Fatally Burned.

Hamilton, May 15.—A terrible accident occurred last evening on Kelly street, resulting in the probably fatal burning of an aged woman named Mrs. Morton. She was living alone at 93 Kelly street, and how the accident occurred it is difficult to say. It seems that a kerosene lamp exploded. A neighbor heard her screams and went to her assistance. He succeeded in smothering the flames, which enveloped the woman, but not before she was so badly burned that her recovery is impossible.

Muskegon, May 15.—John Jackson, alias Richard A. Arthur, was arrested here MUSKRON, May 15.—John Jackson, alias Richard A. Arthur, was arrested here yesterday, charged with murder. The crime was committed in New York City three weeks ago. Arthur and a young woman named Mamie, or Minnie, Murphy were living together, and Arthur became jealous. He followed the woman and a policeman into a saloon and attempted to induce her to return home with him. She refused, and in his drunken jealous frenzy he stabbed her with a penknife, the blade piercing the jugular vein and causing instant death. Arthur escaped the police, worked his way West, and was at the time of his arrest holding a case in the composing room of the Morning News. He confesses that he committed the deed and will return to New York without requisition papers. He is very penitent and says that he intends to commit suicide. He is but 28 years of age.

PASSENGERS IN PERIL. Narrow Escape of the Steamer Parisian from Being Wrecked.

Quebec, May 15.—The Allan Line steamer Parisian, from Liverpool, narrowly escaped disaster off the banks of Newfoundland. A heavy fog prevailed and the steamer was proceeding cautiously at the rate of six miles an hour, when the lookout sighted a huge iceberg about 40 yards ahead. The engines were immediately reversed, but the steamer ran on a portion of the iceberg to a distance of about twelve feet. For a time the huge ship shivered from the shock and great excitement prevailed on board, a panic being prevented only by the self-possession displayed by the officrs. She lay on her broadside a full minute and Capt. Ritchie ordered all hands on deck and the crew to stand by the boats. The vessel, however, soon settled back into clear water uninjured. Had the vessel been running at anything approximating her usual speed, nothing could have saved her from complete wreck and great loss of life.
