Fined for Serious Offence
Before Magistrate Weir in Police Court this morning Delmer Lee, a Hamilton youth, aged sixteen years, was fined \$25 and costs \$5 for making an immoral suggestion to a little girl aged nine. The alternative was one month in jail. A relative of the accused was present in court and paid the fine after extracting a promise from the boy that he would return home to-day to his mother in Hamilton.

The Young Women's Christian Workers' League picnicked at Victoria Park last evening. After the picnic a Sunset Service was held and the talk given by Mrs. Norman Boehmer on "Justification, Sanctification and Glorification" was very interesting and helpful to all present.

Lots of Sand.
A summons was issued to-day against a local resident who drove through the city yesterday dropping a stream of sand through a hole in his wagon. The offender will answer in Police Court for violating the bylaw. "Sandwiches may be scarce but sand seems plentiful enough," said Chief O'Neil to-day as he signed the information.

Cherries Are Ripe.

Dies Wedding Eve.
To die on the eve of her wedding day is the unusually sad circumstance surrounding the death of Miss Florence Edith Love at the Western Hospital, Toronto, after one week's illness from pleuro-pneumonia. To-day she lies in her casket clad in her wedding-dress. Her death came as a severe shock to her many friends, but none will feel her loss more than her intended husband—an American soldier—Pte. Edward H. Herr, formerly of Stratford and now stationed at Camp Hancock, Augusta, Ga., which was to have been the future residence of the bridal couple. Miss Love was a Toronto girl, the youngest daughter of the late Mr. and Mrs. George Love, well-known there. She is survived by three sisters and one brother, Mrs. R.C. Bushard, Mrs. Wm. Peach, Toronto; Miss Anna of Cleveland, and George Love, Seattle, Wash.

Card of Thanks to Helpers
I wish to publicly thank all the assistants who helped me with the Registration during the past week. I received great help from all the School Teachers throughout the Riding, and was also assisted by the Princess of Wales, Queen Anne and St. Quentin's Chapters of the I.O.D.E. and a number of Red Cross workers and my thanks are hereby tendered to all of them.

I wish to thank all the other men and women who helped in this work whether they belonged to any organization or not and I also thank all the manufacturers in Kitchener, Waterloo and Elmira who willingly co-operated in this matter and assisted very materially. I appreciate it very much.

My thanks are also due to Mr. Cullen for the use of his store and to the Merchants and Newspapers and others who opened up booths during the week.

It is quite impossible for me to thank each one separately, so I avail myself of this opportunity to do it publicly.

W. H. Leeson,
Registrar for Waterloo, North.

108th's Weekly Strains
Another ideal band concert was that in Victoria Park last evening. The conditions from several standpoints were all that could be desired. The weather was fine, the crowd was big and the music was superb. The choice program rendered by the 108th as usual drew rounds of applause and encores. In fact every time the efficient organization is heard the musicians seem to excel themselves. The program again contained a number of especially pleasing selections, and this fact coupled with the skilful manner of execution put the musical event on the highest plane. A feature of the band concerts this year which is unusual but which is a sequence of daylight saving is the fact that the greater part of the program is enjoyed while there is still daylight. The audience seems to be disposed to listening to music in daylight.
