**LABRADOR: Its Discovery, Exploration
and Development.**

By **W. G. GOSLING.** With numerous Illustrations and Maps.
A new chapter in the history of our Colonial Empire, embodying the results
of much laborious research in an exceedingly readable narrative. The work has
been undertaken at the suggestion of Dr. Wilfred Grenfell, C.M.G., whose mis-
sionary and humanitarian labours on the Labrador coast are well known. For points of
special interest, where all is interesting, the reader may be referred to the question
of American Fishery Rights which has been pending for 100 years and will be
shortly submitted to the Hague Tribunal, to the proof of discovery by the early
Norse mariners, the tale of the romantic devotion of Moravian missionaries, and the
adventures of Captain Cartwright, settler, sportsman, and merchant. Published at
2s. nett. **Our Special Price—\$5.00.**
