

THE MOORS ARE MASSING

Serious Situation on Morocco-Franco Frontier.

Two Savage Blacks Slaughter Eleven People in Sydney, N. S. W.

MOORS ARE MASSING.

London, Aug. 27.—A serious situation has again risen, according to reports from Marseilles and Toulon, on the Franco-Moroccan frontier. Moorish troops are said to be massing in great numbers in dangerous proximity to the Algerian hinterland and Moroccan tribesmen, it is asserted, are raiding French territory. Instructions are said to have been received at the Mediterranean naval stations directing the French naval authorities to prepare to dispatch artillery and stores to Algeria, while orders for contingents of troops from Algeria and Tunis for the far East have been countermanded. In official circles in Paris, although it is asserted that the situation needs watching, it is thought decidedly improbable that the Moroccan Government intends to conduct hostile operations against Algeria.

TO WATCH THE COREANS.

The Japanese troops urge the sending of troops to Korea. The cabinet hesitates, but a Japanese cruiser has been sent to the vicinity of Gensan.

STEAMER LOST.

Manila, Aug. 27.—The Japanese liner Futami Maru (Capt. Tom), bound from Australia to Manila with a cargo of stores for the American Government, went aground and broke in twain on the island of Mindanao. There were no casualties, but the cargo, baggage and vessel will probably prove a total loss.

BUTCHERED BY BLACKS.

An outbreak of latent savagery in two aboriginal blacks who had lived for years in close association with whites is reported from Sydney, N. S. W. The outbreak resulted in the slaughter of eleven persons.

At Breelong, in New South Wales, the Mawby family offended two natives known as Governor and Underwood, who in revenge broke into the Mawby house, armed with tomahawks and war clubs. In the house were Mrs. Mawby, her two daughters, Grace and Elida; her niece, Elsie Clark, Miss Keane, a school teacher, and three boys, Percy, aged 13; George, 12; and Albert, 9. Of these only the two youngest boys escaped by hiding. After butchering these defenseless people the blacks fled across the country to the Queensland mountains. At Gulung they killed Alex. McKay and his wife, Mrs. O'Brien and her young child at Meruwa, and Kerin Fitzpatrick, an old man, at Mudgee. The mounted police were unable to effect their capture.

ALMOST A MIRACLE.

Strange Case of Kidney Disease Reported in Smith's Falls.

Smith's Falls, Aug. 27.—One of the most remarkable cures ever performed by Dodd's Kidney Pills was that of Mrs. George Barnes, of this town. Mrs. Barnes was afflicted with Fomies Weakness and Urinal Trouble resulting from Kidney Disease. The disease had also a serious effect on her senses of sight and hearing, for at times Mrs. Barnes would be exceedingly deaf and short-sighted.
Mrs. Barnes gives an account of her case for publication: "I have consulted a doctor," she writes, "who gave me medicine that seemed to make me worse at times. I was told of Dodd's Kidney Pills, and I got one box. I have used part of the box and am completely cured, and strange to say both my hearing and eyesight are now unaffacted."

Patron Speakers Support the Member for Frontenac County—Political Notes.

Kingston, Aug. 26.—A meeting in the interest of Mr. D. D. Rogers, M.P., Independent (Patron) candidate in Frontenac, was held at the courthouse yesterday afternoon. There was a good attendance of farmers. The principal speakers at the meeting were: Patron President Mallory, of Cobourg, and Mr. Rogers. The chair was occupied by Mr. Edward Milton, of Pittsburg township, who announced that the meeting was called to ratify the nomination of Mr. Rogers as the Independent candidate in Frontenac. He claimed that the farmers had been hewers of wood and drawers of water for others for 21 years. "One party is just as bad as the other; it's party, party, party everywhere with them. We, as farmers, want some of the plunder, too, if there is any." The nomination of Mr. Rogers was ratified.

COAL EXPORT TRADE.
New York, Aug. 27.—The Journal of Commerce says: Current reports of coal export trade prospects seem to be considerably exaggerated.
