Oct. 23.

**HOLLOWAY'S OINTMENT.**  
*The Grand External Remedy.*  
By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part.—Disease of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means,  
*Erysipelas and Rheumatism, Scorbutic Humours.*

No remedy has ever done so much for the cure of disease of the Skin, whatever form they may assume, as this Ointment. Scurvey, Sore Heads, Scrofula, Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health. *Sore Legs, Sore Breasts, Wounds and Ulcers.* Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.  
*Piles and Fistulas.*

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.
