

THE REINDEER

is an inhabitant of the Arctic Region, and it is possibly the most useful of all the animals which dwell in this part of the world. Unlike the Reindeer, SUNLIGHT SOAP is to be found in all parts of the civilised world, and its great utility is vouched for by millions of contented housewives who would not be without it.

SUNLIGHT SOAP

enjoys a well-merited reputation, it is absolutely pure, and will not harm the most delicate fabric. A piece of Sunlight Soap used in your next wash will convince you of its excellence.

349th Day of the War

ST. PIERRE BULLETIN.

PARIS, via St. Pierre, July 17. North of Arras, cannonading continued all night, particularly sharp north of Souchez and between Neuville St. Vaast and Rollincoourt. In the Argonne was fighting with grenades and petrols around Fontaine and Marie, also fierce cannonading in Meurissins Valley. Two German attacks against our positions situated on the slope of Hill 263 west of Bourville, were repulsed. On the Meuse heights the bombardment of Eparges and Souvay district was kept up all night. In Lorraine at 1 a.m. the Germans launched a counter-attack against our trenches southeast of Parroy Forest, but were thrown back. In the Vosges the Germans counter-attacked during the night the positions lost at Ban de Sapt. This attack was repulsed by our artillery and quick-firing guns. The counter-attack was effected about 11 p.m. by the Germans, against our works at Tournies farm, situated 1,500 yards to the northwest of Bonhomme Village, but it completely failed.

Midnight.—In Artois, cannonading has slackened. Several shells fell on Arras. On the right bank of the Aisne in Troyen district were mining operations and a heavy bombardment. Twenty shells struck Rheims, killing a civilian and seriously wounding another. In Argonne it was somewhat quiet, with no infantry attacks. On the Meuse heights after last night's bombardment, the Germans fiercely attacked our positions from Calonne trenchworks right up to Eparges Village on the southern slope of Souvay. They only succeeded at one point, to secure some ground, in a section of trenches taken from them by us on the 6th July. Several German tanks climbed up the Valley, were either killed or captured. Between Souvay crest and Calonne trenches the enemy was also thrown back, suffering heavy loss. In Apremont forest there has been a continual bombardment.

RUSSIANS RETREATING.

LONDON, July 18. The Russian front, running from the Baltic to Bessarabia, a distance of nearly a thousand miles, is being subjected to violent attacks by Germans and Austrians, and at places has, according to the German official report, been pierced. In the Baltic Provinces, General Von Buelow, who is using large forces of cavalry, has crossed the Windau River, moving toward Riga. In the Praznysyn district, Field Marshal Von Hindenburg, who is making his fourth attempt to reach Warsaw, has twice broken the Russian lines, and compelled the defenders to retire toward the Narew River. In Southern Poland, after a period of inactivity, Field Marshal von Mackenize is again on the move, and claims to have captured some Russian advanced positions which stood between him and his objective, the

Nicholls, a member of the committee, has proposed that the committee or the Shell Committee, in a large assembling plant, individual manufacturers, specialize in parts. If this idea is adopted by the Government, contractors themselves may be in securing such as assistant.

Office is prepared to place larger ammunition ordnance as soon as it shown orders can be filled and fixed a turned out to keep pace manufacture of the empty statement is being prepared. Thomas as to the number ready to undertake shell on a large scale, with to which of these firms undertake the making of cases, primers, fuses, etc.

chines. On being fired on, the unknown intruders disappeared in the bushes back of the hangar, and escaped.

FIRED ON STEAMER ORDUNA.

NEW YORK, July 18. Passengers aboard the British passenger liner Orduna, which reached here to-day, said that a submarine attempted to torpedo the vessel at 6 o'clock on the morning of July 9th. Falling in its effort, it fired six shells at the steamer, none of which took effect. Few passengers were on deck when the attack occurred. Baron Von Rosenkrantz, of Denmark, one of the passengers, reached the deck of the Orduna when she was fleeing from her assailant, and witnessed the attack. The submarine chased the steamer, it is said, for a considerable time, and finally abandoned the pursuit. Next day at a meeting of passengers held in the saloon, a resolution was adopted and handed to Captain Taylor, expressing their heartfelt appreciation and admiration of "the masterly manner in which you manoeuvred and handled your steamer during the sudden and deliberate attack made upon it on the morning of July 9th, by a German submarine."

RUSSIAN STEAMER TORPEDOED.

LONDON, July 18. A Dutch vessel, on Saturday, landed at Aboyne, Scotland, the crew of the Russian steamer Balin, of Riga, which was sunk by a German submarine sixty miles east south east of the Shetland Islands on Friday. The Balin was bound from Blyth, England, to Archangel, Russia, with 1,000 tons coal.

Have you sent your Subscription to the Aeroplane Fund? Don't wait to be called upon, send it TO-DAY. C. R. STEER, Sec.

VENIZELOS ACCEPTS THE LEADERSHIP OF THE GREEK LIBERAL PARTY.

LONDON, To-day. An Athens despatch to the Central News, says: At a meeting held yesterday, 188 members of the Chamber of Deputies requested Eleutherios Venizelos to resume the leadership of the Liberal Party. The ex-Premier accepting, said it was his duty to obey the call of the people, and to varying foreign policy of the present Government constitutes a grave national danger. Venizelos attacked the Government remaining in power against the wishes of the people, and expressed the opinion that with the recovery of King Constantine, affairs would assume their normal state. The re-opening of the Greek Parliament has been postponed until August 16.

