WOODS' FAIR

SOME EXTREMISTS AMONGST BOERS

Are Irreconcilable But Few in Numbers.

DISCOURTESY OF CHAMBERLAIN

Was Depreciated by Many of the Delegates—The Scheme of Settlement.

London, Feb. 12.—The Times' correspondent at Springfontein says the line of cleavage in the ranks of the Boer extremists who waited on Mr. Chamberlain on Friday has been clearly defined. The irreconcilables, as a result, are reduced in numbers. A memorial is being signed deprecating the lack of courtesy shown Mr. Chamberlain by some of the delegates, and will be forwarded to him at Cape Town.

The scheme of settlement of compensation does not meet with complete favor, however, even among the loyalists. Local magistrates, who will be commissioners to carry out this plan, have carried many complaints, and in some cases have proved incompetent. The resident magistrate in outlying districts, says the correspondent, is an ordinary inhabitant. The British Government, therefore, should exercise the utmost care in selecting them. It is no use preaching conciliation if the administration of the law in the outlying districts is constantly subjecting the inhabitants to petty annoyances.

Land for the Veterans.
Toronto, Feb. 12.—The Veterans' Location and Colonization Association has examined 450,000 acres of land in New Ontario, from which they have selected for veterans 104,000 acres, and are now distributing the formal certificates issued by the crown lands agent.

THE TURK IS ON THE DEFENSIVE

So He Says, But Bulgaria Gets Ready.

THE PROGRAMME OF REFORMS

Drawn Up by Russia and Austria Are Acceptable to the Other Great Powers.

London, Feb. 12.—The Times' Sofia correspondent reports that assurances have been received by the Bulgarian Government through the medium of one of the great powers that the Turkish military preparations are of a purely defensive character. The large number of Turkish troops already concentrated at various points close to the eastern frontier. These include 1,500 cavalry and 4,000 infantry at Mustafa Pass, which commands the railway leading from Turkey into Bulgaria.

THE REFORMS.
The Vienna correspondent of the Times says it is thought certain in the Austro-Russian capital that all the powers will agree to the Austro-Russian programme for reforms in Macedonia. This programme will constitute broad framework well calculated to spare the susceptibilities of the powers and to prove acceptable to Turkey, while affording the Bulgarian Government some guarantee of substantial improvement of the situation in Macedonia. Fortunately there is reason to believe that Germany will keep in step with the other powers, and advise the Sultan to accept the proposals, which are manifestly concerned with the interests of Turkish territorial integrity.

BULGARIA PREPARES.
Sofia, Bulgaria, Feb. 11.—The Government is contemplating calling out two army divisions, Sofia and Philippopolis furnishing one each. The concentration of Turkish troops on the Bulgarian frontier is given as the reason for this partial mobilization.

MATCHED PENNIES FOR \$1,000 A TOSS

Pittsburg Man Gambles Away One Million in a Year.

HAS THE RECORD FOR PLUNGING

Checks Poured Into the Gambling House So Fast That They Could Not Collect Them.

New York, Feb. 11.—A compromise payment of \$115,000 to David C. Johnson, the well-known sporting man in this city, has revealed the fact that young Theodore Hostetter, New York and Pittsburg millionaire, had lost \$1,000,000 in the year preceding his death in a Park avenue gambling house. Mr. Hostetter died in this city last August in a Park avenue sanitarium. Johnson denied today that the \$115,000 was entirely a gambling debt. In part he said it was borrowed money. Stubs in Hostetter's check book show that of the lost million \$620,000 had been paid to Richard Canfield and John Daly, whose houses here young Hostetter frequently patronized. Richard Canfield had 10 U. S. signed by Hostetter amounting to \$36,000 when the young man died. On the day after his death Canfield went to the home of the widow at 5 East Seventy-third street, and demanded payment.

Johnson's acquisition of nearly \$750,000 from a single patron within the space of a year makes Richard Canfield's winning of \$70,000 from young Hostetter insignificant. Indeed Hostetter's experience established a record in this country at least for high losses. Hostetter's checks poured in on Johnson so fast that he did not have time to collect them all before the young millionaire died unexpectedly from an attack of pneumonia. He was over \$500,000 to the good, but there still remained uncollected a promissory note of \$10,000 and checks for \$70,000 and \$20,000 and \$15,000. Executors discovered that Johnson already had been paid over \$500,000 for gambling debts. Johnson insisted on payment, and brought suit. Rather than have the dead millionaire's gambling habits aired in court his family instructed the executors to effect a compromise. This was done.

