THE MARKETS

MNADIAN CONDITIONS OF SPECULATORS GUESS THE TRADE ARE FAVORABLE WHEAT YIELD OF REPUBLIC

Says Steady Progress is Good Weather in Canadian Northwest Has Its Effect On the Market

anadian Failures This Market Finished Steady, But Was Largely of a Waiting Character

Chicago, Ill., Aug. 9.—Government

wheat in the United States this season turned out to have been correctly stimated beforehand by speculators a waiting character, finished steady 1-4 to 5-8 under last night. Corn closed a shade to 1-4 lower, and oats varied from 1-4 to 3-8 to 1-4 rise. Guesses on the Washington statement, although right regarding the total wheat crop, went wrong as to the proportions, having put the winter field ten million bushels too low and the spring ten million bushels too high, was manifest that urgent shorts overed yesterday, as the market re-

eived inadequate support. ution of merchan It was asserted that Danubian prices ere lower than American. A leading Chicago dealer was quoted as declaring that the European demand for cash wheat had been filled, and that next ith numerous orders month this country would run into severe competition with Russia and s being placed for fall Canada Weakness developed from the start and was influenced materially by ermal at Hamilton and the beter weather over the American rospects make the out- and Canadian northwest. At the low In the far west and point of the day, however, considerable Means Another Big Bonus for volume, of business buying on resting orders came into evi-

CAPITAL \$50,000,000

That is the Feeling Among the Wise Financiers of

the Stockholders; Good Buying of General Electric

Toronto, Aug. 9.-Locally there was but in sympathy with New York where the stock sold as high as 278 1-8, making a new high record, at closed here at 277 bid, as compared with 275 3-4 bid the previous day. The feeling on the street is that the directors in October will take action with a view of increasing the capital of the company om \$200,000,000 to \$250,000,000. This means another big bonus for share-

closed at 95. Rio was unsettled on through a Want Ad.

other hand, was very quiet, selling at 258 to 257 1-2. The speculation in Canadian bread keeps up well and the stock had a further advance to 36 1-2, but reacter to 36 1-4 at the close. The bonds were firmer at 93

There was god buying of General Electric owin gto the increasing business of the conecern. The stock rose to 114 and closed 113 7-8. Toronto railway was dealt in to the extent of 200 shares at 114 3-4 to 114 1-2. Canada permanent loan lost a point, selling 1-2, closing at 221, while Toronto was the most active at 210 1-2.

New York, Aug. 9.—Until the final hours, when the government report was issued, today's stock market consisted of little more than a series of figures today on the total yield of will be an eye-opener for many of the narrow advances and declines, the exceptions being the higher-priced specialities, the Canadian group railroads and those traversing the southern states. There was much less trading than in the preceding days of the week, with frequent periods of extreme inertia. Traders seemed bearishly inclined, but evidenced no desire way Public interest, especially as re presented by the investor, continued negligable, as was shown in the heavier

> ment in corn over, a month back. Both spring wheat and oats gained in the last month, and their improvement over last year ought to insure bumper crops. The estimated corn yield greater by about 280,000,000 bushels than last year's actual harvest, Roughly calculated on the presenting showing, combined winter and spring wheat may be expected to exceed last year's output by about 60,000,000 bushels. Prices hesitated after the publica tion of the report, but soon recovered, and in the final dealings the highest level of the day was attained by lead-

ing issues with an active and strong Local monetary conditions pointed to increased ease, as seen in the shading o business in C. P. R. shares today, The banks are expected to make a arge cash gain in their dealings with the locals, sub-treasury and interior

The trend of bond prices was lower moderate dealings. Total sales, par value, \$1,407,000 United States government bonds were unchanged on call,
