Up to date it is estimated that 1,000 deer have been killed in the Maine woods the present season, the hunters being mostly from other States. So rapidly does lung irritation spread, and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay, get a bottle of Bickel's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung disease.

By the game laws of New Hampshire no individual is allowed to kill more than fifteen partridges in one day.

PRESBYTERY OF LONDON

Proceedings at Yesterday Afternoon's Session at First Presbyterian Church.

The session of the Presbytery of London opened yesterday morning in the First Presbyterian Church, was continued yesterday afternoon. Considerable business of importance was transacted. The presbytery adjourned, to hold its next regular meeting at Knox Church, St. Thomas, on the second Tuesday of January, at 11 a.m.

It was agreed that the presbytery's roll for election of commissioners to the General Assembly be altered as follows: The No. 8 be Appin and North Elfrid; No. 28 be Duff's Church, Dunwich, and S. Elfrid, and that Chalmers Church, Dunwich, and McBride's Church, Southwold, be No. 31, at the foot of the roll.

The presbytery relieved the statistical committee from preparing a report this year, and the committee was discharged.

The convenor of the Sabbath school committee brought in a recommendation that the system of systematic visitation of the Sabbath schools within the bounds be carried out by the ministers. The convenor (Mr. Barnett) moved, seconded by Mr. Courtney, that the system of systematic visitation of the Sabbath schools within the bounds be carried out by the ministers. The motion was carried. The clerk intimated that it was Rev. J. M. Stewart who desired his resignation for leave to retire from the active duties of the ministry on account of impaired health, and also to be placed as an annuitant on the roll of the presbytery.

Rev. J. M. Stewart submitted the report of the committee appointed to confer with St. George's Church officers regarding their financial standing. The report indicated considerable increase in contributions for the support of ordinances, and recommended that the presbytery commend the work to the continued liberality of St. Andrew's Church. The report was adopted, and Rev. Thos. Wilson appointed to Rev. D. T. Elgin, licentiate. The call was very unanimous, and signed by 89 members and 138 adherents of Duff's Church, and 50 members and 70 adherents of South Elfrid. The call was sustained, and in case of acceptance, the moderator and clerk were authorized to appoint subjects for ordination trials, the presbytery to meet at Duff's Church on Tuesday morning, Dec. 11, at 10 o'clock, to hear the trials, and should they be sustained, proceed to ordination at the same place at 2 o'clock p.m.

The clerk was instructed to certify to the senate of Knox College Mr. J. A. Williams as a student in first year of theology.

Rev. J. H. Geddes asked for power to grant certificates of membership to the remaining members of the East Williams Church, and also to call a meeting of the members to dispose of the property. Mr. J. G. Stuart, who was appointed to confer with the clerk and Mr. Geddes in the matter, submitted the following recommendations, which were, on his motion, adopted: That the presbytery appoint Mr. Geddes to give certificates to those desiring to join other churches; and that Mr. Geddes call a meeting of the former members of East Williams congregation, who shall arrange for the sale of the property and the disposal of the funds.

A petition was presented by a number of members and adherents of the Southwold Church, asking to be allowed to arrange the services in the new congregation as they desired. The committee appointed to consider the petition recommended that the services at Lawrence be continued as at present, until the settlement of a minister; and that thereafter services at Lawrence be once a week, and all other services there or elsewhere within the bounds of the two congregations be left to the decision of the joint sessions of Chalmers Church, Dunwich, and McBride's Church Southwold. The report was adopted.

Dissolution of Partnership.

The partnership heretofore existing between John S. Brown and R. C. Brown, shoe merchants, at 145 Dundas street, under the firm name of "J. S. Brown & Co." has been dissolved, and John S. Brown has entered into partnership with his brother, Frank A. Brown, under the firm name of "Brown Brothers." This firm will open their new Boot Shop, 152 Dundas street, adjoining Strong's Drug Store, on or about Dec. 1. In the meantime Mr. Jack Brown (the name he is better known by) will be at the Bargain Shoe Store, where he will be pleased to meet his friends who may require Footwear that can be recommended and at prices extremely low. It is not old, shelf-worn stock one is getting when purchases are made at that store, but new, up-to-date, reliable Footwear; and while the present stock lasts, Boots and Shoes will be sold at a lower figure than ever known in London before for such goods, as a complete clearance must be made before moving. SANITARIUM FOR CONSUMPTIVES

(Continued from page 7.)

and in any event sanitariums would save the lives of the families of those afflicted.

"We simply call it a movement for sanitarium or homes in which there will be a prospect of recovery for the three or four hundred consumptives at present in the county of Middlesex," Dr. Bryce said. He stated again that the purpose was to do something for the people of limited means, at a period when that effort would be effective. The doctor referred to the splendid system of sanitarium in Germany. He said the idea of the sanitarium was the same as every citizen tried to carry out in his own home—warm, light houses, an abundance of food and clothing and regulations of life after common-sense methods. If private houses fulfilled these conditions in practice, there would be no need to discuss the subject of sanitariums.