"If Theodore Hostetter lost \$1,000,000," said Johnson, "I don't know anything about it. Young Hostetter was the nervous plunger I ever saw, and you may say the luckiest as well. I became acquainted with him eight years ago and became his representative in his sporting matters. I have matched pennies with him at least a dozen times, and he has won every one of them."

The Story of Morning Tiredness
is told by impure blood, poor digestion, sluggish liver and tired nerves. It is a warning of very serious trouble ahead, and should prompt sensible people to take a bracing tonic like Ferrozone, an energizing and invigorant and restorative. Ferrozone will give you a sharp appetite, promote good digestion and sound sleep; it will feed and energize the enfeebled organs, strengthen the nerve and vital forces and regulate the heart. It restores changes that tired feeling into vigor, strength and ambition, and does it quickly. Remember the name, and insist on having only Ferrozone; it's the best tonic made. Price 50c per box, or six boxes for \$2.50, at druggists or C. C. Polson & Co., Kingston, Ont.
Hamilton's Pills Cure Constipation.

Big Gas Flow.
Chatham, Ont., Feb. 12.—A great flow of gas has been struck on the celery farm of E. H. Dunkley at Essex. Mr. Dunkley was boring for water and struck the gas at a depth of 100 feet. A 28-inch casing has been put in, and the gas is now laid on to the house. The gas flow is very strong, and the question is being debated as to whether piping will be laid to the cottages in the vicinity. The gas strikes are abundant evidence of the hidden wealth underlying the surrounding country.

Arm Caught in Shredder.
Chatham, Ont., Feb. 12.—Zeyr Emery, of Dover, a brother of Nelson Emery, of the firm of Thomas Stone & Sons, was caught in the shredder yesterday at 12 o'clock. He was shredding corn on his own farm when in some unaccountable manner his hand became caught in the shredder. Before the machine could be stopped his arm was drawn into the shredder and he was badly injured. Doctors were summoned, and when they arrived at the scene the machine could not be stopped from the shock and loss of blood. The hemorrhage was stopped, and Mr. Emery was brought into the hospital. It was found that the arm was severed near the shoulder. He is now in the hospital, and it is expected that he will do as well as can be expected.

Anxious for the Stanley.
Ottawa, Feb. 12.—The department of marine makes no secret of its anxiety as to the safety of the Government steamer Stanley, which is stranded in the Straits of Northumberland. There is no definite information as to her present position, and the department fears that she may be seriously damaged. There would be no difficulty, of course, in getting off the crew in safety.

Typhoid at Ithaca.
Ithaca, N. Y., Feb. 12.—President Schuman addresses at the Cornell University today upon the typhoid fever epidemic now raging in Ithaca. Among the students there are, he said, 62 cases receiving treatment in Ithaca, of which only seven are considered serious, while between 150 and 200 students have been sent to their homes upon the appearance of symptoms. The above is the latest marked decrease in the number of new cases, and it is hoped the epidemic is under control.

Stanton Appeals.
Buffalo, N. Y., Feb. 12.—Daniel V. Murphy, who defended Ernest Stanton of Hamilton, addressed the jury for murder in the first degree, in shooting Edna Conrad, alias Frieda McGregor, filed notice of appeal this afternoon in behalf of Stanton from his conviction of the crime of murder in the second degree and from the sentence of life imprisonment, which the defendant is now serving. Copies of the notes were served upon County Clerk Price and District Attorney Coatesworth. It states that the order of Justice Stover, made on Jan. 17, denying a new trial in the case, will be brought up for review.

C. P. R. Land Taxation.
Winnipeg, Man., Feb. 12.—The first step has been taken at the instance of the Dominion Government to determine the liability of the C. P. R. to taxation on their land grant. Notwithstanding the fact that some of the lands have not been patented for more than 20 years, Messrs. Howell, Mathers & Howell, by the direction of the Dominion Government, have filed their statement of claims against the C. P. R. The question to be argued differs slightly in each of the three cases, but the main question is the same, namely, whether the lands are liable to taxation, and the C. P. R. contending they are not.

