IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanses little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

Can Import Liquor On And After Jan. 1st

St. John, Dec. 31—Beginning on January 1, householders in this province can import liquor from other provinces for their own use, the federal authorities at Ottawa having lifted the war time ban on the traffic. Chief Inspector Wilson said yesterday that he expected that the renewal of the operation of the federal law would further complicate the enforcement of the prohibitory act in New Brunswick and would entail more work for his department.

May 1, 1917, to March 1, 1918, the federal and provincial laws permitted the importation of liquor by house holders from other provinces, the delivery being made through express companies usually. The provincial law provides that the liquor must be properly marked and addressed. Christian and family names must be given on the address and liquor cannot be delivered at hotels, boarding houses or offices. Chief Inspector Wilson says that no home which has been convicted of an offense against the liquor laws may receive intoxicants.

The Chief Inspector said yesterday the liquor seized at points on the Maine boundary came from Montreal by way of this province, the C.N.R. bringing it via Edmundston.

Clean The Furnace Soot Wastes Heat

Soot has an important bearing on the conservation of heat. While much has been said and written regarding the necessity for economy of fuel, this question of soot, equally important from the householder's standpoint, has been rather overlooked. Since the coal supply is limited, it is absolutely essential that the maximum quantity of heat obtainable from the fuel be utilized. An examination of many heating systems shows that considerable quantities of soot have been permitted to remain deposited on the interior surfaces of hot-water furnaces, preventing the heated gases from the firepot from accomplishing their duty of imparting the ultimate amount of heat energy to raise the temperature of the water in the boiler. The seriousness of this loss is demonstrated by the accompanying table:

Loss in Conductivity of Boiler Plate Due to Difference in Thickness of Soot.

Thickness of Soot.	Loss P.C.
Clean.....	0.0
1 32-inch.....	9.5
1 16-inch.....	26.2
1 8-inch.....	45.2
3 16-inch.....	69.0

The same applies to stove pipes.

"BUY AT HOME"

Sir Geo. Foster To Be Acting Premier

Ottawa, Dec. 31—While no official statement has yet been made by Sir Robert Borden naming an acting premier to take the leadership during his absence, it was stated this evening that Sir George Foster would be acting premier at least until the opening of the House, and then a House leader would be chosen by a caucus of the Unionist members. During the special session of parliament last summer a similar course was followed. Sir George Foster was acting premier during the absence of Sir Robert Borden, but as he was unable to attend the night sittings of the Commons regularly, the Government members were led by Hon. C. J. Doherty during the greater part of the time.

An Ideal Tonic For Weak People

Dr. Williams' Pink Pills Act Directly on the Blood and Nerves

Food is as important to the sick person as medicine, more so in most cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often fickle and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action which is to build up the blood and restore the vitality to the run-down system. For growing girls who become thin and pale, for pale, tired women and for old people who fail in strength Dr. Williams' Pink Pills are an ideal tonic. Thousands of people have testified to the health-giving qualities of Dr. Williams' Pink Pills, and in many homes they are the only medicine used. Among the homes in which the benefit of this medicine has been proved is that of Mr. E. A. Underwood, Kingston, Ont. who says:—"I have used Dr. Williams' Pink Pills with the most beneficial results. As the result of hard work I was very much run down, and my appetite was very poor. I got a supply of the pills which I used regularly for some weeks with the result that they restored me to my old time strength. They also proved a blessing to my daughter, who was in a very anaemic condition, and who seemed not to get more than temporary relief from any medicine until she took Dr. Williams' Pink Pills. She took the pills for about three months, and is now enjoying the best of health. For these reasons I can strongly recommend Dr. Williams' Pink Pills."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.
