AIR CLEAR AGAIN IN THE FAR EAST

Situation Is Within Scope of Diplomatic Adjustment.

SOUTHERN KOREA FOR JAPAN

Has Definitely Conceded Russia That Point-All Europe Breathes Easier.

Paris, Jan. 9.-Official advices received here this morning further convince those in the highest authority that the Russo-Japanese war crisis has been averted, at least for the present, and that the situation is again brought distinctly within the lines of diplomatic adjustment. Reports, chiefly from Tokio, but also from St. Petersburg, show that the Russian answer actually reached Tokio the night of Jan. 6, and proved to be the turning point Prior to its receipt Japan had been making strenuous preparations for sending two divisions to Southern Korea. The official reports establishing these preparations are beyond the slightest question. But, the note received on the 6th disclosed to Japan for the first time that Russia fully conceded Japan's paramount rights in Southern Korea,

Vienna, Jan. 9.-The Austrian-Hungarian foreign office has received a cable message from Tokio saying Japan has no intention of taking any offensive measures in Korea so long as the negotiations were going on. The officials and diplomats here are hopeful. They believe the chances of peaceable adjustment of the dispute are better, since the Russian answer apparently is more favorable than the early reports suggested.

London, Jan. 9.-The Kobe correspondent of the Daily Express sends a scare rumor to the effect that a collision between the Russian and Japanese fleets had taken place near the Islands of Tzushima, in the Straits of Korea (about midway between Korea and Kiushiu). This rumor is not mentioned in any other source, and in view of the fact that the Japanese Government is exercising a censorship over all news concerning naval matters, it may safely be disregarded. Genca, Jan. 9.—The Japanese armored

peace is very improbable. The Berlin Tageblatt's Paris correspon. respecting Korea, and that those conces-