Blizzard Causes Death.
St. Johns, Nfld., Feb. 12.—Four more deaths, due to the recent blizzard, are reported today. The first train for the north was delayed today. The railway track is still delayed by heavy snow drifts.

The opening of the Legislature has been postponed from Feb. 19 to Feb. 25, owing to the delay in the departure of the Governor, Sir Cavendish Boyle, from England. He was detain-

THE MINERS' UNION IS IRRESPONSIBLE

Counsel for Operators Say They Should Be Organized.

UNION CAUSE OF LAWLESSNESS

They Say It Is Altogether Unfit to Control the Working of the Great Anthracite Industry.

Philadelphia, Pa., Feb. 12.—Counsel for the coal operators yesterday continued to arraign the miners' union in their arguments before the anthracite strike commission. Independent operators of the Lehigh, the Wyoming and the Lackawanna regions held the attention of the commissioners for the greater part of the day, the proceedings concluding with the presentation of the Reading Company's argument by Simon H. Wolverton, the company's chief counsel. In nearly every case the attorneys charged President Mitchell with responsibility for the alleged lawlessness during the strike, and the union was characterized as an irresponsible organization, whose members were beyond the control of the leaders. Mr. Wolverton strongly urged the incorporation of the union, and charged that it was unfit to control the anthracite industry because boys are numbered among its members. Samuel Dickson argued the case of the Lehigh Coal and Navigation Company, G. B. Markle & Co., and other independent operators in the Lehigh region. He defended the attitude of the Markle Company, claiming the firm was justified in the strike it took against its men when the strike was declared off, because it had not been a party to the correspondence resulting in the appointment of the commission.

Attorney H. C. Reynolds presented further argument for the operators in the upper region. He dwelt upon the dangers attending coal mining, and asked the commission to make a finding that contract miners be required to remain in their working places during all their shifts. Mr. Reynolds said there were many reasons why the miners should not be awarded an eight-hour day. Storms, accidents to machinery and holidays, he said, combine to reduce the coal production, and during the year the average working day is not more than eight hours.

Others who presented arguments were J. B. Kerr, representing the Scranton Coal Company, and former Judge Alfred Hand, for the independent operators of the Scranton district. The attorneys dealt at some length with the demand of the miners' union for an increase of 20 per cent. in wages. Mr. Gowen criticized the manner in which the demand was made, claiming that the union had no theory regarding the method of the desired increase. He asserted that President Mitchell, when on the witness stand, was unable or unwilling to commit himself as to whether the demand was reasonable. Mr. Gowen declared also that the miners of the Lehigh Valley Coal Company in many cases carried more annually than the standard of wages fixed by the union.

Arm Caught in Shredder.
Chatham, Ont., Feb. 12.—Zeyr Emery, of Dover, a brother of Nelson Emery, of the firm of Thomas Stone & Sons, was caught in the shredder yesterday at 12 o'clock. He was shredding corn on his own farm when in some unaccountable manner his hand became caught in the shredder. CONGRESSMAN JOHN CRITCHER, Indorses Pe-ru-na---Other Letters Reporting Cures.

PE-RU-NA CURES CATARRH.

Hon. John Critcher, Ex-Member of Congress from Virginia, in a letter from Washington, D. C., says:

"I cheerfully recommend your Peru-na to anyone suffering with catarrh or nervousness. Having used it I am convinced it is a good tonic and a most efficacious remedy."—John Critcher.

DURING WINTER SEASON

DURING the winter season the onset of catarrh is often very sudden. It begins like an ordinary cold. It very rapidly fastens itself upon the organ attacked, whether it be the head, throat or lungs, and assumes a stubborn form of catarrh at once.

Upon the first appearance of what is known as a common cold everybody should immediately take warning and provide themselves with a bottle of Peru-na. One bottle of Peru-na will do more at the beginning of the attack than several bottles can do after the disease has become thoroughly established in the system.

