HOW TO CURE TOOTHACHE

Any aching tooth can be relieved instautly with Nerviline. Fill the cavity with batting dipped in Nerviline and rub the gums with Nerviline also. If the facelis swollen and sore bathe the painful parts with Nerviline and cover with a flannel. This can't fail because Nerviline kills the pain outright and prevents it from returning. Stronger, quicker, more satisfactory than any other liniment. Polson's Nerviline has been the largest seller for nearly fifty years; try it you self.

Gave Baby an Ear of Corn.

Windsor, Jan. 21.—A two year-old daughter of Thomas Gignac, farmer, Anderdon township, met death under distressing circumstances yesterday. The child had been given an ear of corn to play with, and unknown to the mother loosened one of the kernels and attempted to swallow it. The kernel lodged in the child's throat and she choked to death in her mother's arms in a few minutes.

COUNTY NEWS.

A pair of boots was stolen from the front of Whitton's store, Rodney, the In 1905 there was a clear profit to the town of Aylmer of \$2,112.05 from the operation of the electic light plant.

The total receipts of the Rodney Presbyterian church for the past year were \$1,276 03, and of New Glasgow \$805.05.

Ex-Deputy Sheriff Brown has been appointed to the position of lauding waiter at the Pere Marquette freight sheds, St. Thomas.

The Grand Trunk station at Aylmer was burned on Friday night, together with the freight sheds and station agent's residence. The fire originated from a spark from an engine.

Wm. Surgent, of Petrolea, died in the Amasa Wood Hospital on Monday, aged 70 years. While he was visiting his son in St. Thomas he was taken ill. He is survived by four sons and three daughter.

Mr. Robert, of Montreal, the owner of the Port Stauley toll road, has appointed Heury Holgate, civil engineer of Montreal, to act with Judge Macbeth in the toll road arbitration. The third arbitrator must be appointed within two works.

Jas. Kenney, a former brakeman and conductor on the M.C.R., and at one time a resident of St. Thomas, was instantly killed in the Grand Trunk yards, Detroit, where he was employed as a switchman. He leaves a widow and three children.

A disgraceful scene was enacted one evening last week. Three men with a little "John Barleycorn" in them were going to clean up the town. After considerable corsing and vile language, etc. they ran against a little Englishman, who would stand none of it and laid out the largest one in the crowd, much to the astonishment of a large number of youngsters who were following the trio. The little fellow who was evidently no greenhorn, pummelled one of the men so that the services of a physician were required and at last accounts the man was still unable to get about.— West Lorne Sun

S. Wilson, of Port Stabley, was summoned to appear before County Police Magisirate Hunt at Port Stabley on a charge of stealing nine steel traps from the creek west of Port Stanley, the property of Thylander Cary. The mag-istrate went to Port Stanley to hold open court, but Wilson failed to put in open court, our wison failed to put in an appearance and a warrant was issued for his arrest. He was arrested on the warrant and brought to St, Thomas by Officer Price. He was bailed to appear there on Saturday. The accused was found guilty and was adjudged to pay a fine of \$15 in lieu of a month's im-prisonment.

THOSE ANNOYING BLACKHEADS External applications will never remove imples or blackheads. Only by stimulat pimples or blackheads. Only by stimulating circulation and purifying the blood can it be done. For quick, sure release from these pests use Ferrozone; it drives all humors from the blood, makes the skin healthy, tones up the system. With the pure nutritious blood made by Ferrozone it's impossible to suffer from any skin disease. You'll have a smooth, delightful skin, healthy color and beautiful complexion by using Ferrozone—and you'll feel immensely better as well. Fifty cents buys a box containing fifty chocolate-coated tablets at any drug store.

AN ANALYSIS OF MEDICINES.

Ottawa, Jan, 17.-The Inland Revenue Department will shortly publish the results of an analysis that its chemists have made of a number of the best-known patent medicines, including headache powders

The information when it comes The information when it comes from the printers, will be available for all those who are desirous of knowing what these preparations contain, and some highly interesting particulars are promised from the bulletin when it appears. Canadians at large will be able to see for themselves the risks attend. see for themselves the risks attending the indiscriminate use of alleged remedies whose properties they do not so far fully realize. The subject is now receiving a certain amount of deserved attention tain amount of deserved attention in the States, and is being pressed upon the notice of the Minister of Inland Revenue by individuals who want steps taken for the protection of the Canadian public from impositions and frauds

The session before last Senator Sullivan, of Kingston, spoke of the excessive amounts of alcohol that certain preparations contained, and declared it an evil thing for the Government to be licensing certain persons to poison the people of the country.