12.15 P.M.

GREEKS ORDERED TO QUIT TURKISH SEAPORT.

PARIS, To-day. A Mytilene despatch says: The inhabitants of Alvali, a seaport on the Gulf of Adriamiti, numbering about 25,000, almost all Greeks, have been ordered to evacuate the city and retire to the interior of Asia Minor. The people of the city are not disposed to leave their homes for an unknown fate, without offering some resistance. This news is causing considerable discussion in Athens and the public is beginning to regard the situation with anxiety.

AUSTRIAN AEROPLANE CAPTURED.

The Austrian aeroplane which bombarded Bari yesterday was struck by rifle fire on its way back to its base and fell into the sea off Barletta, according to an official statement. A boat went out and captured the machine with two Austrian officers who composed the crew.

"SCRAPS OF PAPER."

LONDON, To-day. The morning newspapers, commenting on the judgment of the Court of Inquiry into the Lusitania disaster and the attack by a German submarine on the steamer Orduna, characterized the latter as proving that Germany cares nothing for American protests against Germany's submarine warfare. The Daily Graphic says: This latest outrage may help to convince the American people that the German Government attaches no more weight to President Wilson's despatches than to any other scraps of paper.

Lessen Your Living Expenses!

"Be economical," is the cry in England, and this slogan has the same significance in Canada. We all must economize. There is more actual waste in our dress expenses than any other item. When a garment becomes soiled we throw it aside, when for a few cents it could be restored to original freshness and beauty by Dry Cleaning. A saving of at least 35 per cent. in the expense of dressing is possible by using the processes of Dry Cleaning and Dyeing.

Our agents will gladly give you full particulars.

Germans Arrested

AS PRISONERS OF WAR.

On Saturday night the police arrested Emil Sulzbach, aged 23 years, who hails from Germany, as a prisoner of war. Sulzbach had been here about a year and a half engaged in a tailoring establishment, but not long ago got "cashiered" from there. Yesterday afternoon Detectives Byrne and Tobin paid a visit to the Southern Shore on special business. Immediately after reaching the police station Warshawier, and his compatriot, Sulzbach, were conveyed to H. M. Penitentiary, where they will likely remain and help to beautify the surroundings there until the termination of the war. Warshawier carried on a sort of an agency business here for some time and it appears made piles of "dough." Shortly after the outbreak of hostilities, it will be remembered, he was arrested and released again conditionally, but was not allowed to leave the town. Recently he received special permission to go to Holyrood, though only for a limited period and he was to return here again. He did not stay long at Holyrood, however, as enquiries elicited the fact that he was at Top-sail. The next move the German made was to Renewes and Ferryland, but his movements there would not be tolerated and his arrest followed. On Saturday afternoon a German, who recently struck the town, under the guise of an American tourist, was ordered to quit. He intended to go to the Labrador Coast, which is said to be a "feeding ground" for Germans of late, but was compelled to leave the country and take passage on the Florizel or else take up lodgings and become a permanent boarder at the Penitentiary.

Canadians Who Were Presented to King George.

London, July 13.—Five Canadian officers who were recently honored with titles by the King were presented to His Majesty yesterday and received the insignia of their respective orders. They are: Brigadier-General Curry (British Columbia), Companion of the Order of the Bath; Lieut.-Col. Leckie, Companion of the Order of St. Michael and St. George; Major Harold Matthews, and Captains John Parks and

Thomas McKillop, who were created Companions of the Distinguished Service Order. Lieut.-Col. W. W. Bullock is gazetted commander of the 14th Battalion (Montreal), in place of Colonel Meighen, and Hon. Captain Utton, Royal Canadian Dragoons, becomes temporary captain and adjutant of the 48th Highlanders.

KING HENRY'S ADDRESS TO HIS MEN BEFORE HARFLEUR.

(By Shakespeare).

Once more into the breach, dear friends, once more; Or close the wall up with our English dead! In peace, there's nothing so becomes a man As modest stillness and humility: But when the blast of war blows in our ears, Then imitate the action of the tiger; Stiffen the sinews, summon up the blood, Disguise fair nature with hard-favored rage; Then lend the eye a terrible aspect; Let it pry through the portage of the head Like the brass cannon; let the brow o'erwhelm it. As fearfully as doth a galled rock O'erhang and jutty his confounded base, Swilld with the wild and wasteful ocean. Now set the teeth and stretch the nostrils wide, Hold hard the breath, and bend up every spirit To his full height! On, on, you noblest English, Whose blood is fed from fathers of warproof! Fathers, that, like so many Alexanders, Have in these parts from morn till even fought, And sheathed their swords from lack of argument; Dishonor not your mothers; now at test. That those whom you called fathers did beget you! Be copy now to men of grosser blood, And teach them how to war. And you, good yeomen, Whose limbs were made in England, show us here The mettle of your pasture; let us swear That you are worth your breeding; which I doubt not; For there is none of you so mean and base, That hath not noble lustre in your eyes. I see you stand like greyhounds in the slips, Straining upon the start. The game's afoot! Follow your spirit, and upon this charge Cry "God for Harry, England and St. George!"

POGOTA.—The Pogota left Change Islands at 10 a.m. to-day, coming south.