Peru-na cures the catarrh wherever

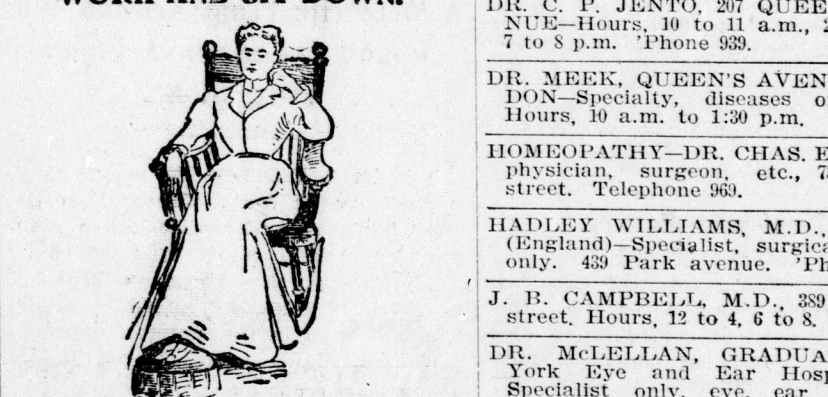

adorns the system, but will sail from England tomorrow.

DR. A. W. CHASE'S 25c.
CATARRH CURE... 25c.
Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the sinuses, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Beware of cheap imitations. Write for free literature. All dealers, or Dr. A. W. Chase, Medicine Co., Toronto and Buffalo.

SEVERE COLDS are easily cured by the use of Rieck's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

Coughs, colds, hoarseness, and croup throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

WOULD HAVE TO STOP HER WORK AND SIT DOWN.

HOW MANY WOMEN HAVE TO DO THIS FROM DAY TO DAY?
MILBURN'S HEART AND NERVE PILLS are a blessing to women in this condition. They cure Nervousness, Sleeplessness, Palpitation of the Heart, Faint and Dizzy Spells, Weakness, Listlessness, and all troubles peculiar to the female sex.

Mrs. James Taylor, Salisbury, N.B., in recommending them says: "About eight months ago I was very badly run down, and was troubled greatly with palpitation of the heart and would get so dizzy I would not be able to get up and sit down. I seemed to be getting worse all the time, until a friend advised me to try MILBURN'S HEART AND NERVE PILLS. I can truthfully say that they do all you claim for them, and I can recommend them to all run-down women."

Price 50c. per box, or 5 boxes for \$2.50; all dealers, or The Milburn Co., Limited, Toronto, Ont.

Queen Insurance Co.

Policies available for security of Queen funds holders, \$50,000,000.

located. Peru-na is not a guess nor an experiment—it is an absolute, scientific certainty. Peru-na has no substitutes—no rivals. Insist upon having Peru-na.

Hon. Philip B. Thompson, Jun., member of Congress from Kentucky, in a recent letter has the following to say of the national catarrh remedy, Peru-na. The letter was written at Washington, D. C., and reads as follows:

"My friends have used your remedy, Peru-na, and I take pleasure in testifying to the merits of your medicine. Besides being one of the very best tonics it is a good, substantial catarrh remedy."—Philip B. Thompson, Jr.

Mrs. W. E. Grissom, of Henry, Ellis County, Texas, writes:

"I took Peru-na faithfully over two months, and the result is a thoroughly renovated system and a strong, buoyant feeling; to say nothing of a cure of the chronic catarrh. Therefore I shall avail myself of every opportunity to speak of Peru-na as a catarrh cure."—Mrs. W. E. Grissom.

Pe-ru-na a Family Remedy.

Mr. William Pfeiffer writes from 900 Bank street, Cincinnati, O., as follows:

Dr. S. B. Hartman, Columbus, O.:

"Dear Doctor—Owing to the fact that I have been troubled with catarrh and was cured by your medicine (Peru-na), I cannot express my thanks to you for the health I am now enjoying. My case of catarrh is one which has been in my system for years before I knew it was wrong. It was going from bad to worse, until tired of it, I went to an institute for treatment. The doctor in charge said my nose would have to be operated upon. Having no confidence in the operation he wanted to perform I at once began to take Peru-na, which is a family remedy. I also followed your directions in the book 'Winter Catarrh,' for which my mother sent, and found relief. Shortly after I suffered with a heavy cold, but recovered from that, and am now very healthy."

"I cannot express my thanks to you for the service your medicine has rendered me, and I recommend it as the best remedy for catarrh, as I am one who has been cured by your medicine."—William Pfeiffer, Jun.

Catarrh is a systemic disease, curable only by systemic treatment. A remedy that cures catarrh must aim directly at the nerve centers. This is what Peru-na does. Peru-na immediately invigorates the nerve centers which give vitality to the mucous membranes. Then catarrh disappears; it is no longer curable.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, and he will be pleased to give you his valuable advice gratis.

Address, Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