"These compounds," he added, should be analyzed anyway, and the manufacturers of them should not be allowed to mislead the public."

LULL IN YORK LOAN AFFAIRS

Toronto, Jan. 20.—There is a lull in York Loan affairs, but the liquidating company continues busy at the old stand trying to find out how much money the York Loan is responsible for. Pass books are coming in pretty freely and most of them are in intelligible shape, but there are thousands still outstanding and until most of them are in a statement cannot be made.

There is another report to go to the government from the investigator, Mr. Cross, who is not in town just now, but nevertheless, the report is fairly well under way. Mr. Cross went to New York a couple of nights ago, but it was not on York Loan business, and Mr. Clarkson would not say how near the new report was to being ready. He would not discuss the matter

till Mr. Cross came back.
Hon. Mr. Foy said he had nothing new to say regarding the matter, but he is expecting further news from Investigator Cross.

Manager Phillips is out on bail and does not decline to give the liquidators any help he can in untying the knot

The committee representing the local shareholders is doing nothing but arrange the mass meeting for

In every quarter of the city and in many places in the province there is speculation as to how much meney will come back on the investment. Everybody has something there or knows somebody else who has. Until the liquidators are able to make a statement of liabilities it can't be adequately. guessed at what percentage the victims will get off with.

OLD-FASHIONED NAMES

Old-fashioned names for girls are of the fashioned names for girls are in favor again, after these years of Gwendolen, Eloise, Margneritte and Aileen, Catharyne and Mamie. The girl who spelled her name Carrye now signs it Caroline, and rejoices in the beautiful old-fashioned name. her final "h," which she once dropped in disgust. Mollie, Marie and Mae are now Mary, that most beautiful of names. Lizzie would be horrified if called anything but Elizabeth, and Jennie wants to be Elizabeth, and Jennie wants to be known as Jane with no mistake about it. Suzette and Susanne are glad to return to the plain, dignified old name of Susan, and Nanette calls herself Nancy with more calls herself Nancy with more pleasure than she ever dreamed. Lou, Louie and Lulu are plain Louise, and one girl who was christened for her grandmother, but always called herself Annie is proud in displaying Hannah on her cards. in displaying Hannah on her cards.

BRAVE GUELPH GIRL.

Guelph, Jan. 18.—The pluckiness of a fourteen-year-old girl last night foiled a daring attempt at robbery. About 9 o'clock a young man entered the grocery store of Mrs. C. F. Lee, Queen street, and, after asking for change, drew a revolver, and, pointing it at the revolver, and, pointing it at the girl, demanded the contents of the till. Upon being refused th grabbed a heavy knife and endeavored to intimidate her with it. Still the girl bravely defended the till until Mrs. Lee came upon the scene and telephoned for the police. Even then the man persisted, and, turning his revolver at the woman, turning his revolver at the woman, threatened to shoot her. The ringing of the telephone bell probably frightened the would-be robber for he ran out of the store and disappeared in the darkness.

Marshall Field to Young Men.

The trouble with most young men is The trouble with most young men is that they do not learn anything thoroughly and are apt to do the work committed to them in a careless manner. Forgetting that what is worth doing at all is worth doing well, they become mere drones and rely upon chance to bring them success.

mere drones and rely upon chance to bring them success.

The young man possessing a conscience that cannot brook the slightest suspicion of wrong-doing, and which insists on steadfast and undeviating truthfulness, sturdy honesty, and strict devotion to duty under all circumstances, has a fortune to begin with. Economy is one of the most essential elements of success, yet most wretchedly disregarded. The old adage, Wilful waste makes woeful want," was never more fully exemplified than in these days when much of the want that now prevails would not exist had care been taken in time of prosperity to lay np something for a "rainy day."

What is needed to-day more than anything else is to instil in the minds of our young men the desire above all to build up a character that will win the respect of all with whom they may come in contact, and which is vastly more important than a great fortune.