Dr. Bryce outlined the government bill. Whenever the council of any city or municipality, or combination of municipalities, desire to erect a sanitarium, they will submit at the annual election a bylaw, asking for a certain grant to be set apart by that municipality for this purpose. If that money is granted—and we will suppose for practical purposes that \$20,000 is required in the county of Middlesex for such an institution—the grant will be no more, practically, would be necessary, because benevolent persons, seeing the good being done, would erect a cottage here and there, enough to keep up with the growth of any requirements that might be made, and besides, if we had our sanitarium thoroughly at work, our cases would be diminished. Suppose a bylaw is submitted in this matter for \$10,000, on the understanding that the government will give \$4,000, or up to 25 per cent of what is expended by the municipality. If you wish to expend more, the government is limited to \$4,000. The speaker stated that the government would pay \$150 per week for every patient until cured or deceased, and required the municipality to pay another \$50, giving only \$2 per week at the outside to be provided by friends, lodges or private means. Dr. Bryce outlined the sanitarium treatment, the chief feature of which is keeping the patient constantly in the fresh air. He concluded with an appeal to the people of the city and county to work aggressively for the securing of a sanitarium.

Dr. C. T. Campbell, after heartily endorsing the sentiments and statements of Dr. Bryce, moved the following resolution, which was seconded by Peter Elson, and unanimously carried: "That we here present form ourselves

FOOD FOR ATHLETES

Rebuilds Brain and Muscles.

A young athlete, commenting on the need of well selected food to build up a man after over-study, says: "Two years ago I returned home from the university with my health quite run down from over-study and severe athletic training. I needed a good rest to put me right; but instead of taking it, I went to work in an office with very confining duties."

"My health grew no better; I felt unwell, and at night would lay awake several hours before sleep would come. The appetite was gone entirely. One morning a new dish appeared on the table, Grape-Nuts with cream. We all thought it an excellent food, and I not only enjoyed breakfast that day, but dinner and supper as well."

"This rather surprised me. Since that I have made the food a regular article of diet. I keep a box on hand at the office and often lunch on Grape-Nuts and cream instead of going home to dinner."

"Although it was in the summer when I started the use of the food, it was not long before I had gained 15 pounds, and I know it is from the use of this food that I can stand so well the indoor work. My health is now perfect; sleep sound and enjoy my meals, but find I do not need to eat so much volume of other food while eating Grape-Nuts."

"A short time ago I thought Grape-Nuts were commencing to disagree with me, but found it was because I was eating more than you recommended. I simply ate too much at a time and more than the system required. When I returned to the regular 'feed' of four heaping teaspoons, the trouble for the food returned."

This young man is a member of quite a famous family. He requests that his name be omitted, but the same can be furnished by application to the Postum Cereal Co., Limited, Battle Creek, Mich.

Fit-Reform and Its Mission...

Fit-Reform was produced to fill three wants.

First—To give tailor-made clothing at ready-made cost.

Second—To give tailor-made style and fit without tailor-made delay.

Third—To do away with tailor-made guess work as to how a piece of cloth will look when made up.

Fit-Reform is not merely a name. Its name is useful only to distinguish it from make-shift clothing.

Fit-Reform led the way to good clothing ready made. It still leads where other branded clothing is unsettled and uncertain, following an idea without the experience to carry it out. Fit-Reform has passed through the primary grades and stands at the head of the ranks of the best.

Suits and Overcoats—\$10, \$12, \$15, \$18, \$20.

Trousers—\$3, \$4, \$5, \$6.

into a local association, to be affiliated with the central association in Toronto, for the purpose of assisting in the distribution of literature in regard to the contagious nature of consumption and the means to be taken in regard to isolation in its treatment, and the a nomination committee appointed to select "three to be chosen, as far as possible, from different portions of the county, the committee to consist of the following: The mayor, the warden, Charles Taylor, chairman of the board of health, Messrs. P. Elson, C. C. Hodgins, Sheriff Cameron, T. Coffey, Ald. Winnert, Mrs. Niven, Moorhouse, English and Balfour, with power to add."

Sheriff Cameron moved, seconded by Mr. C. F. Compain, "That having heard the lengthy and convincing argument in regard to this, the most dreaded and destructive disease of the present day, we heartily approve of the advisability of the erection of sanitarium for the isolation and more successful treatment of the many sufferers from consumption; and we urge upon the city and county councils that active steps be immediately taken for the establishment of a sanitarium for this city and county." This resolution was also adopted.

Warden Murray and County Councilors Elson, Hodgins and Grigg, who were present as representatives of the county council, spoke briefly, expressing their hearty approval of the movement, and venturing the statement that the county would be found ready to meet the city half way in working for the securing of a sanitarium.

Rev. Dr. Saunders, Rev. Canon Dann, Mr. Thomsen Coffey, Mr. Chas. Taylor, ex-Mayor J. W. Little and Medical Health Officer Hutchinson all spoke vigorously in support of the project. Letters of regret at their enforced absence were received from Sir John Carrington, C. S. Hyman, M.P., and each expressed their hearty sympathy with the objects of the meeting.

After votes of thanks had been tendered Dr. Bryce and Mayor Bunnell, to the former because of the able manner in which he had laid the subject before the meeting and to the latter, for the efficient manner in which he had presided, the meeting dispersed.

A CURE FOR RHEUMATISM—The intrusion of uric acid into the blood vessels is a fruitful cause of rheumatic pains. This irregularity is owing to a deranged and unhealthy condition of the liver. Anyone subject to this painful affection will find a remedy in Farmer's Vegetable Pills. Their action upon the kidneys is pronounced and most beneficial, and by restoring healthy action, they correct impurities in the blood.

Kidney neck shields are now worn in Sunny weather by the London police force.
