MARCHAND IS GENEROUS.

Presents for Patriotic Purpose Prize Awarded Him for African Expedition.

London, June 22.—The Daily Mail prints a despatch from Paris saying that an enormous sum was offered to Major Marchand, the African explorer, to lecture in the United States, but he refused, "as his wants are few."

In connection with this subject Major Marchand referred to the Navy League as an organization formed to place the French fleet on such footing as would insure France against another such painful humiliation as the English and American fleets for an English expedition.

Time For A Change.

Vancouver Ready to Dispense With Her Over-Zealous New Champion.

Move for Reconstruction of Government With Mr. Cotton as Premier.

Two Members of Opposition Would Be Invited to Form Coalition.

From Our Own Correspondent. Vancouver, June 23.—An interview of great political import was secured to-day by the Colonist correspondent from one of the opposition committee to whom Messrs. Cotton and Martin practically owe their position, but the member interviewed stipulated that his name be not mentioned.

The gentleman interviewed was first asked if the people who placed the Vancouver members in power at Victoria, and were responsible for the overthrow of the Turner government, were still satisfied with their creation.

Mr. Martin having lost the confidence and respect of his constituents, and Mr. Cotton having ignored the city's best interests, while Mr. Somin is not sufficiently strong-willed to cut any figures, the great majority of citizens of Vancouver would welcome a change of any kind which would give them decent representation in the provincial assembly.

Mr. Cotton would not resign; that has been ascertained. Therefore there is no use figuring on such a possibility. Mr. Somin might be induced to resign, but this would not help matters unless a moderate man of the sentiments of the description. Then it looks as if the only thing left to do to force Mr. Martin to resign is to force Mr. Martin to resign.

Foraker, of Ohio, is in the city referring to affairs in the Philippines he said: "We seem to have a harder job on our hands in the Philippines than we anticipated. CORONER'S JURY JOKES. Find That Lynched Negro Ventured Too Far Out on a Limb.

Scranton, Miss., June 22.—"We, the jury, find the deceased came to his death by climbing a tree, venturing too far out on a limb and broke his neck," was the verdict of a coroner's jury in the case of Daniel Patrick, colored, lynched here yesterday for an assault upon Miss Bessie Ireland. Patrick confessed the crime and begged the mob to shoot him. He evidently feared burning at the stake. Three hundred of the most prominent men of the city participated in the lynching.

COLUMBUS, S.C., June 22.—News comes from Conway, Horry county, that negroes attempted to lynch a white youth named Sam Dowe, who killed a negro named Green. The negro ran into Dowe's bicycle and the killing resulted. Dowe's father drove the lynching party away with a shot gun.

Pay of the Postmen.

Col. Prior Draws Attention to Hard Conditions in Victoria Service.

Postmaster and His Assistant Promised the Increases Long Overdue.

Declaimers Against Private Cars Now Regularly Touring in Them.

From Our Own Correspondent. Ottawa, June 23.—The whole of to-day's sitting was taken up in committee of supply on the supplementary schedule for the growing practice of travelling in private cars, a practice they severely condemned when in opposition. Sir Wilfrid Laurier admitted that he travelled in a private car, but insisted that he is still a democrat up to the hilt.

Col. Prior elicited from Mr. Mulock a statement that the civil service act makes the increase of postmasters' salaries in proportion to receipts mandatory, not permissive. Col. Prior then mentioned the case of Postmaster West, who is receiving only \$2,000 a year, although under the act the revenue of the office, \$32,000, entitled Mr. Shakespear and his deputy, Mr. Cairns, to increases.

Mr. Mulock said his attention had not previously been drawn to the matter. Col. Prior was surprised at this statement, as he knew personally that a letter had been sent to Mr. Mulock on the subject.

Col. Prior strongly urged the procuring of a new steamer for lighthouse service in British Columbia, so that the Quadra could be kept to look after smuggling. Sir Louis Davies said the revenue service has been very expensive, and he hesitated to incur any additional expense. The purchase of a new steamer, however, was under consideration.

Mr. Foster brought out the fact that the 200 mounted police and military in the Yukon cost the country an average of \$5,000 each last year.

A TOUGH CITIZEN HANGED.

Went to Scaffold With Curse Upon His Lips—His Sisters' Excuse for Him.

Hamilton, June 23.—Ben Parrott, jr., was hanged on the scaffold here this morning. Parrott yesterday signed a statement saying he was sorry for having murdered his mother and asking forgiveness. He hoped his end would be an example to all young men to avoid intoxication and lead sober and industrious lives. Just before leaving his cell Parrott, cursed the policeman who arrested him, and asked for brandy, which was given him. His last words were "Give me a chery of tobacco." He damned the hangman on the way to the scaffold.