HENRY CLAY SLASHES ACCOUNTS

Disallowed One for \$5,000 and Cut the Others in Two.

Windsor, Jan. 19.—Henry Clay, local master of Essex Connty, ap-plied the axe to the expense bills put in by the plaintiff and defendant in the case of Evans v. Jaffray et al. The suit was the outcome formation of the bicycle

trust in Canada. Mr. Evans' bill for \$335 was cut to \$292. Mr. Jaffray's bill for \$6308, for travelling expenses, hotels, etc., was cut to \$492, the master allowing only \$3 a day for 106 days for hotel bills, and \$174 for travelling expenses. Promoter Johnston's bill for \$5,000 was disallowed entirely

HOW BANWELL WAS TAKEN.

Detectives Met Him Walking on the Street at Kingston, Jamaica.

Toronto, Jan. 20.—A letter was received by the detective department, giving a few particulars of the arrest of Banwell, the defaulting teller of the Crown Bank, at Kingston, Jamaica.

Black and the Pinkerton detective who went with him were walk-ing along a street in Kingston when they saw and recognized their man. Banwell offered no resistance, nor did his wife. They are both quite willing to return without going through the usual legal procedure, but, according to the law of the colony, they cannot be removed until fifteen days after the papers in their case reach the hands of

the authorities there These papers will arive, Sergeant Duncan says, to-day. There is a steamer leaving for Halifax on the 25th, but unless the imperial officer who presides over cases of this kind will consent to waive the time limit, Black and his prisoners will

not be able to return by it. OPPOSED TO OBSERVANCE LAWS.

Ottawa, Jan. 18—Representatives of the Seventh Day Adventists waited on Sir Wilfrid Laurier today and opposed the proposition to pass a Sunday observance law next session. In the first place, they say that the Fourth Commandment of the Decalogue requires that it be observed on Saturday, the seventh day, and that work be carried on as usual on Sunday. To observe both days would be a loss of time. In the second place it is religious legislation, and to such they are opposed. They say that religious practices should not be dealt with by civil law. They take the ground that the keeping of the Sahbath is a religious practice and Sabbath is a religious practice, and therefore Parliament should not interfere, but render unto God the things that are His. The third point which the Gelegation put forward that a Schollegation put ward, that a Sunday observance law would interfere with the em-ployers of labor, who would be fined if they kept their works run-

ning on Sunday.
"We object," they said, "to a Sunday law, because it is legislation against the law of God. That is the principal reason. The law of God makes the observance of Sabbath on the seventh, while it is now desired by Parliament to make it the first day of the week. delegates said they would object as strongly to any legislation affecting the seventh day, as they did to the first day.

THOUSANDS DIE OF CONSTIPATION

THOUSANDS DIE OF CONSTIPATION

No condition causes so many incurable diseases as constipation. It not only prevents the kidneys from eliminating the poisonous wastes, but canses anaemia, stomach trouble and indigestion. Why won't you use Dr. Hamilton's Pills and get cured? This excellent medicine restores normul bowel action in one night. Thousands say so. Your system will be pure and clean, you'll be free from headaches, no more sour stomach—in short you'll have jovial spirits and perfect good health. Dr. Hamilton's Pills are sold everywhere, 25c. a box. Get the genuine.

CHURCH WRECKED BY EXPLOSION.

An explosion of a gas tank wrecked a portion of the Methodist church at Arva, near London, on Sunday evening. Chas. Nethercott, a son of the pastor, and W. R. Westlake, went to the cellar to reprair a lock in the case tank, and repair a leak in the gas tank, and took a stable lantern along. The took a stable lantern along. The leaking gas caught fire from the lantern flame and the explosion followed. Westlake's arm was fractured, and the muscles of his leg torn and his face and hands badly burned. Nethercott had his hands hadly hanned his hands badly burned.

Windsor, Jan. 21.—A two-year-old daughter of Thomas Gignac, farmer, Anderdon township, met death under distressing circumstances yesterday. The child had been given an ear of corn to play with, and unknown to the mother loosened one of the kernels and attempted to swallow it. The kernel lodged in the child's throat and she choked to death in her mother's arms in a few minutes.