Buffalo, June 23.—Benjamin Parrott, who was hanged in Hamilton this morning, has relatives in this city. His two sisters, Miss Parrott and Mrs. Parke, called at a local newspaper office to-day to make a statement regarding the alleged injustice of their brother's execution. Miss Parrott returned from Hamilton to-day. She saw her brother last night. "My brother should not have been hanged," said Miss Parrott. "He has suffered from convulsions ever since he was a child and never was responsible for his actions. Another thing is that he did not have a fair trial. If he had he never would have been executed. He was not allowed to produce all his witnesses or he might have proved his innocence. My brother came from a good family and did not receive fair treatment from the Canadian authorities."

FEVER AT SANTIAGO. Four Deaths Among American Soldiers and Eighteen Cases in Hospital.

Santiago de Cuba, June 22.—In consequence of the outbreak of yellow fever, the garrison of United States troops here has been removed to the old Spanish barracks to a comfortable camp in the hills on the road to El Morro.

Thus far four soldiers have died from yellow fever and there are 18 cases in the hospital. One civilian has died from the disease, and there are three civilian suspects.

Four companies of the Fifth infantry are the only troops here at present. All have been disinfected on the new fumigating ship.

"Madame Dreyfus has not arrived but everybody expresses the greatest sympathy with her. M. Basch, the Jewish gentleman who has placed his house at her disposal, is terrified at the rancor of the anti-Dreyfusites. I had the greatest difficulty to persuade him to speak. He says his house is watched day and night and that he and his wife have been in hiding for several days. He has had to challenge a local editor to fight a duel. The editor, however, prefers to make an apology.

M. Basch's apprehensions are mainly for Captain Dreyfus. His name is mentioned in the Patriot League will attempt to assassinate him. He says the procurator-general has gone on a mysterious mission to-day which M. Basch believes to mean the arrival of Dreyfus. Several members of the league are already here, and M. Drumont, editor of La Libre Parole, is expected to-night.

London, June 22.—The Vienna correspondent of the Daily Telegraph says: "The Austrian war office has learned that the evidence of M. Casimir Perier upon the Dreyfus case will be startling. It will be shown that he holds the key to the affair which has hitherto been withheld to prevent a serious conflict between Germany and France. M. Casimir Perier will depose that a German official of high social and military rank confidentially gave him information which led to the arrest of Dreyfus, but stipulated silence as to the informant's name. Now Casimir Perier will declare all."

GERMAN-AMERICANS HOSTILE. Object to Being Classed as Anglo-Saxons and to Anglo-American Union.

Detroit, June 22.—German-Americans of Detroit in mass meeting assembled to-night in the most radical terms declared hostility to an American-English alliance of any sort, and protested against any characteristic of the American people as Anglo-Saxons. The anti-union contained an audience of nearly 3,000, many of them delegates from the more than seventy German church societies and lodges.

WARLIKE MOVES AT THE CAPE.

Business at a Standstill in Expectation of Some Decisive Action by the British.

By Associated Press. Bloemfontein, Orange Free State, June 23.—The Volksraad of the Orange Free State has voted \$9,870 for the increase of artillery, tents and other military supplies. A motion was adopted directing the government to adopt the Mauser rifle as the national weapon. A proposal to vote \$22,500 for ammunition was discussed, but the debate was adjourned.

Trade with Capetown and Johannesburg is at a comparative standstill. The Germans who are in sympathy with the Transvaal are holding meetings at which they adopt resolutions requesting Germany to intercede in behalf of Pretoria.

London, June 23.—Mr. Chamberlain in the House of Commons to-day denied that the government were reinforcing the British troops in South Africa to a total of 40,000 men. The Shropshire regiment has been ordered to hold itself in readiness for immediate embarkation to Capetown.

London, June 23.—A despatch from Capetown to the Outlook says: "The tension is extreme. Business is at a standstill, and the general feeling is that England must promptly bring matters to an issue. The League will have no difficulty in preventing meetings supporting Sir Alfred Milner's attitude in the desire being to refrain from embarrassing the Imperial authorities.

"The Orange Free State government is urging the Transvaal to make further concessions. Many people consider the franchise useless without the granting of twelve seats in the mining centres, and the right to speak English in the Volksraad, otherwise it will be impossible to select representative men. Failing these concessions the Johannesburgers say they prefer a treaty joining security and judicial reforms."
